MTV and Teen Pregnancy Letizia Guglielmo, 2013-05-30 In 2009 16 and Pregnant premiered on MTV closely followed by the spinoffs Teen Mom and Teen Mom 2 Because of their controversial portrayals of teenage mothers the shows have received ongoing media attention While some argue that the programs could play a factor in reducing the number of teen pregnancies others claim the shows exploit young women and glamorize their situations Among these debates there have been surprisingly few in depth discourses that discuss the roles such shows have on teenage audiences In MTV and Teen Pregnancy Critical Essays on 16 and Pregnant and Teen Mom contributors from a variety of backgrounds and expertise offer potent essays about these programs Divided into four parts the book tackles the controversial representations of teen pregnancy from various disciplines Part I explores gendered social norms and the shows roles as either educational resources or idealized depictions of teenage motherhood Part II prompts readers to consider the intersections of race class gender and the social and cultural power structures often glossed over in these programs Part III focuses on teenage fathers the portrayal of masculinity and good vs bad parents Part IV draws from TV's representations of reality to discuss the impact of these shows on the viewing audience This section includes

a narrative from a teen mother who argues that the shows do not accurately reflect the life she leads As the debates about 16 and Pregnant and Teen Mom continue this collection provides a valuable critical discourse to be used both inside and outside the classroom Those engaged in courses on gender and women s studies as well as media studies social work and family and childhood development will find MTV and Teen Pregnancy especially insightful as will those involved in community outreach programs not to mention teens and young mothers themselves 2004 Children's Book Market Ellen Hopkins,Susan Heyboer O'Keefe,2004 Violet Rivers; or, Loyal to Duty. A tale for girls, etc. [With illustrations.] Winifred TAYLOR (Writer of Tales.),1871 TeenSet, Teen Fan Magazines, and Rock Journalism Allison Bumsted,2024-10-15 Since the magazine s first issue in 1964 TeenSet s role in popular music journalism has been overlooked and underappreciated Teen fan magazines often written by women and assumed to be read only by young girls have been misconstrued by scholars and journalists to lack seriousness in their coverage of popular music TeenSet Teen Fan Magazines and Rock Journalism Don t Let the Name Fool You disputes the prevailing conception that teen fan magazines are insignificant and elevates the publications to their proper place in popular music history Analyzing TeenSet across its five year publication span Allison Bumsted shows that the magazine is an important artifact of 1960s American popular culture Through its critical commentary and iconic rock photography TeenSet engaged not only with musical genres and scenes but also broader social issues such as politics race and gender These countercultural discourses have been widely overlooked due to a generalization of teen fan magazines which have wrongly presumed the magazine to be antithetical to rock music and as unimportant to broader American culture at the time Bumsted also examines the leadership of editor Judith Sims and female TeenSet staff writers such as Carol Gold By offering a counternarrative to leading male oriented narratives in music journalism she challenges current discourses that have marginalized women in popular music history Ultimately the book illustrates that TeenSet and teen fan magazines were meaningful not only to readers but also to the broader development of the popular music press and 1960s cultural commentary Teenagers Aidan Macfarlane,Ann McPherson,2017-07-24 Ever felt you need to turn to a whole team of advisers for help in bringing up your wayward children From psychiatrists to cooks from laundry maids to substance abuse counsellors Then this book an easy to read guide to teenagers and how to live happily with them is aimed at you By interviewing over 40 parents and their offspring and based on up to the minute medical and social facts the authors have produced a handbook that highlights areas of conflict and advises on how to get things right For both parents who want to get maximum enjoyment out of life with their teenagers and for teenagers to give to their parents this book seeks to cover everything you want to know about friendships drugs sex bullying grief eating disorders and general teenage living Senior High Core Collection Raymond W. of thinking about visuality and the body that will appeal to readers who are interested in the overlap between the humanities and human behaviors

The Myth of Persephone in Girls' Fantasy Literature Holly Blackford, 2012-04-23 This book explores the myth of Persephone and Demeter as it informs the development of a long discourse about civilization the development of children child psychology and fantasy literature The pattern in the myth of girls who descend into underworlds and negotiate a partial return to the earth is a marked feature of girls literature and the cycle also reflects the change of seasons and fertility death Tracing the parallel between the myth and girls literature enables an understanding of how female development is mourned but deemed necessary for the reproduction of culture Blackford looks at the function of toys in children s literature as a representation of the myth s narcissus combining this approach with classic interpretations of the myth as expressive of female psychology mother daughter object relations hieros gamos fertility coupling rituals transition from matriarchal to patriarchal order and excursions into the creative artistic unconscious The story of Persephone s separation from her mother and abduction into the underworld is explored as an expression of ambivalence about female development in works such as Hoffmann s Nutcracker and Mouse King Alcott s Little Women Bront s Wuthering Heights Barrie s Peter and Wendy Burnett s The Secret Garden White s Charlotte s Web Rowling s Harry Potter and the Chamber of Secrets Meyer s Twilight and Gaiman s Coraline With this book Blackford offers a consideration of how literature for the young squares with broader canons how classics flexibly and uniquely speak through novels that enjoy broad appeal and how female traditions are embedded in novels by both men and women

of life she craves and the kind of freedom it takes to pursue it It will also lead to the love of her life a love that stands out from all the rest Now eighty nine years old and telling her story at last Vivian recalls how the events of those years altered the course of her life and the gusto and autonomy with which she approached it At some point in a woman s life she just gets tired of being ashamed all the time she muses After that she is free to become whoever she truly is Written with a powerful wisdom about human desire and connection City of Girls is a love story like no other **Some of Our Girls.
