Michele Fratianni, Paolo Savona

New Directions In Global Economic Governance Managing Globalisation In The Twenty First Century:

New Directions in Global Economic Governance George M. von Furstenberg, 2017-11-01 This title was first published in 2001 Containing a wide array of intellectual perspectives this illuminating text takes an authoritative look at the rules decision making procedures and organizational resources at the heart of the institutions of global governance and provides a much needed Asian perspective on key issues dealing with new questions raised at the Okinawa summit Particularly suitable for graduate courses in political science international political economy international organizations corporate strategy and international business as well as having implications for the public policy community

New Directions in Global Political Governance Junichi Takase, 2017-03-02 Focused on politics and security this volume extends the G8 and Global Governance series into the domain of international security in both its classic and newer forms Going beyond the conventional focus on globalization it takes up the central question of shaping international order looking at the emergence of several important phenomena including The advent of human security The global importance of once deeply domestic security issues Enhanced demands for civil society participation Sections on Japan's perspective on the G8 and international order critical issues in global security governance and the role of international institutions and American leadership therein make this a distinctive account of international security in the 21st century

The G8, the United Nations, and Conflict Prevention Radoslava N. Stefanova, 2017-03-02 This innovative and forward looking work examines the Genoa summit agenda with a view to strengthening international conflict prevention institutions and identifying and analyzing economic early warning indicators It devotes particular attention to the Italian contribution and approach and the ways in which it can be effectively implemented following the summit The first book to compare the role of the G8 and the United Nations in conflict prevention and human security The G8 the United Nations and Conflict Prevention will be essential reading for academics government officials and members of the business and media communities

Governing Global Finance Michele Fratianni, Paolo Savona, 2024-11-01 This title was first published in 2002 As the twenty first century began it was easy to assume that the reforms to the international financial system undertaken in the last half of the 1990s were adequate to the core tasks of ensuring stability sustained growth and broadly shared benefits in the world economy That comfortable consensus has now been shattered This volume critically assesses fundamental issues including the elements and adequacy of recent G7 led efforts at international financial reform current causes of and prospects for growth in the new global economy the challenges of crisis prevention private sector participation and IFI responsibilities the world's monetary supply and sovereignty in the face of market forces These key topics are examined by leading economists and scholars of political economy from both academic and policy communities in G7 countries making it an essential addition to the collections of all those concerned with the challenges facing the world economy in the coming years

The Global Governance of Climate Change John J. Kirton, Ella Kokotsis, 2016-03-03 Climate change control has risen to the top of the international agenda Failed efforts centred

in the United Nations to allocate responsibility have resulted in a challenge now reaching crisis stage John J Kirton and Ella Kokotsis analyse the generation and effectiveness of four decades of intergovernmental regimes for controlling global climate change Informed by international relations theories and critical of the prevailing UN approach Kirton and Kokotsis trace the global governance of climate change from its 1970s origins to the present and demonstrate the effectiveness of the plurilateral summit alternative grounded in the G7 8 and the G20 Topics covered include G7 8 and UN competition and convergence on governing climate change Kyoto obligations and the post Kyoto regime The role of the G7 8 and G20 in generating a regime beyond Kyoto Projections of and prescriptions for an effective global climate change control regime for the twenty first century This topical book synthesizes a rich array of empirical data including new interview and documentary material about G7 8 and G20 governance of climate change and makes a valuable contribution to understanding the dynamics of governing climate change It will appeal to scholars researchers and policy makers interested in the dynamics behind governance processes within the intergovernmental realm

G20 Governance for a Globalized World John J. Kirton, 2016-04-15 This book offers the most thorough detailed inside story of the preparation negotiation performance and achievements of G20 gatherings from their start at the finance level in 1999 through their rise to become leader level summits in response to the great global financial crisis in 2008 Follow the moves of America s George Bush and Barack Obama Britain s Gordon Brown and David Cameron Canada s Stephen Harper Germany s Angela Merkel and other key leaders as they struggle to contain the worst global recession since the Great Depression of the 1930s This book provides a full chapter long account of each of the first four G20 summits from Washington to Toronto with summaries of the ensuing summits It uses international relations theory to build and apply a model of systemic hub governance to back its central claim to show convincingly that G20 performance has grown to successfully govern an increasingly interconnected complex crisis ridden globalized twenty first century world

Handbook of the International Political Economy of Governance Anthony Payne, Nicola Phillips, 2014-04-25 Since the 1990s many of the assumptions that anchored the study of governance in international political economy IPE have been shaken loose Reflecting on the intriguing and important processes of change that have occurred and are occurring Profess

World Rule Jonathan GS Koppell, 2010-09-15 Dilemmas from climate change to financial meltdowns make it clear that global interconnectedness is the norm in the twenty first century As a result global governance organizations GGOs from the World Trade Organization to the Forest Stewardship Council have taken on prominent roles in the management of international affairs These GGOs create and promulgate rules to address a host of pressing problems But as World Rule reveals they struggle to meet two challenges building authority despite limited ability to impose sanctions and maintaining legitimacy while satisfying the demands of key constituencies whose support is essential to a global rulemaking regime Through a novel empirical study of twenty five GGOs Jonathan GS Koppell provides a clearer picture of the compromises within and the competition among these influential institutions by focusing attention on their

organizational design Analyzing four aspects of GGO organization in depth representation and administration the rulemaking process adherence and enforcement and interest group participation Koppell describes variation systemically identifies patterns and offers explanations that link GGO design to the fundamental challenge of accountability in global governance

Sustaining Global Growth and Development Michele Fratianni, Paolo Savona, 2016-04-01 Sustaining Global Growth and Development focuses on the new challenges for sustaining growth in the twenty first century and the role of the G7 and IMF in meeting these challenges amidst the new processes of regionalism now emerging The volume has three central purposes to assess how and how well the G7 has addressed its core 2002 agenda of sustaining global growth reducing poverty in Africa and combating terrorism and its financing to examine how the IMF has approached these issues and related work of the G7 to explore how the G7 IMF and other international institutions are addressing global growth and development challenges in the context of the new processes of regionalism Pressures such as currency consolidation in Asia and economic union in Africa are studied This book builds on previous volumes in the series with a heavy focus on the World Bank the regional development banks and the many other international institutions that work in the field of development **Global**

Governance, Economy and Law Errol Mendes, Ozay Mehmet, 2003-02-27 This book provides a critical examination of the most important institutions of global governance in the world today Drawing on history political science law and economics the authors examine institutions such as the United Nations the World Trade Organization WTO the International Monetary Fund IMF the World Bank and also the global pri **The G7, Anti-Globalism and the Governance of Globalization**

Chiara Oldani, Jan Wouters, 2018-09-18 The G7 a self selected club of like minded industrialized countries looks at first glance ill suited to address current anti globalist concerns Despite this it has successfully confronted anti globalization populist and protectionist pressures by focussing on concerns surrounding the destruction of the natural environment immigration transnational crime drugs disease and terrorism thus demonstrating the social and ecological advantages that globalization brings Exploring how the world s oldest informal summit institution continues to respond to rising anti globalisation populism and protectionism this book investigates the contribution the G7 makes to global governance through its actions and accountability of its members The expert contributors analyse from different perspectives the issues that have contributed to the rise of populism and protectionism and how well the G7 has responded to them Each contribution identifies avenues that might allow renewing and strengthening the role of the G7 in times of global change with a view of strengthening its legitimacy and effectiveness It will be of interest to policy makers diplomats scholars of international relations international political economy diplomacy summitry and global governance The issues discussed will also be particularly relevant to those working for civil society and non governmental organizations seeking to participate in governance forums or to influence those who do *Governing Global Health* Andrew Cooper, 2016-04-22 Recently global health issues have leapt to the forefront of the international agenda and are now an everyday concern around the world The war for global health is clearly

being lost on many fronts and the massive body count is mounting fast Re emerging diseases such as polio and tuberculosis long thought to be on the verge of elimination are now coupled with the devastation of newly emerging ones such as SARS and avian influenza In addition the shock of bioterrorism has given a tragic poignancy to the importance of studying the failure of the global health governance system Compiled by renowned specialists this volume studies the global challenges and responses to these issues as well as the roles of central institutions such as the World Health Organization the World Trade Organization and the G8 Health practitioners and clinicians seeking a context for their front line care provision as well as scholars and students of global health issues will find the volume highly valuable

Social Closure and International Society Tristen Naylor, 2018-12-07 Laying the foundations of a theory of international social closure this book examines how actors compete for a seat at the table in the management of international society and how that competition stratifies the international domain In a broad historical survey from the Family of Civilised Nations through the Great Powers club to the G7 and G20 today Naylor investigates the politics of membership in the exclusive clubs that manage international society and ensure its survival providing us with a new way to think about how status competition has changed over time and what this means for international politics today With its sociologically grounded theory this book advances English School scholarship and transforms the study of contemporary summitry providing a ground breaking approach rooted in archival research elite interviews and ethnographic participant observation This book is of interest to international relations scholars interested in the expansion and globalisation of international society the history of international summits and transformations in international order as well as to those examining concepts including stratification hierarchy and networked governance With its emphasis on non state actors in global governance scholars and practitioners alike working on for civil society will also find this research of great value

The Group of Seven Andrew Baker, 2006-05-09 We are now in the era of the G8 although the G7 still exists as a grouping for Finance Ministers Why do G7 finance ministries and central banks co operate What are the implications of this co operation for US power and the abilities of the other six states to exercise leadership What role do the G7 play in global financial governance How much authority do they possess and how is that authority exercised This is the first major monograph on the political economy of G7 finance ministry and central bank co operation It argues that to understand the contribution of the G7 to global financial governance it is necessary to locate the process in the context of a wider world financial order comprised of decentralized globalization It also provides original case study material on the G7 s contribution to macroeconomic governance and to debates on the global financial architecture over the last decade It assesses the G7 s role in producing a system of global financial governance based on market supremacy and technocratic transgovernmental consensus and articulates normative criticisms of the G7 s exclusivity For researchers in the fields of IR IPE generally postgraduate students in the field of international organization and global governance policy makers and financial journalists this is the most extensive analysis of the G7 and the political economy of global financial governance to

date **Global Health** John J. Kirton, 2017-05-15 In recent years especially since the end of the cold war the field of global health has become increasingly linked with and central to the more traditional concerns of international relations The spread of communicable diseases the challenge of migrating health workers and the development of new technologies and medicines have all contributed to the ever expanding issue of global health International organizations such as the World Health Organization the utilization of techniques such as the creation of the framework convention on tobacco control and the development of civil society organizations such as the Gates Foundation have all changed the face and framework of global health Among the many benefits to the expanding interdisciplinary study of health is the possibility of preventing millions of unnecessary deaths occurring every year By assembling from a wide array of disciplines and fields the central works that define the field in international relations today this innovative work explores the future of global health and the possible benefits of expanding the interdisciplinary path even further **From Traditional to Group Hegemony** Alison

Bailin, 2017-11-28 Developing a new theory of hegemony called group hegemony the author explains how a few wealthy countries maintain the liberal economic order and how this helps to sustain the economic disparity between the core and the periphery in the post World War II era The theory proposes that the G7 acts as a global government of last resort a crisis manager when other institutions prove inadequate to sustain the world order The G7 also supplies resources such as large markets foreign investment and funding for international institutions These goods serve to entice the majority of countries to participate in and abide by the rules governing the world economic order without changing the systemic distribution of power The volume develops a theoretical analysis of the G7 s significance in international relations It explains how the G7 countries collaborate to perpetuate the economic order and impart an institutional stability to an inequitable system

Corporate, Public and Global Governance Michele Fratianni, Paolo Savona, 2016-05-13 The intensifying pace of globalization has led to a questioning of the traditional approaches to governance at the corporate national and international levels The crash of the dot com bubble and the outbreak of corporate accounting scandals in the United States along with the debt burden of financial institutions in Japan and Europe have led to demands for major reforms Consequently national governments are confronting stronger demands for new ways to regulate corporations to fulfil their social responsibilities and generate growth in a competitive world This volume explores three central questions what forms of corporate governance are most desirable for the globalizing world of the twenty first century What forms of public governance are most appropriate in this new age And how well are the world s leading national governments pioneering the needed policies and practices The book offers an analysis of the G8 s role in assisting governments and corporations to work together to design and deliver a superior approach **Innovation in Global Health Governance** Andrew F. Cooper, 2016-05-23 Analyzing twenty first century innovations in global health governance this volume addresses questions of pandemics essential medicines and disease eradication through detailed case studies of critical and rapidly spreading infectious diseases such as

HIV AIDS and SARS and lifestyle illnesses such as tobacco related illnesses all of which are at the centre of the current global health challenge Given its contemporary focus and wide range of world leading experts this study is highly suitable for courses on global governance generally and global public health specifically across political science economics law medicine nursing and related fields Scholars practitioners and clinicians seeking a context for their front line health care provision will find this volume invaluable

Emerging Powers in Global Governance Andrew F. Cooper, Agata Antkiewicz, 2010-10-30 The early twenty first century has seen the beginning of a considerable shift in the global balance of power Major international governance challenges can no longer be addressed without the ongoing co operation of the large countries of the global South Brazil Russia India China South Africa ASEAN states and Mexico wield great influence in the macro economic foundations upon which rest the global political economy and institutional architecture It remains to be seen how the size of the emerging powers translates into the ability to shape the international system to their own will In this book leading international relations experts examine the positions and roles of key emerging countries in the potential transformation of the G8 and the prospects for their deeper engagement in international governance The essays consider a number of overlapping perspectives on the G8 Heiligendamm Process a co operation agreement that originated from the 2007 summit and offer an in depth look at the challenges and promises presented by the rise of the emerging powers Co published with the Centre for International Governance Innovation

The Group of 7/8 Hugo Dobson, 2006-12-18 Hugo Dobson examines the G8 and its position in global governance in terms of its relationship to the more formal and truly institutionalized mechanisms of global governance the United Nations World Bank and World Trade Organization Divided into six informative chapters this volume provides an innovative contribution to the dynamics of global governance and is especially relevant to promoting this area of investigation in the future
