Reflections of Amma Amanda J. Lucia, 2014-03-14 Globally known as Amma meaning Mother Mata Amritanandamayi has developed a massive transnational humanitarian organization based in hugs She is familiar to millions as the hugging saint a moniker that derives from her elaborate darshan programs wherein nearly every day ten thousand people are embraced by the guru one at a time events that routinely last

ten to twenty hours without any rest for her Although she was born in 1953 as a low caste girl in a South Indian fishing village today millions revere her as guru and goddess a living embodiment of the divine on earth Reflections of Amma focuses on communities of Amma s devotees in the United States showing how they endeavor to mirror their guru s behaviors and transform themselves to emulate the ethos of the movement This study argues that inheritors and adopters of Hindu traditions differently interpret Hindu goddesses Amma and her relation to feminism and women s empowerment because of their inherited religious cultural and political dispositions In this insightful ethnographic analysis Amanda J Lucia discovers how the politics of American multiculturalism reifies these cultural differences in de facto congregations despite the fact that Amma s embrace attempts to erase communal boundaries in favor of global unity **Ammachi** Swami

Religion and Gender in the Developing World Tamsin Bradley,2010-12-07 Faith based development organizations have become a central part of the lives of the women of rural Rajasthan and have come to represent an important aspect of both individual and collective identities And yet religious teachings continue to be used to exclude women from public decision making forums and render them vulnerable to increasing levels of domestic violence In a unique multi disciplinary approach combining a range of subjects Tamsin Bradley provides a unique study of the role of development organizations and faith organizations in the lives of women in rural Rajasthan Faith and religion emerge as being able to afford a space within which women are able to interact with one another and create an identity for themselves However faith proves not just to be a positive sphere in which women are able to assert themselves Its ambiguity becomes clear as the author explains that

religious women often find their visions of social justice and equality marginalised by the dominance of male leadership. Nevertheless, Bradley also looks at how religious women challenge male dominance drawing on their beliefs and practices in creative and innovative ways. Thus a complex picture emerges and including insights from gender studies and anthropology. Bradley argues that religion can both empower and disempower local communities and the women who live within them. By analysing development through the prism of gender studies, Bradley highlights the complex nature of power relationships that are at the very heart of development agendas and organizations and offers an invaluable contribution to the understanding of the nexus of varied disciplines in the analysis of women and religion in Rajasthan. This book will be of interest to students, researchers and policy makers involved in various fields including those of Development Studies, Religion, Gender Studies and Social Anthropology.
