New Commandment Toward A Renewed Rite For The Washing Of Feet:

A New Commandment Peter Jeffery, 1992 The recent controversy over the inclusion of women in the mandatum the footwashing service on Holy Thursday calls for a new look at the history and purpose of this ceremony Jesus own washing of his disciples feet had a twofold meaning as a participation in his death and eternal life and as an example of humility to be imitated Neither meaning justifies excluding women and in any case women have participated in footwashing ceremonies for much of Christian history The modern rubric restricting the ceremony to males dates only from 1956 and results from an unwise attempt to alter the ceremony into a kind of liturgical drama Thus the present flawed rite needs to be replaced with one that is more traditional and inclusive a suggested alternative mandatum ceremony is proposed to show how this could be done BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved The Johannine Footwashing as the Sign of Perfect Love Bincy Mathew, 2018-11-23 Back cover Was the footwashing in Jn 13 1 20 simply an act of service or humility Bincy Mathew provides a critical and thorough exegetical analysis of the footwashing and shows that it is the symbolic prefiguration of Jesus death on the cross enacted during the last supper to manifest his perfect love for his own Liturgical Hermeneutics of Sacred Scripture Marco Benini, 2023-09-15 The purpose of this book is to explore what a liturgical approach to the Bible looks like and what hermeneutical implications this might have How does the liturgy celebrate understand and communicate Scripture The starting point is Pope Benedict s affirmation that a faith filled understanding of sacred Scripture must always refer back to the liturgy Verbum Domini 52 The first part of the book based on SC 24 provides significant examples to demonstrate The liturgical order of readings intertextually combines Old Testament and New Testament readings using manifold hermeneutical principles specifically how the psalms show the wide range of interpretations the liturgy employs Prayers are biblically inspired and help to appropriate Scripture personally The hymns convey Scripture in a poetic way Signs and actions such as foot washing or the Ephphetha rite enact Scripture The study considers the Mass the sacraments and the Liturgy of the Hours In the second part Benini systematically focuses on the various dimensions of liturgical hermeneutics of the Bible which emerge from the first part The study reflects the approaches the liturgy offers to Scripture and its liturgical reception It explores theological aspects such as the unity of the two Testaments in Christ s paschal mystery or the anamnesis as a central category in both Scripture and liturgy The liturgy does not understand Scripture primarily as a document of the past but celebrates it as a current and living Word of the Lord as a medium of encounter with God Scripture is sacramental Liturgical Hermeneutics of Sacred Scripture seeks to contribute not only to the comparison of the Roman Ambrosian and Byzantine Rite regarding the Word of God but most of all to the overall liturgical approach to Scripture As such it promotes an interdisciplinary dialogue of liturgical and biblical studies

Losing the Sacred Ritual and Liturgy David Torevell, 2004-11-11 This book argues that the liturgical reforms initiated by the second Vatican Council may have seriously undermined contemporary Roman Catholic worship Drawing on important

work by Durkheim Bauman Foucault Turner Duffy Flanagan and Pickstock David Torevell focuses on the most crucial element of Catholic worship the experience of the sacred and examines how it has been eroded since pre modern times largely due to the marginalisation of ritual expression and its consequences A devastating critique of the loss of the sacred in worship this striking interdisciplinary study is a call for revitalisation of Roman Catholic liturgy through a reform of the reform and the reclamation of the importance of the body in ritual expression **Matthew 25 Christianity** Donald Heinz,2022-09-23 A new movement in American Christianity calls itself Matthew 25 Christians It follows a long train of new religious movements founded in a rediscovered biblical text that migrates to a new context and sets the church on a new course Good news to the poor is Matthew s story grounded in the entire biblical witness In Jesus s famous last judgment story all the world is questioned whether they saw Christ the king enthroned by way of the cross in the least of these the poor the homeless the hungry the sick the imprisoned Are the corporal works of mercy Jesus requires to become new marks of the church in our times Is Matthew 25 the new John 3 16 a new sign to be held up to the world at football games Following this new social gospel comes another question Will the American church succeed in taking this public as a new errand into the wilderness Could the nonconforming resistance movement that is Christianity find a new voice in the public square collaborate with the academy and politicians and turn Matthew s call for social justice into a new deal for social democracy A Bonhoeffer moment in perilous times for the poor calls for no less **Pentecostal Theology** Wolfgang Vondey,2017-07-13 Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies Pentecostalism is the most rapidly growing branch of Christianity since the 20th century yet it does not lend itself well to a singular doctrine and there is therefore no single comprehensive account of Pentecostal theology worldwide In this volume Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God The book unfolds in two main parts illustrating the full gospel story and theology Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology formulate a Pentecostal theology of action translate apply and exemplify Pentecostal practices and experiences and integrate Pentecostal theology in the wider Christian tradition *Catholic Theology Facing the Future* Dermot A. Lane,2003 Here is a collection of vibrant essays from a conference at St Michael s College in Vermont that reflects on the past present and future of Catholic theology Contributors include the leading names in scripture and moral and systematic theology Dermot Lane on the foundational roles of anthropology imagination and memory in the performance of Christian theology Alice Laffey on the past and present developments in biblical scholarship Raymond Collins on the ecumenical progress over the last forty years in the study of the New Testament Michael J Fahey on trends in systematic theology since 1965 Philip S Keane on the accomplishments and challenges facing moral theology Kevin Irwin on

the Christocentric character of liturgical and sacramental theology **Sacred Mysteries** Dennis Chester Smolarski,1995
 Sacred Mysteries opens by reflecting on the continual process of reform in the church and on the foundational principles for all liturgical action It then moves to a discussion of each of the sacraments with particular reference to the way they are ritualized in the assembly A final chapter addresses practices that can cloud the experience of mystery during liturgical celebrations and thus inhibit rather than enhance the power of the rite *Living Traditions* Kimberlynn McNabb,Robert C. Fennell,2019-05-01 How has the Christian movement grown and changed in the last five hundred years From Luther to Tillich and the Virgin Mary from Protestant initiatives and Catholic dialogues from Charles Taylor to progressive Christianity this book runs the gamut The urgency of ecology the sacramentality of foot washing the complexities of biblical interpretation the theology of the cross and the ongoing work of reformation are all under the microscope A distinctively ecumenical project this book presents a variety of perspectives on these pressing questions drawing together authors from the Anglican Baptist Lutheran Roman Catholic United Church of Canada traditions and more Each contributor provides unique insights into Christianity s ongoing processes of re forming as contexts and circumstances change Readers will find resonances of the familiar interwoven with new research about the project of ecumenical Christianity **Context and Text** Kevin W. Irwin,2018-07-12 One of the most influential works in the debate over the concept and definitions of liturgical theology Context and Text by Monsignor Kevin W Irwin is now available in a completely rewritten new edition In light of the historical theological and pastoral mandates of the Constitution on the Sacred Liturgy Context and Text is both a proposal for and an example of an investigation of the Church s liturgical praxis from a liturgical theological perspective This second edition which includes an expanded introduction covers new liturgical and ecclesial contexts resulting from newly promulgated liturgies further research in methodfor liturgical studies consideration for changes in the cultural contexts in which people celebrate the liturgy Besides brand new chapters on time and sacramentality and additions to the chapter on the arts this edition also considers the ongoing texts and contexts of the liturgy as always a new event in the life and ongoing discussion of liturgical theology within Christianity **Reconsidering Intellectual Disability** Jason Reimer Greig,2015-08-18 Drawing on the controversial case of Ashley X a girl with severe developmental disabilities who received interventionist medical treatment to limit her growth and keep her body forever small a procedure now known as the Ashley Treatment Reconsidering Intellectual Disability explores important questions at the intersection of disability theory Christian moral theology and bioethics What are the biomedical boundaries of acceptable treatment for those not able to give informed consent Who gets to decide when a patient cannot communicate their desires and needs Should we accept the dominance of a form of medicine that identifies those with intellectual impairments as pathological objects in need of the normalizing bodily manipulations of technological medicine In a critical exploration of contemporary disability theory Jason Reimer Greig contends that L Arche a federation of faith communities made up of people with and without intellectual disabilities provides

an alternative response to the predominant bioethical worldview that sees disability as a problem to be solved Reconsidering Intellectual Disability shows how a focus on Christian theological tradition s moral thinking and practice of friendship with God offers a way to free not only people with intellectual disabilities but all people from the objectifying gaze of modern medicine L Arche draws inspiration from Jesus s solidarity with the least of these and a commitment to Christian friendship that sees people with profound cognitive disabilities not as anomalous objects of pity but as fellow friends of God This vital act of social recognition opens the way to understanding the disabled not as objects to be fixed but as teachers whose lives can transform others and open a new way of being human

Baltzer, 2000-08-17 The Divine Office the cycle of daily worship other than the Mass is the richest source of liturgical texts and music from the Latin Middle Ages However its richness the great diversity of its manuscripts and its many variations from community to community have made it difficult to study and it remains largely unexplored terrain This volume is a practical guide to the Divine Office for students and scholars throughout the field of medieval studies The book surveys the many questions related to the Office and presents the leading analytical tools and research methods now used in the field Beginning with the Office in the early Middle Ages the book covers manuscript sources and their contents regional developments and variations the relationship between the Office the Mass and other ceremonies and repertories and the deep links between the Office and medieval hagiography The book concludes with a discussion of recent technical advances for handling the enormous amounts of evidence on the Office and its performance in particular CANTUS the vast electronic database developed by Ruth Steiner of Catholic University for the analysis of chant repertories The Divine Office in the Latin Middle Ages is an essential resource for anyone studying medieval liturgy Its accessible style and broad coverage make it an important basic reference for a wide range of students and scholars in art history religious studies social history literature musicology and theology

Models of the Eucharist, Second Edition Irwin, Kevin W.,2020 In this book updated with the texts of the third edition of the Roman Missal Kevin Irwin reflects on the jewel in the crown of Catholicism the celebration of the Eucharist His book theological pastoral and contemporary is essentially concerned with issues about the Eucharist that face us today decades after the truly historic and unprecedented revisions that took after the Second Vatican Council Some of these concerns are the result of unforeseen developments about the Eucharist resulting from other factors for example the decline in numbers of clergy which has led in some places to Sunday celebrations without the Mass Other concerns arise from a lack of proper catechesis about the Mass and a keen desire to understand why and how the Eucharist is at the center of Catholic life In addition to being expressly theological this book is also expressly pastoral in that it is a reflection on the life lived by the church as it enacts the Eucharist and seeks to live out what the Eucharist celebrates The book is aimed at the audience of educated Catholics who seek a deeper appreciation of what the Eucharist is and who want to appropriate that understanding in the way they live their lives This book will be of particular interest to pastoral ministers both those present and those in training and the communities of faith whom they serve

The Word of the Lord David Noel Power,2001 Takes the reader to the heart of the question How is the Bible to be interpreted in the liturgy in the new millennium *Clare of Assisi* Franciscan Institute (St. Bonaventure University),1993
