**Saul Bellow Journal**, 2004 *Breaking Crystal* Efraim Sicher, 1998 The first multidisciplinary study of its kind *Breaking Crystal* examines how members of the generation after the Holocaust in Israel and the United States confront through their own imaginations a traumatic event they have not directly experienced Among the questions this groundbreaking work raises are Whose memory is it What will the collective memory of the Holocaust be in the twenty first century after the last survivors have given testimony How in the aftermath of the Holocaust do we read and write literature and history How is the memory inscribed in film and art Is the appropriation of the Holocaust to political agendas a desecration of the six million Jews What will the children of survivors pass on to the next generation [A Study Guide for Saul Bellow's \*Seize the Day\*](#) Gale, Cengage Learning, 2015-09-24 [A Study Guide for Saul Bellow's \*Seize the Day\*](#) excerpted from Gale's acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs *Real Phonies* Abigail Cheever, 2010-01-25 The epithet phony was omnipresent during the postwar period in the United States It was an easy appellation for individuals who appeared cynically to conform to codes of behavior for social approbation or advancement Yet Holly Golightly isn't a phony because she's a real phony says her agent in *Breakfast at Tiffany's* In exploring this remark Abigail Cheever examines the ways in which social

influence was thought to deform individuals in midcentury American culture How could a person both be and not be herself at the same time The answer lies in the period's complicated attitude toward social influence If being real means that one's performative self is in line with one's authentic self to be a real phony is to lack an authentic self as a point of reference to lack a self that is independent of the social world According to Cheever Holly Golightly is like a phony in that her beliefs are perfectly in accordance with social norms but she is real insofar as those beliefs are all she has Real Phonies examines the twinned phenomena of phoniness and authenticity across the second half of the twentieth century beginning with adolescents in the 1950s like Holly Golightly and Holden Caulfield and ending with mid-career professionals in the 1990s like sports agent Jerry Maguire Countering the critical assumption that with the emergence of postmodernity the ideal of authentic self disappeared Cheever argues that concern with the authenticity of persons proliferated throughout the past half century despite a significant ambiguity over what that self might look like Cheever's analysis is structured around five key kinds of characters adolescents the insane serial killers and the figures of the assimilated Jew and the company man In particular she finds a preoccupation in these works not so much with faked conformity but with the frightening notion of real uniformity the notion that Holly and others like her could each genuinely be the same as everyone else New Essays on Seize the Day Michael P. Kramer, 1998-12-28 This book provides a multifaceted introduction to Nobel Prize winner Saul Bellow's most widely read respected and taught work of fiction *Seize the Day* This tragicomic story of one day in the life of an average man on the brink of failure and despair is a prime example of the Jewish novels of the 1950s The essays in this volume examine the thematic stylistic and critical elements of Bellow's masterpiece and offer different approaches to how the novel may or may not be thought of as ethnic **Saul Bellow and the Decline in Humanism** Michael K. Glenday, 1990-06-18 This is a study revealing Saul Bellow's views on the decline of humanism With chapters on each of Bellow's novels from *Dangling to More Die of Heartbreak* the author argues that Bellow's vision of modern American culture denies the possibility of humanist enlightenment for his heroes **Jewish American Writing and World Literature** Saul Noam Zaritt, 2020-10-13 *Jewish American Writing and World Literature* Maybe to Millions Maybe to Nobody studies Jewish American writers' relationships with the idea of world literature Writers such as Sholem Asch Jacob Glatstein Isaac Bashevis Singer Anna Margolin Saul Bellow and Grace Paley all responded to a demand to write beyond local Jewish and American audiences and toward the world as a global market and as a transnational ideal Beyond fame and global circulation world literature holds up the promise of legibility in which a threatened origin becomes the site for redemptive literary creativity But this promise inevitably remains unfulfilled as writers struggle to balance potential universal achievements with untranslatable realities rendering impossible any complete arrival in the US and in the world The work examined in this study was deeply informed by an intimate connection to Yiddish a Jewish vernacular with its own global network and institutional ambitions *Jewish American Writing and World Literature* tracks the attempts and failures through translation to find a home for Jewish

vernacularity in the institution of world literature The exploration of the translational uncertainty of Jewish American writing joins postcolonial critiques of US and world literature and challenges Eurocentric and Anglo American paradigms of literary study In bringing into conversation the fields of Yiddish studies American Studies and world literature theory Jewish American Writing and World Literature Maybe to Millions Maybe to Nobody proposes a new approach to the study of modern Jewish literatures and their implication within global empires of culture      **The Hero in Contemporary American Fiction** S. Halldorson, 2007-12-09 This book sets out to write nothing short of a new theory of the heroic for today's world It delves into the why of the hero as a natural companion piece to the how of the hero as written by Northrop Frye and Joseph Campbell over half a century ago The novels of Saul Bellow and Don DeLillo serve as an anchor to the theory as it challenges our notions of what is heroic about nymphomaniacs Holocaust survivors spurious academics cult followers terrorists celebrities photographers and writers of novels who all attempt to claim the right to be hero      Overweight Sensation Mark Cohen, 2013 Examines the comedian's life discussing his rapid fame and decline into obscurity
