

Royal Seville

Janis Tomlinson

Royal Seville:

Royal Seville Edgar Allison Peers, 1926 **Baroque Seville** Amanda Wunder, 2017-02-02 Baroque art flourished in seventeenth century Seville during a tumultuous period of economic decline social conflict and natural disasters This volume explores the patronage that fueled this frenzy of religious artistic and architectural activity and the lasting effects it had on the city and its citizens Amanda Wunder investigates the great public projects of sacred artwork that were originally conceived as *medios divinos* divine solutions to the problems that plagued Seville These commissions included new polychromed wooden sculptures and richly embroidered clothing for venerable old images gilded altarpieces and monumental paintings for church interiors elaborate ephemeral decorations and festival books by which to remember them and the gut renovation or rebuilding of major churches that had stood for hundreds of years Meant to revive the city spiritually these works also had a profound real world impact Participation in the production of sacred artworks elevated the social standing of the artists who made them and the devout benefactors who commissioned them and encouraged laypeople to rally around pious causes Using a diverse range of textual and visual sources Wunder provides a compelling look at the complex visual world of seventeenth century Seville and the artistic collaborations that involved all levels of society in the attempt at its revitalization Vibrantly detailed and thoroughly researched *Baroque Seville* is a fascinating account of Seville's hard won transformation into one of the foremost centers of Baroque art in Spain during a period of crisis *The Royal Palace of Seville* Juan Carlos Hernández Núñez, Alfredo José Morales, 1999 As one of Europe's oldest preserved royal palaces the Royal Palace of Seville was built between 844 and 1350 While commissioned by a Christian king the palace was designed and constructed by Moorish workers and is the finest example of Mudejar architecture in Spain After a brief historical survey the author leads a tour of the palace concluding in the Alcazar garden The entertaining text and lush color photographs capture the exoticism of the architecture and decoration in Spain during this period *Dawn of a Dynasty* Richard P. Kinkade, 2020 This highly original biography of Infante Manuel offers an intriguing and alternative perspective on one of the most turbulent eras of medieval Spain **The Invention of the Colonial Americas** Byron Ellsworth Hamann, 2022-09-13 The story of Seville's Archive of the Indies reveals how current views of the sixteenth and seventeenth centuries are based on radical historical revisionism in Spain in the late 1700s *The Invention of the Colonial Americas* is an architectural history and media archaeological study of changing theories and practices of government archives in Enlightenment Spain It centers on an archive created in Seville for storing Spain's pre 1760 documents about the New World To fill this new archive older archives elsewhere in Spain spaces in which records about American history were stored together with records about European history were dismembered The Archive of the Indies thus constructed a scholarly apparatus that made it easier to imagine the history of the Americas as independent from the history of Europe and vice versa In this meticulously researched book Byron Ellsworth Hamann explores how building layouts systems of storage and the arrangement of documents were

designed to foster the creation of new knowledge He draws on a rich collection of eighteenth century architectural plans descriptions models document catalogs and surviving buildings to present a literal materially precise account of archives as assemblages of spaces humans and data assemblages that were understood circa 1800 as capable of actively generating scholarly innovation

The Alcázar of Seville Charles River Charles River Editors,2018-04-22 Includes pictures Includes contemporary accounts Includes online resources and a bibliography for further reading The majority of those fortunate enough to feast their eyes upon the majestic complex that is the Alc zar of Seville share the same sentiment its beauty is indescribable This is a place that oozes opulence a kind of opulence flavored by class and historical charm rather than the garish flamboyance and tawdry ostentation often displayed by the nouveau riche To say that the Alc zar is fit for the fussiest prince would simply be downplaying its splendor Of course this was exactly what the Alc zar was and continues to be for this fantastical compound is the oldest European royal residence still in use The royal estate with 17 000 square meters of spectacular structures and 7 hectares of lavish gardens is even more sublime in the nighttime The rambling Moorish arches and the gorgeous detail of the fairy tale turrets and curtain walls from the striking shapes of the rectangular merlons capped with triangular cones to the coarse aged texture and smears of damp discoloring the ancient facade are all the more emphasized by the torches dotted throughout the premises But following the departure of the nocturnal visitors the interactive tour guides clad in elaborate costumes of historical figures just hours before and the last of the staff the Alc zar some say becomes an intoxicating sinister maze almost impossible to escape The Alc zar of Seville The History of Spain s Most Famous Royal Palace journeys through the eventful timeline of the palatial fortress as well as the stages leading up to its fruition It also explores some of the fascinating characters who lived there and the most pivotal events that took place within the centuries old brick walls Along with pictures of important people places and events you will learn about the Alc zar of Seville like never before

The Churchman ,1901 Housing the Stranger in the Mediterranean World Olivia Remie Constable,2004-01-15 The Greek pandocheion Arabic funduq and Latin fundicum fondaco were ubiquitous in the Mediterranean sphere for nearly two millennia These institutions were not only hostelrys for traders and travelers but also taverns markets warehouses and sites for commercial taxation and regulation In this highly original study Professor Constable traces the complex evolution of this family of institutions from the pandocheion in Late Antiquity to the appearance of the funduq throughout the Muslim Mediterranean following the rise of Islam By the twelfth century with the arrival of European merchants in Islamic markets the funduq evolved into the fondaco These merchant colonies facilitated trade and travel between Muslim and Christian regions Before long fondacos also appeared in southern European cities This study of the diffusion of this institutional family demonstrates common economic interests and cross cultural communications across the medieval Mediterranean world and provides a striking contribution to our understanding of this region

Cassell's universal cookery book. With an intr. by J.L.W. Thudichum Lizzie Heritage,1901 **Cities of the Golden Age** Richard L.

Kagan,2023-11-15 In the sixteenth century Spain was at the height of its glory enjoying a period of exceptional power wealth and artistic splendor In 1561 Philip II commissioned Europe s leading topographical artist Anton van den Wyngaerde to prepare cities and towns of his Golden Age empire Van den Wyngaerde spent most of his time traveling in Spain from 1561 until his death in 1571 preparing views many the earliest known depictions of no fewer than sixty two cities and towns including Barcelona Valencia Zaragoza Granada C roba Seville Toledo Burgos and Madrid These drawings not only record Spain s cities during the most glorious moments in their history but also depict them with a precision that can almost be described as photographic In the sixteenth century Spain was at the height of its glory enjoying a period of exceptional power wealth and artistic splendor In 1561 Philip II commissioned Europe s leading topographical artist Anton van den Wyngaerde to prepare cities and town

Merchants and Trade Networks in the Atlantic and the Mediterranean, 1550-1800 Manuel Herrero Sánchez,Klemens Kaps,2016-09-01 This collective volume explores the ways merchants managed to connect different spaces all over the globe in the early modern period by organizing the movement of goods capital information and cultural objects between different commercial maritime systems in the Mediterranean and Atlantic basin Merchants and Trade Networks in the Atlantic and the Mediterranean 1550 1800 consists of four thematic blocs theoretical considerations the social composition of networks connected spaces networks between formal and informal exchange as well as possible failures of ties This edited volume features eleven contributions who deal with theoretical concepts such as social network analysis globalization social capital

and trust In addition several chapters analyze the coexistence of mono cultural and transnational networks deal with network failure and shifting network geographies and assess the impact of kinship for building up international networks between the Mediterranean and the Atlantic This work evaluates the use of specific network types for building up connections across the Mediterranean and the Atlantic Basin stretching out to Central Europe the Northern Sea and the Pacific This book is of interest to those who study history of economics and maritime economics as well as historians and scholars from other disciplines working on maritime shipping port studies migration foreign mercantile communities trade policies and mercantilism

The Triumph of an Accursed Lineage Fernando Arias Guillén,2020-12-29 The Triumph of an Accursed Lineage analyses kingship in Castile between 1252 and 1350 with a particular focus on the pivotal reign of Alfonso XI r 1312 1350 This century witnessed significant changes in the ways in which the Castilian monarchy constructed and represented its power in this period The ideas and motifs used to extoll royal authority the territorial conceptualisation of the kingdom the role queens and the royal family played and the interpersonal relationship between the kings and the nobility were all integral to this process Ultimately this book addresses how Alfonso XI a member of an accursed lineage who rose to the throne when he was an infant was able to end the internal turmoil which plagued Castile since the 1270s and become a paradigm of successful kingship This book will appeal to scholars and students of medieval Spain as well as those interested in the history of kingship

Cassell's Household Cookery Lizzie Heritage,1909 **The Atlantic Economy during the Seventeenth and Eighteenth Centuries** Peter A. Coclanis,2020-05-21 The Atlantic Economy during the Seventeenth and Eighteenth Centuries is a collection of essays focusing on the expansion elaboration and increasing integration of the economy of the Atlantic basin comprising parts of Europe West Africa and the Americas during the seventeenth and eighteenth centuries In thirteen essays the contributors examine the complex and variegated processes by which markets were created in the Atlantic basin and how they became integrated While a number of the contributors focus on the economic history of a specific European imperial system others mirroring the realities of the world they are writing about transcend imperial boundaries and investigate topics shared throughout the region In the latter case the contributors focus either on processes occurring along the margins or interstices of empires or on breaches in the colonial systems established by various European powers Taken together the essays shed much needed light on the organization and operation of both the European imperial orders of the early modern era and the increasingly integrated economy of the Atlantic basin challenging these orders over the course of the same period

[The Spanish Atlantic World in the Eighteenth Century](#) Allan J. Kuethe,Kenneth J. Andrien,2014-05-12 This book covers the evolution of royal policy in Spanish America as eighteenth century Spain modernized its empire and transformed itself into a power of the first order Tracing the interplay between war and reform the analysis confronts the diverse realities of the Spanish Atlantic world which stretched from the northern Mexican borderlands to Argentina and Chile Unlike earlier studies on eighteenth century Spain this work incorporates the

early Bourbon experience into the narrative and integrates the impressive reemergence of the Royal Armada into a fuller picture of administrative commercial fiscal ecclesiastical and military change The Fight for Status and Privilege in Late Medieval and Early Modern Castile, 1465-1598 Michael J. Crawford, 2020-05-01 In The Fight for Status and Privilege in Late Medieval and Early Modern Castile 1465 1598 Michael Crawford investigates conflicts about and resistance to the status of *hidalgo* conventionally understood as the lowest most heavily populated rank in the Castilian nobility It is generally accepted that legal privileges were based on status and class in this premodern society Crawford presents and explains the contentious realities and limitations of such legal privileges particularly the conventional claim of *hidalgo* exemption from taxation He focuses on efforts to claim these privileges as well as opposing efforts to limit and manage them Although historians of Spain acknowledge such conflicts especially lawsuits associated with this status none have focused a study on this extraordinarily widespread phenomenon This book analyzes the inevitable contradictions inherent in negotiation for and the implementation of privilege scrutinizing the many jurisdictions that intervened in these struggles and debates including the crown judiciary city council and financial authorities Ultimately this analysis imparts important insights about the nature of sixteenth century Castilian society with wide ranging implications about the relationship between social status and legal privileges in the early modern period as a whole Exiles in Sepharad Jeffrey Gorsky, 2015 The dramatic one thousand year history of Jews in Spain comes to life in Exiles in Sepharad Jeffrey Gorsky vividly relates this colorful period of Jewish history from the era when Jewish culture was at its height in Muslim Spain to the horrors of the Inquisition and the Expulsion Twenty percent of Jews today are descended from Sephardic Jews who created significant works in religion literature science and philosophy They flourished under both Muslim and Christian rule enjoying prosperity and power unsurpassed in Europe Their cultural contributions include important poets the great Jewish philosopher Moses Maimonides and Moses de Leon author of the Zohar the core text of the Kabbalah But these Jews also endured considerable hardship Fundamentalist Islamic tribes drove them from Muslim to Christian Spain In 1391 thousands were killed and more than a third were forced to convert by anti Jewish rioters A century later the Spanish Inquisition began accusing thousands of these converts of heresy By the end of the fifteenth century Jews had been expelled from Spain and forcibly converted in Portugal and Navarre After almost a millennium of harmonious existence what had been the most populous and prosperous Jewish community in Europe ceased to exist on the Iberian Peninsula Bulletin of Spanish Studies , 1925 **Goya** Janis Tomlinson, 2020-09-15 Makes available never before translated documents of Goyas life and uses new research in Spanish including detailed information on his youth family commissions correspondence and travels to create the most complete portrait yet of an often elusive artist and the dramatically changing society in which he lived and worked
