colonial policy it emerged after the closure of the mission as primarily sugar plantations functioning profitably off the brutal exploitation of black slaves as labourers Starting in the late eighteenth century Couva was one area where the Spanish government granted land to immigrant planters to grow crops Due to its fertile soils the planters mostly cultivated sugarcane Couva sprang up as a new community called Exchange Village quite different from the Catholic mission around St Paul s Roman Catholic Church post emancipation until today when it has become Trinidad s industrial capital based on a vibrant petrochemical industry Couva has evolved both culturally and dynamically over the years contributing to its rich culture history and heritage This brief historical account of old Couva covers pre Columbian times through the period of Spanish rule from 1498 to 1797 the year when the British seized control of Trinidad It examines how the above mentioned seminal developments have had a profound impact on the socioeconomic history of Couva It also briefly covers the renaissance of Couva as a village and its evolution into a modern town
