Packard,2011-09-08 The Film Novelist is the first primer on writing film novels whether you are a beginning novelist a seasoned writer wanting to cross over into script novel writing or a creative writing teacher looking for proven ways to launch new writers So what is the difference between a screenplay and a film novel Screenplays indicate solely what the audience is to see or hear on screen Film novels are short and take about as long to read as a feature film takes to watch The description dialogue and narration of a film novel can simply be lifted out and used as the description dialogue and voice over narration for a script The author has devised a fifteen week program starting from a one sentence pitch to the novel itself which includes filming a scene from your script novel He grounds the discussion of early film novels like The Maltese Falcon Of Mice and Men and The Misfits to provide historical and theoretical background while detailing the practical sequential approach for completing a short novel and script Catalog of Copyright Entries Library of Congress.
