and Area Studies Excerpt from the foreword by ABE Shinz former Prime Minister of Japan I think this book is the timeliest attempt to bring together the wisdom of eleven people to present a multifaceted view of the FOIP Free and Open Indo Pacific As a reader I would like to express my gratitude to the editors and contributors for their valuable intellectual contributions See the preview function on this website to access the full text   Teaching and Researching Chinese EFL/ESL Learners in Higher Education Zhongshe Lu,Meihua Liu,Wenxia Zhang,2021-06-21 China has attached great importance to teaching students to become proficient users of English Yet despite a plethora of studies and practice on Chinese ESL EFL English as a second foreign language learners the large student population its complicated composition and the complex nature of second and foreign language learning have rendered it difficult to offer a panoramic view on ESL EFL teaching and learning of Chinese learners This book provides a new and up to date perspective on the teaching and learning of Chinese ESL EFL learners The book collects 15 case studies falling into two parts Curriculum Development and Teaching Practice and Skills Based Research The collected studies deploy qualitative quantitative or mixed methods to explore patterns features developments and causes and effects of a variety of issues in the sphere of ESL EFL teaching and learning Moreover the cases offer insights that are relevant beyond the mainland Chinese context such as Hong Kong Macau Britain and Australia Students and scholars of TESOL and applied linguistics will be interested in this title   *Education, Culture, and Identity in Twentieth-century China* Glen Peterson,Ruth Hayhoe,Yongling Lu,2001 A comprehensive collection on twentieth century educational practices in China   **Reported Speech in Chinese and English Newspapers** XIN Bin,GAO Xiaoli,2021-05-25 Reported speech is a universal form across human languages However previous studies have tended to be limited because they mostly emphasize on the form and authenticity of reported speech while its discourse and pragmatic functions have largely been ignored Meanwhile the studies mainly focus on English with a comparative perspective with other languages largely missing Acknowledging these limitations this book analyzes the textual and pragmatic functions of reported speech in Chinese and English The authors build a corpus comprising of twelve Chinese and English newspapers including China Daily and The New York Times They examine the classification and distribution of reported speech the form and function in different news genres and contexts and the socio pragmatic interpretation of reported speech in news and other issues This title can enrich comparative linguistic research verify the feasibility of combining critical linguistics and corpus technology and help improve the production and understanding of news reports Students and scholars of critical discourse analysis comparative linguistics corpus linguistics as well as communication studies will find this to be an essential guide   **Danger Zone: The Coming Conflict with China** Michael Beckley,Hal Brands,2022-08-16 A provocative and urgent analysis of the U S China rivalry It has become conventional wisdom that America and China are running a superpower marathon that may last a century Yet Hal Brands and Michael Beckley pose a counterintuitive question What if the sharpest phase of that competition is more like a decade long sprint The Sino American contest is driven by clashing geopolitical interests and a

stark ideological dispute over whether authoritarianism or democracy will dominate the 21st century But both history and China s current trajectory suggest that this rivalry will reach its moment of maximum danger in the 2020s China is at a perilous moment strong enough to violently challenge the existing order yet losing confidence that time is on its side Numerous examples from antiquity to the present show that rising powers become most aggressive when their fortunes fade their difficulties multiply and they realize they must achieve their ambitions now or miss the chance to do so forever China has already started down this path Witness its aggression toward Taiwan its record breaking military buildup and its efforts to dominate the critical technologies that will shape the world s future Over the long run the Chinese challenge will most likely prove more manageable than many pessimists currently believe but during the 2020s the pace of Sino American conflict will accelerate and the prospect of war will be frighteningly real America Brands and Beckley argue will still need a sustainable approach to winning a protracted global competition But first it needs a near term strategy for navigating the danger zone ahead **The Legal Image of China in Chinese Legal Tradition** Xiaobo Dong, *Smokeless War* Manoj Kewalramani,2021-06-28 In January 2020 the COVID 19 outbreak in China was viewed as a black swan event threatening the Communist Party s rule Two short months later however China appeared to have controlled the virus while the rest of the world struggled to respond As country after country imposed lockdowns of varying strictness and the human cost began to rise geopolitical frictions flared up over the origins of the virus along with Beijing s early failures diplomacy and discourse Smokeless War China s Quest for Geopolitical Dominance offers a gripping account of the Communist Party of China s political diplomatic and narrative responses during the pandemic Drawing on the latest academic research and Chinese language sources it discusses the Party State s efforts to achieve greater discourse power and political primacy as it sought to convert a potentially existential crisis into a historic opportunity In doing so the author provides an insightful account of the Communist Party of China s approaches to cultivating sources of strength and exercise of power **Report to Congress of the U.S.-China Economic and Security Review Commission** U.S.-China Economic and Security Review Commission,2014 **Computational Social Science** Wei Luo,Maria Ciurea,Santosh Kumar,2021-02-18 Selected papers from the International Conference on New Computational Social Science focusing on the following five aspects Big data acquisition and analysis Integration of qualitative research and quantitative research Sociological Internet experiment research Application of ABM simulation method in Sociology Research Research and development of new social computing tools With the rapid development of information technology especially sweeping progress in the Internet of things cloud computing social networks social media and big data social computing as a data intensive science is an emerging field that leverages the capacity to collect and analyze data with an unprecedented breadth depth and scale It represents a new computing paradigm and an interdisciplinary field of research and application A broad comprehension of major topics involved in social computing is important for both scholars and practitioners This proceedings presents and discusses key
