Education ,2000-04 *Using Corpora to Learn about Language and Discourse* Linda Lombardo,2009 Considerable progress has been made in the use of corpora for research purposes to describe language in use and more recently through a CADS corpus assisted discourse studies approach to identify the discourse features of specific text genres While the potential benefits of working with corpora in the classroom have been recognised there has been a lag in the promulgation of guidelines for carrying out meaningful corpus work with language learners and teachers in mind The papers in this volume aim to make a contribution toward filling that gap by providing an in depth account of innovative corpus work most of which has actually been carried out with real learners in the classroom Authors provide valuable insights into ways of structuring corpus work for specific target learners as well as suggestions for resolving problematic issues that have arisen and avoiding errors that have been made with learners and in their own research and experimentation The transparency and honesty with which they present their methodology and results along with the successful techniques they have developed constitute a step forward in defining good and bad practice in the use of corpora in learning **Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk,1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture *Research in Education* ,1974 **Computer-Assisted Language Learning: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources,2019-01-04 In a diverse society the ability to cross communication barriers is critical to the success of any individual personally professionally and academically With the constant acceleration of course programs and technology educators are continually being challenged to develop and implement creative methods for engaging English speaking and non English speaking learners Computer Assisted Language Learning Concepts Methodologies Tools and Applications is a vital reference source that examines the relationship between language education

and technology and the potential for curriculum enhancements through the use of mobile technologies flipped instruction and language learning software This multi volume book is geared toward educators researchers academics linguists and upper level students seeking relevant research on the improvement of language education through the use of technology
