K. Beale,2013-09-07 This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles and monographs In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and others While engaging the major questions of text and interpretation at a scholarly level the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis [The Black Calhouns](#) Gail Lumet Buckley,2016-02-02 A history cum memoir by Lena Horne s daughter tells the story of her forebears eloquently conveys how politics and prejudice can shape a family The New Yorker In The Black Calhouns Gail Lumet Buckley daughter of actress Lena Horne delves deep into her family history detailing the experiences of an extraordinary African American family from Civil War to Civil Rights Beginning with her great great grandfather Moses Calhoun a house slave who used the rare advantage of his education to become a successful businessman in post war Atlanta Buckley follows her family s two branches one that stayed in the South and the other that settled in Brooklyn Through the lens of her relatives momentous lives Buckley examines major events throughout American history From Atlanta during Reconstruction and the rise of Jim Crow to New York City during the Harlem Renaissance and then from World War II to the Civil Rights Movement this ambitious brilliant family witnessed and participated in the most crucial events of the nineteenth and twentieth centuries Combining personal and national history The Black Calhouns is a unique and vibrant portrait of six generations during

dynamic times of struggle and triumph The challenge of reviewing extraordinary books is that they leave one grasping for words The book s ultimate magic derives from the way the history of black America can be viewed through their story The Boston Globe *Urban Culture* Chris Jenks,2004 This set includes key pieces from Peter Ackroyd Charles Baudelaire Walter Benjamin Homi Bhaba Charles Dickens Fredrick Engles Paul Gilroy Thomas Hobbes Max Weber George Simmel Ian Sinclair Edward W Soja Gayatri Spivak Nigel Thrift Virginia Woolf Sharon Zukin and many others The material is arranged thematically highlighting the variety of interests that coexist and conflict within the city Issues such as gender class race age and disability are covered along with urban experiences such as walking politics anthropology cultural history cultural geography art critical theory visual culture literary studies social policy and cultural studies *Terrortimes, Terrorscapes* Volker Benkert,Michael Mayer,2022-09-15 *Terrortimes Terrorscapes Continuities of Space Time and Memory in Twentieth Century War and Genocide* investigates interconnections between space and violence throughout the twentieth century and how such connections informed collective memory The interdisciplinary volume shows how entangled notions of time and space amplified by memory narratives led to continuities of violence across different conflicts creating terrortimes and terrrorscapes in their wake The volume examines such continuities of violence with the help of an analytical framework built around different themes Its first part spatial and temporal continuities of violence looks at contested spaces and ideas of national ethnic or religious homogeneity that are often at the heart of prolonged conflicts The second part on states and actors addresses the role of states as enablers of violence asymmetric power dynamics and the connection between imperialism and genocide in Africa Imagination and emotion the focus of the third part explores utopian visions and their limits that instigate or hinder and the mobilization of emotion through propaganda Finally the fourth part shows how the recollection of the past sometimes triggers new terrortimes Departing from an understanding of violence limited to certain areas and time frames this volume describes continuities of violence as overlapping fabrics woven together from notions of space time and memory *Seven Secrets Discover the Torah Code* James N.
