Rubian Mind Since Stalins Death:

To Be or Not to Be in the Party Yuri Glazov, 2012-12-06 In March of 1985 Mikhail Gorbachev came to power in the Soviet Union Initially one could discern serious changes in the policy and statements of this new young and obviously efficient leader only with great difficulty While abroad Gorbachev had said that anti Stalinism was a form of anti Communism The newspapers were filled with words lauding the sacred traditions of the 1930 s At the same time the campaign against drunkenness corruption and sloppiness launched by Yuri Andropov was given a new impetus and the highest Party support In April 1986 the Chernobyl tragedy took place The first reaction of the Soviet authorities was the usual one The Soviet public was not properly informed about the disaster and its unprecedented peril Millions of jubilant Soviet citizens crowded the squares and streets of Kiev and Minsk during the May Day festivities We can only guess what the reaction of the Kremlin authorities would have been had not Swedish scientists traced and announced to the world the threatening level of radioactivity Would the terms glasnost and perestrojka have spread through the world press with such intensity and alacrity A popular Soviet author wrote a year later in the Soviet media Chernobyl appeared to be not only a national event a disaster shared by each of us but also a dividing line between two eras of time Soviet Fiction since Stalin Rosalind J. Marsh, 2022-03-14 First published in 1986 Soviet Fiction since Stalin presents a comprehensive overview of the literature of the post Stalin period in the Soviet Union The rapid advances in science and technology in these years are reflected in the themes of many of the major novelists Pasternak Solzhenitsyn Sinyavsky Daniel and Grossman and scientific subjects frequently offer a vehicle for the exploration of the wider socio political moral and philosophical ideas As the period advances however literature becomes the first medium in which to express mistrust of scientific advance and hence indirectly of Soviet policy as a whole Rosalind J Marsh uses a broad definition of science which enables her to cover topics ranging from de Stalinization nationalism and anti Semitism in science to Lysenko and scientific charlatanism the Soviet rejection of relativity theory and quantum mechanics the atom bomb and also such general problems as secrecy careerism and bureaucracy The bulk of the book concentrates on the Khrushchev years but there is also plentiful discussion of more recent writing such as that of Zinoviev and Voinovich This book will be of interest to students and researchers of Soviet literature Russian Literature and literature in general The Courage of Strangers Jeri Laber, 2005-02-16 After Jeri Laber earned a Master s degree in Russian studies at Columbia University she became a part time writer and editor and a full time wife and mother Then one day in 1973 she read an article about torture that altered her life and subsequently the lives of countless others around the world The Courage of Strangers tells how Laber became a founder and the executive director of Helsinki Watch which grew to be Human Rights Watch one of the world s most influential organizations She describes her secret trips to unwelcoming countries where she met with some of the great political activists of the time She also recalls what it was like to come of age professionally in an era when women were supposed to follow rather than lead how she struggled to balance work and family

and how her fight for human rights informed her own intellectual spiritual and emotional development This story of the birth of the human rights movement is also a sweeping history of dissent and triumph in the Soviet Union and Eastern Europe Elegantly written full of passion humor and political wisdom it is exciting history as well as a moving entertaining inspiring story of a woman s life

The personality cult of Stalin in Soviet posters, 1929-1953 Anita Pisch,2016-12-16 From 1929 until 1953 Iosif Stalin s image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin s image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929 1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines

Problems of Communism ,1961

World Encyclopedia of Contemporary Theatre Peter Nagy,Phillippe Rouyer,Don Rubin,2013-09-13 This new paperback edition of the The World Encyclopedia of Contemporary Theatre Europe covers theatre since World War II in forty seven European nations including the nations which re emerged following the break up of the former USSR Czechoslovakia and Yugoslavia Each national article is divided into twelve sections History Structure of the National Theatre Community Artistic profile Music Theatre Theatre for Young Audiences Puppet Theatre Design Theatre Space and Architecture Training Criticism Scholarship and Publishing and Further Reading allowing the reader to use the book as a source for both area and subject studies A new preface and further reading sections by the Series Editor brings the Encyclopedia bang up to date making it invaluable to anyone interested in European theatre as well as students and scholars of performance studies history anthropology and cultural studies

The Philosophy of Psychology William O'Donohue,Richard F Kitchener,1996-10-28 This major text provides the first comprehensive anthology of the key topics arising in the philosophy of psychology Bringing together internationally renowned authors including Herb

Simon Karl Pribram Joseph Rychlak Ullin T Place and Adolf Gr um unbaum this volume offers a stimulating and informative addition to contemporary debate With the cognitive revolution of the 1960s there has been a resurgence of interest in the study of the philosophical assumptions and implications of psychology Several significant themes such as the foundations of knowledge behaviourism rationality emotion and cognitive science span both philosophy and psychology and are covered here along with a wide range of issues in the fields

Taboo Genocide Kris Dietrich, 2015-09-11 This is a story of war and peace It may have been the greatest crime of the century after the Bolshevik coup and Russian Revolution and the murder of the Russian Romanov Tsar Nicholas II his wife Tsarina Alexandra and their five young children four Grand Duchesses Olga Anastasia Tatiana Marie and the Tsarevich Alexis It is our story And I want to share it with you now because it is your story too

The Day the Sun Rose Twice Donald Thomas, 2013-07-14 When Karl Rainer Andor came to Berlin for the last time it was sacrifice not victory that was uppermost in his mind He intended to use the plutonium bomb he had elaborately planted to effect the reunification of Germany but he didn't expect to survive The allied powers are concerned as much with scoring off each other as with finding the bomb or with seducing or frightening Andor into telling them where it is And eventually they are faced with the impossible task of evacuating the historic capital of Germany

Victor Serge Susan Weissman, 2014-04-15 Revolutionary novelist historian anarchist Bolshevik and dissident Victor Serge is one of the most compelling figures to have emerged from the history of the Soviet Union A dedicated activist who joined the Bolsheviks in 1919 and fought in the siege of Petrograd only to be later consigned to poverty and persecution for rejecting both capitalism and Stalinism he was a keen observer of his times Carefully wrought and meticulously researched Susan Weissman's Victor Serge is the definitive biography of an extraordinary man

Stalin's Gold Barrie Penrose, 1982 *The Positive Hero in Russian Literature* Rufus W. Mathewson, 2000 The positive hero was defined by the Soviets as one who set an example for the reader's behavior As early as 1860 the merits of this ideal model were a central issue in the war between literary imagination and ideological criticism that raged in Russia for a hundred years In *The Positive Hero in Russian Literature* Rufus W Mathewson Jr brings a period of Russian literature to life and demonstrates how the battles over the positive hero reappeared with dramatic clarity in the dissident literary movement that developed after Stalin's death Mathewson argues that the true continuity between nineteenth and twentieth century Russian prose was to be found in this persistent conflict between contrary views of the real nature and proper uses of literature This new edition of a widely acclaimed work first published in 1958 and covering literary developments through 1946 includes chapters on Belinsky Pasternak Solzhenitsyn and Sinyavsky

Book Jacket The Columbia History of Twentieth-century French Thought Lawrence D. Kritzman, Brian J.
