A. Milne,2002-04-01 *A Tribe Apart* Patricia Hersch,2013-02-06 For three

fascinating disturbing years writer Patricia Hersch journeyed inside a world that is as familiar as our own children and yet as alien as some exotic culture the world of adolescence As a silent attentive partner she followed eight teenagers in the typically American town of Reston Virginia listening to their stories observing their rituals watching them fulfill their dreams and enact their tragedies What she found was that America s teens have fashioned a fully defined culture that adults neither see nor imagine a culture of unprecedented freedom and baffling complexity a culture with rules but no structure values but no clear morality codes but no consistency Is it society itself that has created this separate teen community Resigned to the attitude that adolescents simply live in a tribe apart adults have pulled away relinquishing responsibility and supervision allowing the unhealthy behaviors of teens to flourish Ultimately this rift between adults and teenagers robs both generations of meaningful connections For everyone s world is made richer and more challenging by having adolescents in it **No**
