We Died With Our Boots Clean Kenneth McAlpine, 2010-12-26 At the age of seventeen Kenneth McAlpine ran away from the Repton school to join Churchill s new elite special force the Royal Marine Commandos As the youngest member of the youngest commando force after three months he found himself fighting on the beaches of Normandy In We Died With Our Boots Clean McAlpine tells his own unique story of World War II and his highly eventful military career From an unusual encounter with Montgomery and Patton a concerted attempt to kill a sergeant major and his best friend s arrest for swearing at the Queen of Holland McAlpine paints a fascinating picture of commando life and the harsh training that prepared soldiers for frontline combat in an elite unit Full of absorbing anecdotes such as his time in a military prison and a rescue operation at a concentration camp this book is an essential part of a World War II enthusiast s library

Decoding a Royal Marine Commando Mark Burchell, 2018-10-25 With a heritage dating back to the mid seventeenth century the Royal Marines have accrued a rich history of rituals artefacts and material culture that is consciously deployed in order to define and shape the institution both historically and going forward into an uncertain future Drawing upon this heritage Mark Burchell offers a unique method of understanding how the Royal Marines draw upon this material culture in order to help transform ordinary labour power to political agency comprising acts of controlled and sustained violence He demonstrates how a barrage of objects and items including uniforms weapons landscapes architecture personal kit drills rituals and iconography are deployed in order successfully to integrate the recruits into the Royal Marines culture It is argued that this material culture is a vital tool with which to imprint the military s own image on new recruits as they embark on a process of de individualisation Having been granted unprecedented access to the Commando Training

Centre at Lympstone as an anthropologist Burchell observed an intake of recruits throughout their demanding and exhausting year long training programme The resulting book presents to the academic community for the first time a theorised in depth account of a relatively unexplored social community and how its material culture creates and reifies new military identities This path breaking interdisciplinary analysis provides fresh understanding of the multiple processes of military enculturation through a meticulous revision of the relationships that exist between disciplinary and punishment practices violence and masculinity narratives and personhood and will explore how these issues are understood by recruits through their practical application of body to physical labour and by the cues of their surrounding material culture

By Sea and Land Robin Neillands, 2004-03-01 This is the story of a fighting force In the words of the marines themselves Robin Neillands formerly of 45 Commando RM describes what it is really like to wear the legendary green beret in peace and in war This vivid account charts the story of the Royal Marine Commandos from their bloody baptism on the beaches of Dieppe to the final yomp into Stanley at the end of the Falklands War in 1982

Royal Marine Commando 1950-82 Will Fowler, 2009-04-21 One of the most prestigious and versatile units of the British armed forces the Royal Marine Commandos were a specialized fighting force serving in many theaters including the Korean War 1950 1953 the Malayan Emergency 1947 1960 East Africa Cyprus Suez Northern Ireland and the Falklands and performing a number of roles from counter terrorism and counter insurgency to conventional combined arms fighting During the period covered in this account conscription to the Royal Marines came to an end and the unit became a professional and dedicated force The author provides a detailed look at the service life of a Royal Marine Commando in a time of great change exploring the developments that took place in recruitment training equipment weaponry dress and tactical deployment in the post World War II period The elite nature of the Royal Marines is maintained by the toughness of the Commando entry course at Lympstone in Devon where successful entrants are awarded the distinctive green Commando beret One major aspect of the course is that squads should work together supporting the weakest members a key ethos that is explored in this fascinating story

Wearing the Green Beret Jake Olafsen, 2012-01-17 With the authenticity of Jarhead and Bravo Two Zero and the straight up narrative of Contact Charlie this military memoir describes what really goes on in the training of an elite soldier and his tours in Afghanistan In 2004 Jake Olafsen signed up for the Royal Marines Commandos He left everything behind at home in Canada on the basis of a spur of the moment decision The Royal Marines have the toughest and longest basic training of any infantry unit in the world For Olafsen this meant eight months of wet and cold in England and Wales It was hell but he came out with the four Commando qualities that the corps look for courage determination unselfishness cheerfulness in the face of adversity Olafsen went on to serve for four years as a Commando in the Royal Marines an elite military unit based in the United Kingdom He went to Afghanistan twice in 2006 he went to confront the Taliban in Helmand Province for six months and in 2007 he was sent to do it all over again His story is filled with good experiences like the sense

of accomplishment patriotism and camaraderie and the opportunity to travel the world But all good things come at a price The sacrifices he made for the Corps are significant he has killed the enemy and he has buried his friends And in telling his story Olafsen hopes that he can make sense of it all This is an honest gutsy story about the mud and the blood the triumphs and the tragedies From the Hardcover edition **Decoding a Royal Marine Commando** Mark A. Burchell,2018 With a heritage dating back to the mid seventeenth century the Royal Marines have accrued a rich history of rituals artefacts and material culture that is consciously deployed in order to define and shape the institution both historically and going forward into an uncertain future Drawing upon this heritage Mark Burchell offers a unique method of understanding how the Royal Marines draw upon this material culture in order to help transform ordinary labour power to political agency comprising acts of controlled and sustained violence He demonstrates how a barrage of objects and items including uniforms weapons landscapes architecture personal kit drills rituals and iconography are deployed in order successfully to integrate the recruits into the Royal Marines culture It is argued that this material culture is a vital tool with which to imprint the military s own image on new recruits as they embark on a process of de individualisation **The Royal Marines** Richard Brooks,2002

Confessions of a Royal Marine Commando David Stanley, 2013-04 Confessions of a Royal Marine Commando A Young Man s Mischievous Journey Into UK s Finest is one of the most inspiring and entertaining stories you will ever read Author David Stanley has pulled off the unique feat of being both funny and inspirational while telling a tale which should give heart to every young kid in the country whose being bullied in the schoolyard or at home The well known advertisements for Commandos state that 99 99 percent need not apply David Stanley always knew that the famous Green Beret the proud symbol of the Commandos would be his British Commandos are admired by military establishments around the world as being the elite of the elite the most highly trained soldiers in history The story of how a height challenged kid who was scared to walk to the local bus stop survived the brutal training regime imposed on aspiring Commandos and became one of the seven chosen out of an initial 50 000 applicants will warm the heart of anyone who has a dream they have been frightened to chase Anyone who reads this book will find themselves belly laughing at Stanley s vividly comical descriptions of the notoriously tough training procedures at the Lympstone Commando Training Centre I wanted to do something different from normal says author David Stanley of why he felt compelled to write Confessions of a Royal Marine Commando I wanted to look at the comical side of things Most military books are very serious but in fact much about military life can be very funny and most soldiers I have known have a great sense of humor

D-Day Commando Ken Ford, 2003 48 Royal Marine Commando began its life in March 1944 and was disbanded in the UK less than two years later in January 1946 In its short but active life it always seemed to be in the thick of the fighting In fact a history of 48 RM Commando is a history of the last year of the war in Europe It participated in the D Day invasion and landed on Juno Beach on 6 June 1944 fought as infantry in the bloody battles for Normandy helped clear the Channel ports undertook a second amphibious landing during the Walcheren campaign raided across the Maas in Holland and then took part in the army of occupation in Germany During the whole of this period it was in almost continuous contact with the enemy It is surprising then that the story of 48 RM Commando has not been made available to a wider audience Apart from a small booklet written by one of its veterans and published in 1946 it has never been the subject of a complete history of its own Based on eyewitness accounts official unit war diaries and published and unpublished sources and supported by a selection of maps line drawings and archive photographs this is a gripping and authoritative history of an elite formation

Royal Marines Commandos John Parker, 2013-02-28 The Royal Marines were originally formed under the auspices of the Royal Navy to guard its sailing ships from harm They are proud of their history and origins but the Navy heritage is fading John Parker charts how the units have moved away from their nautical beginnings to develop over time into the most versatile force in the British military

containing one of their most elite brigades The Royal Marines Commandos have over the past few years developed into the premier fighting organisation on land sea and air This history deals with events associated with the Royal Marines and subsequently in their commando role starring in all major conflicts including Italy Malaysia the Borneo confrontation with Indonesia and more recently Afghanistan *Marine Commando* Raymond Mitchell,1988 **Royal Marine Commando 7 Exercises** Simon Cook,Tony Toms,1977
