Abasciano, 2022-07-14 Brian Abasciano continues his project examining the use of the Old Testament in Romans 9 building upon his previous two volumes and their intertextual methodology This method incorporates into a thorough traditional exegesis a comprehensive analysis of Paul's use of Scripture against the background of interpretive traditions

surrounding the texts alluded to with great emphasis placed on analyzing the original contexts of Paul's citations and allusions. Such an intertextual exegesis is conducted in Romans 9:19-24 with an awareness of the broader unit of chapters 9-11 especially and also the epistle as a whole.
