New Deal Mosaic Roosevelt Confers With His National Emergency Council 1933-1936:

New Deal Mosaic Lester G. Seligman, Elmer E. Cornwell Jr, 1965 *New Deal Mosaic* National Emergency Council (U.S.), Franklin Delano Roosevelt, 1965 *Roosevelt, the Great Depression, and the Economics of Recovery* Elliot A. Rosen, 2012-10-05 Historians have often speculated on the alternative paths the United States might have taken during the Great Depression. What if Franklin D. Roosevelt had been killed by one of Giuseppe Zangara's bullets in Miami on February 17, 1933? Would there have been a New Deal under an administration led by Herbert Hoover had he been reelected in 1932? To what degree were Roosevelt's own ideas and inclinations as opposed to those of his contemporaries essential to the formulation of New Deal policies? In *Roosevelt, the Great Depression, and the Economics of Recovery*, the eminent historian Elliot A. Rosen examines these and other questions, exploring the causes of the Great Depression and America's recovery from it in relation to the policies and policy alternatives that were in play during the New Deal era. Evaluating policies in economic terms and disentangling economic claims from political ideology, Rosen argues that while planning efforts and full employment policies were essential for coping with the emergency of the depression from an economic standpoint, it is in fact fortunate that they did not become permanent elements of our political economy. By insisting that the economic bases of proposals be accurately represented in debating their merits, Rosen reveals that the productivity gains which accelerated in the years following the 1929 stock market crash were more responsible for long-term economic recovery than were governmental policies. Based on broad and extensive archival research, *Roosevelt, the Great Depression, and the Economics of Recovery* is at once an erudite and authoritative history of New Deal economic policy and timely background reading for current debates on domestic and global economic policy. *Brief History of Emergency Powers in the U.S.* Harold Relyea, 1974 **New Deal Mosaic. Roosevelt Confers with His National Emergency Council, 1933-1936. Edited by Lester G. Seligman, Elmer E. Cornwell, Jr** National Emergency Council (U.S.), 1965 *Soviet-American Dialogue on the New Deal* Otis L. Graham, 1989 The study of U.S. history has flourished in the Soviet Union during the last several years with much research being published in Soviet journals. Since those journals have very limited circulation in the West and since few U.S. scholars read Russian, the Soviet vantage point on American history, which often differs considerably from the view of U.S. scholars, has been mostly inaccessible. In this volume, the first in a series, scholars from both nations have cooperated to rectify part of that deficiency by examining one of the most significant decades in American history, the 1930s. Eleven essays by Soviet historians that were originally published in Soviet journals have been translated into English; eight American historians have responded with commentary on those essays, and the Soviets have written brief rejoinders. The volume thus presents a unique opportunity to learn the contours of Soviet writings on the New Deal, to take account of their preoccupations and conclusions, and then to read the appraisals of noted U.S. scholars. **A Brief History of Emergency Powers in the United States, a Working Paper Prepared for ..., July 1974** United States.
