Nelson, 2000-01-30

There has been a dramatic resurgence of interest in early African American writing Since the accidental rediscovery and republication of Harriet Wilson's *Our Nig* in 1983 the works of dozens of 19th and early 20th century black writers have been recovered and reprinted There is now a significant revival of interest in the Harlem Renaissance of the 1920s and in the last decade alone several major assessments of 18th and 19th century African American literature have been published Early African American literature builds on a strong oral tradition of songs folktales and sermons Slave narratives began to appear during the late 18th and early 19th century and later writers began to engage a variety of themes in diverse genres A central objective of this reference book is to provide a wide ranging introduction to the first 200 years of African American literature Included are alphabetically arranged entries for 78 black writers active between 1745 and 1945 Among these writers are essayists novelists short story writers poets playwrights and autobiographers Each entry is written by an expert contributor and provides a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies The volume concludes with a selected general bibliography *Hitting A Straight Lick with a Crooked Stick* Susan E Meisenhelder, 2001-06-18

Zora Neale Hurston is a controversial figure equally praised and criticized for her representation of African Americans while some critics emphasize her ebullience and celebration of Black culture others call her fiction stereotypical and essentialist Observing the workings of the recurrent humor in her works helps explode this critical binary opposition Specifically the carnivalesque and the heteroglossia often subvert essentialist notions of Black identity Jonah's Gourd Vine's protagonist the preacher womanizer John Pearson can be seen as an African rather than an African American trickster figure i.e. as a mobile character whose liminality helps him fight essentialist definitions imposed on him by both the white establishment and his own community Janie's romantic search for self fulfillment in *Their Eyes Were Watching God* is undermined by the humor and the carnival which emphasize her shifting and multiply defined identity Finally the African Americanized story of Moses and the Hebrews shows the conflicts involved in their search for a unified national and cultural identity In these three novels Hurston appears as a subversive presence whose manipulation of humor underscores a complex political vision **Encyclopedia of American Literature** Manly, Inc., 2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Brucoli George Parker Anderson Judith S **Richard Wright** Keneth Kinnamon, 2014-11-04

African American writer Richard Wright 1908-1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son* By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by

contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics

Jump at the Sun John Lowe,1997 Lowe has written what may well be the Hurston book for the years to come Werner Sollors Harvard University Lowe s study smartly begins with the assumption that one reason for the stunning popularity of Hurston s work is the verve with which it addresses serious subjects in a comic style Cheryl A Wall editor of Changing Our Own Words Essays on Criticism Theory and Writing by Black Women Appreciative of Hurston s bodacious humor Lowe argues that she is a profoundly serious experimental subversive and therefore unsettling artist Strongly recommended Choice A trailblazing effort a work that will enrich our understanding of Hurston s fiction

Modern Primitives Susanna Pavloska,2014-01-14 This book explores the ways in which the American writers Gertrude Stein Ernest Hemingway and Zora Neale Hurston used modernist primitivism to assert a uniquely American

literary identity in the face of European cultural hegemony The extended Introduction traces the history of primitivism from a classical rhetorical trope to its emergence in the twentieth century as aesthetic exemplified by Picasso and his use of African masks that combined new work in the human sciences especially anthropology and psychology with new ideas in the visual arts to challenge traditional ideas of realism and artistic accomplishment The first two chapters bring together visual evidence published and unpublished writings and linguistic theory to give the first detailed account of the theoretical and gender concerns of the Stein Picasso collaboration which culminated in Picasso's *Les demoiselles d'Avignon* and Stein's *Melanctha* In the final two chapters the author shows how both Hemingway and Hurston participated in the racist scientific debates of the 1920s and used primitivism to find their respective artistic voices Hemingway in his use of American Indians in recasting his life narratives in the Nick Adams stories and Hurston in her attempts to use her anthropological training to construct a mythic African American past

The American Novel After Ideology, 1961-2000 Laurie Rodrigues, 2020-12-10 Claims of ideology's end are on the one hand performative denials of ideology's inability to end while on the other hand paradoxically they also reiterate an idea that ending is simply what all ideologies eventually do Situating her work around the intersecting publications of Daniel Bell's *The End of Ideology* 1960 and J D Salinger's *Franny and Zooey* 1961 Laurie Rodrigues argues that American novels express this paradox through nuanced applications of non realist strategies distorting realism in manners similar to ideology's distortions of reality history and belief Reflecting the astonishing cultural variety of this period *The American Novel After Ideology* 1961-2000 examines *Franny and Zooey* Carlene Hatcher Polite's *The Flagellants* 1967 Leslie Marmon Silko's *Almanac of the Dead* 1991 and Philip Roth's *The Human Stain* 2001 alongside the various discussions around ideology with which they intersect Each novel's plotless narratives dissolving subjectivities and cultural codes organize the texts peculiar relations to the post ideological age suggesting an aesthetic return of the repressed
