Sense Perception in Dante's Commedia Edward G. Miller, 1996 Medieval beliefs on illumination and imagination are examined particularly from the thought of Robert Grosseteste and on to Ficino Conclusions drawn range from ancient through to Dante's medieval masterpiece and look ahead to later literary uses of metaphysical light linked with insight such as Orlando Furioso Tasso's Gerusalemme Liberata and Milton's Paradise Lost **The British National Bibliography**

Arthur James Wells, 1996 *Forthcoming Books* Rose Arny, 1996-10 **Chaucer and Italian Culture** Helen Fulton, 2021-01-15 This study offers a clear discussion of canonical Chaucerian works It includes new accounts of Italian cultural influences on Chaucer's writing It has a contextualising introduction and comprehensive bibliography It offers a comparative approach to key texts *Mandeville's Travails* Francis Tobienne Jr., 2016-06-20 This book offers a critical methodology for analyzing travel literature The subject of travel literature as well as travel literatures have not always been regarded with respect or given much critical attention In order to amend this lack of positive reception Francis Tobienne Jr analyzes the late medieval text Mandeville's Travels specifically the Cotton MS This text though not overly popular currently was among the most popular pieces of literature for well beyond its fourteenth century inception in some three hundred manuscripts divided into three groups as well as early printed editions further this text offers a way in which to approach other pieces of travel literature To facilitate this critical process Tobienne proposes a seven part method 1 Identify and Define the Problem 2 Make Observations 3 Look for Regularities 4 Wonder Why Regularities Exist 5 Propose a Hypothesis 6 Use an Experiment and 7 Have Reproducible Results Of note Mandeville's Travels is both the impetus behind this seven part method as well as the object of study Thus Tobienne showcases how each element of the seven part method is at play in the text even as he argues for the text's importance within medieval studies Also included in this examination is the application of this seven part method to medieval and post period pieces of literature The book culminates in an argument for the canonization and importance of Mandeville's Travels in and beyond medieval studies **Sex and Gender in Medieval and Renaissance Texts**
