Copyright Office, 1975 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc *Gilbert Sorrentino* William McPherson, 1991 The trajectory of Gilbert Sorrentino's literary life can be tracked in this bibliography from his first short story in a 1956 issue of his college literary magazine through his involvement with the New York publishing scene in the 1960s and 1970s and finally into the 1980s and early 1990 when his work as at the beginning once again is being published by small presses The bibliography treats writings both by and about Sorrentino uniting in one volume exhaustive descriptive analyses of primary works with annotated treatment of secondary sources It thereby serves the needs not only of scholars and collectors interested in the physical production of Sorrentino's books but also of literary critics concerned with matters of reception and interpretation **Paperbound Books in Print**, 1983 The Publishers' Trade List Annual, 1875 *The Journal of Narrative Technique*, 1991 **Tennessee Williams** George W. Crandell, 1995 This comprehensive collection describes all the published works by one of America's most famous and prolific dramatists Author of *Glass Menagerie* *A Streetcar Named Desire* *Cat on a Hot Tin Roof* and many other dramas presented on both stage and screen Tennessee Williams was also the writer of short stories poetry novels essays and autobiography **American Book Collector**, 1981 **New Directions 54** James Laughlin, Peter Glassgold, Griselda Jackson Ohannessian, 1990-11 Since 1936 the New Directions in Prose and Poetry anthologies have served as vehicles for the presentation of new and variant trends in world literature **Invisible Terrain** Stephen Joseph Ross, 2017 Stephen J Ross examines the concept of nature in the work of John Ashbery Through close readings of Ashbery's poetry and critical prose he reveals Ashbery's work to be a case study of the dramatic transformation of nature in art and literature since World War II The New American Poetry John R. Woznicki, 2013-12-24 The New American Poetry Fifty Years Later is a collection of critical essays on Donald Allen's 1960 seminal anthology *The New American Poetry* an anthology that Marjorie Perloff once called the fountainhead of radical

American poetics The New American Poetry is referred to in every literary history of post World War II American poetry Allen's anthology has reached its fiftieth anniversary providing a unique time for reflection and reevaluation of this preeminent collection As we know Allen's anthology was groundbreaking it was the first to distribute widely the poetry and theoretical positions of poets such as Charles Olson Allen Ginsberg and the Beats and it was the first to categorize these poets by the schools Black Mountain New York School San Francisco Renaissance and the Beats by which they are known today Over the course of fifty years this categorization of poets into schools has become one of the major if not only way that The New American Poetry is remembered or valued one certain goal of this volume as one reviewer invites is to pry The New American Poetry out from the hoary platitudes that have encrusted it To this point critics mostly have examined The New American Poetry as an anthology former treatments of The New American Poetry look at it intently as a whole Though the almost singularly focused study of its construction and less often reception has lent a great deal of documented highly visible and debated material in which to consider we have been left with certain notions about its relevance that have become imbued ultimately in the collective critical consciousness of postmodernity This volume however goes beyond the analysis of construction and reception and achieves something distinctive extending those former treatments by treading on the paths they create This volume aims to discover another sense of radical that Perloff articulated rather than a radical that departs markedly from the usual we invite consideration of The New American Poetry that is radical in the sense of root of harboring something fundamental something inherent as we uncover and trace further elements correlated with its widespread influence over the last fifty years

New Directions in Prose and Poetry 55 James Laughlin, 1991-11-01 Since 1936 the New Directions in Prose and Poetry anthologies have served as vehicles for the presentation of new and variant trends in world literature

Cold War Modernists Greg Barnhisel, 2015-02-24 European intellectuals of the 1950s dismissed American culture as nothing more than cowboy movies and the A bomb In response American cultural diplomats tried to show that the United States had something to offer beyond military might and commercial exploitation Through literary magazines traveling art exhibits touring musical shows radio programs book translations and conferences they deployed the revolutionary aesthetics of modernism to prove particularly to the leftists whose Cold War loyalties they hoped to secure that American art and literature were aesthetically rich and culturally significant Yet by repurposing modernism American diplomats and cultural authorities turned the avant garde into the establishment They remade the once revolutionary movement into a content free collection of artistic techniques and styles suitable for middlebrow consumption Cold War Modernists documents how the CIA the State Department and private cultural diplomats transformed modernist art and literature into pro Western propaganda during the first decade of the Cold War Drawing on interviews previously unknown archival materials and the stories of such figures and institutions as William Faulkner Stephen Spender Irving Kristol James Laughlin and Voice of America Barnhisel reveals how the U S government reconfigured modernism as a trans Atlantic

movement a joint endeavor between American and European artists with profound implications for the art that followed and for the character of American identity **American Literature and the Destruction of Knowledge** Ronald E.

Martin,1991 This challenging study of a number of American writers belongs in the tradition of the history of ideas approach to literary history It offers an analysis of American literary developments and the relationship between writers and the philosophical and social thought of their times Martin examines the works of Emerson Whitman Dickinson Crane Frost Pound Hemingway Dos Passos Stevens Williams and several others with a sharp eye for the artistic consequences of changing epistemological assumptions and for the connection of ideas and form ISBN 0 8223 1125 9 29 95 **Shy of the Squirrel's**

Foot Andy Martrich,2024-11-12 The Jargon Society a boundary pushing publisher of poetry and experimental writing was founded by Jonathan Williams 1929 2008 in 1951 Jargon quickly gained a reputation as the home of the poetic and literary avant garde including noted midcentury poets like Charles Olson and Lorine Niedecker Williams himself looms large in this story as the publisher at Jargon until his death making this book as much about his life and work as the press he founded which today operates through the Black Mountain College Museum in Asheville North Carolina Andy Martrich authors this story in a manner befitting Jargon s ethos of literary experimentation by focusing on the books the Society cataloged but never published While it s not uncommon for a small press to plan for books that don t make it to publication Martrich argues that Jargon s incessant financial difficulties coupled with Williams s impressive network makes its trail of unfinished projects unique and an ideal way to chronicle the press itself Using archival research interviews with volunteers at Jargon and more Martrich gives readers not only an intimate look into a Southern press and publisher but also an important history of modern and experimental literature in twentieth century America **Shy of the Squirrel's Foot** includes an epilogue by Anne Midgette an afterword by Nicole Raziya Fong and Jargon s complete annotated bibliography which details every book the press published compiled in one place for the first time **Short Form American Poetry** Will Montgomery,2020-06-18 Reading a

century of American poetry through the prism of short form this book analyses the centrality of an aesthetic of brevity to American modernist verse **Part of the Climate** Jacqueline Vaught Brogan,2023-12-22 Part of the Climate convincingly redefines American modernist poetry in light of developments in modern painting particularly cubism The traditional separation of the verbal and visual arts is cast aside here as Brogan encourages a re evaluation of modernism itself Moreover readers of modern poetry and literature will find this critical work doubly useful since the author places the poetry of well known modernists such as Pound Eliot and Williams alongside the harder to find work of important experimentalists such as Mina Loy Louis Zukofsky Gertrude Stein and George Oppen Jacqueline Vaught Brogan has assembled this much needed collection of experimental verse from the interwar years by going to the small magazines through which the poems reached their public She not only shows how significantly many of these American poets of the early twentieth century were influenced by the aesthetic development of cubism in the visual arts but also argues that the cubist aesthetic at least as it

translated into the verbal domain invariably involved political and ethical issues The most important of these concerns was to extend the aesthetic revolution of cubism into a genuine revolution of the word Brogan maintains in fact that the multiplicity inherent in cubism anticipates the deconstructive enterprise now seen in criticism itself With this history of the cubist movement in American verse she raises serious questions about the politics of canonization and asks us to consider the ethical responsibility of interpretation both in the creative arts and in critical texts Part of the Climate convincingly redefines American modernist poetry in light of developments in modern painting particularly cubism The traditional separation of the verbal and visual arts is cast aside here as Brogan encourages a re evaluation **Short Story Index** ,1974
