

# The New Macedonian Question and the European integration

Antonio Muñoz Sánchez © 2002

urtier@hotmail.com

This article was prompted by the recent judgment of the Court of Human Rights on the Macedonian minority in Bulgaria<sup>1</sup>. The judgment is a direct criticism of the Bulgarian model of recognition of its minorities. This is striking from a political point of view since in Bulgaria, unlike other countries in the region, the issue of minorities has not been a factor of internal conflict since the end of Communism, partly owing to this model of minority participation which is now being called into question.

<sup>1</sup> See European Court of Human Rights, *Case of Stankov and the United Macedonian Organisation Ilinden versus Bulgaria*, Strasbourg, 2 October 2001. The basic message is that Bulgaria may not ban the activities of an organisation that calls for the end of the state and the union of some of its regions with a neighbouring country.

# New Macedonian Question
