**Rousseau, Kant, Goethe** Ernst Cassirer, 1963 Rousseau, Kant, Goethe ; Two Essays. Trans. from the German by James Gutman, Paul Oskar Kristeller, and John Herman Randall Jr. Introduction to the Torchbook Edition by Peter Gay Ernst Cassirer, **Rousseau, Kant, Goethe** Ernst Cassirer, 1963 **Tradition and the Deliberative Turn** Ryan R. Holston, 2023-03-01 This book changes the narrative regarding democratic deliberation It does so by bringing to bear insights into the nature of morality and discourse associated with one of the twentieth century s foremost philosophers of history Hans Georg Gadamer Tradition and the Deliberative Turn thus reframes the discussion about deliberative democracy with a robust historical sensibility which has largely been missing from this conversation Gadamer s rehabilitation of tradition shows how the concrete ethical life does not merely occlude but also facilitates moral understanding providing a particular vantage point from which we perceive the world What other scholars have overlooked is that such a perspective is therefore always limited Drawing on Gadamer s practical philosophy an underappreciated element in his corpus Ryan R Holston argues for the need to cultivate these historically rooted and local relationships and the shared meanings to which they give life History of Political Thought Jeffrey Bercuson, 2020-11-17 A History of Political Thought analyses market society by surveying the ideas of its most perceptive thought provoking observers critics and defenders from ancient Greece to the present day *Hegel, Kant and the Structure of the Object* Robert Stern, 2002-09-11 Hegel s holistic metaphysics challenges much recent ontology with its atomistic and reductionist assumptions Stern offers us an original reading of Hegel and contrasts him with his predecessor Kant Being as Symbol Stephen M. Fields, 2000-12-13 One of the most important

theologians of the modern era Karl Rahner is best known for his efforts to make Christianity credible in light of the intellectual questions of modern culture Stephen M Fields SJ now explains how Rahner developed his metaphysics as a creative synthesis of Thomism and the modern philosophical tradition Focusing on Rahner s core concept of the Realsymbol which posits all beings as symbolic Fields establishes the place of the Realsymbol in philosophical theories of the symbol He particularly concentrates on those key aspects of Rahner s metaphysics his theories of finite realities and language that have received insufficient attention By examining a wide range of Rahner s works in the context of twelve medieval modern and contemporary thinkers Fields locates the origins of this seminal thinker s metaphysics to an extent never before attempted He notes the correlations that exist between the Realsymbol and such work as Aquinas s theory of the sacraments Goethe s and Hegel s dialectics Moehler s view of religious language and Heidegger s aesthetics Through this analysis Fields reveals the structural core of Rahner s metaphysics and shows how art language knowledge religious truth and reality in general are all symbolic Being as Symbol opens new perspectives on this important thinker and positions him in the broader spectrum of philosophical thought *Retrieving Liberalism from Rationalist Constructivism, Volume I* Walter B. Weimer, 2022-05-07 This

first volume *History and its Betrayal* traces the development of major themes of liberalism from the increase in human population beyond the limits of the face to face society of tribalism and small groups up until the present day It shows that the principles underlying liberalism are the evolutionary development of social organizations that have resulted from the complexity of human action rather than any conscious design or purpose This book draws out the differences between the classical liberalism dependent upon spontaneous and tacit ordering as a result of evolution and the explicit or conscious or directed version of progressivism It shows that the most important recent developments in the philosophy of rationality and the methodology of scientific research as well as in evolutionary epistemology and the philosophy of biology actually stem from the theories of complex social organization of the moralists such as Hume Ferguson and Smith The book shows clearly that classical liberalism was never refuted indeed no attempt to do so has been offered it has simply been ignored in favour of programs which sound beneficial and soothing but which cannot be instituted without returning to tribalism

**Modernism, Nationalism, and the Novel** Pericles Lewis, 2000-04-24 In *Modernism Nationalism and the Novel* first published in 2000 Pericles Lewis shows how political debates over the sources and nature of national character prompted radical experiments in narrative form amongst modernist writers Though critics have accused the modern novel of shunning the external world Lewis suggests that far from abandoning nineteenth century realists concern with politics the modernists used this emphasis on individual consciousness to address the distinctively political ways in which the modern nation state shapes the psyche of its subjects Tracing this theme through Joyce Proust and Conrad amongst others Lewis claims that modern novelists gave life to a whole generation of narrators who forged new social realities in their own images Their literary techniques multiple narrators transcriptions of consciousness involuntary memory and arcane symbolism focused

attention on the shaping of the individual by the nation and on the potential of the individual in time of crisis to redeem the nation     *A Primer on German Enlightenment* Sabine Roehr, 1995 A translation into English of the work of late German Enlightenment thinker Karl Leonhard Reinhold 1757 1823 best known for his interpretations of Kant and whose writings on theoretical philosophy were significant for the development of philosophy after Kant Roehr prefaces the translation with an approximately 150 page analysis of the relevant moral religious political and philosophical thought of the German Enlightenment Annotation copyright by Book News Inc Portland OR
