New Japan

Glenn D. Hook, Gavan McCormack

New Japan:

A New Japan for the Twenty-First Century Rien T. Segers, 2008-03-13 Many people in the West portray Japan as being fixed in its ways and unable to change and consequently risking national decline and international loss of prestige However in fact Japan is at present in a significant transition period comparable to the Meiji Restoration of 1868 or the period immediately after the Second World War This transition period comes with a mixture of events and situations which are difficult to interpret both for foreign as well as domestic commentators and decision makers In this book a range of senior experts from inside Japan outline the many considerable changes currently taking place in a wide range of fields including the economy business and technology politics governance and international relations and a wide range of social issues the media the position of women nationalism and national consciousness and religion Overall the book provides a corrective to misplaced Western and Eastern views it aims to redirect stereotyped thinking about contemporary Japan both inside as well as outside the country In addition it gives a summary overview of contemporary Japan its current changes and problems in short the inside story of the second strongest national economy in the world which is in the process of fundamental re engineering and which will continue to have a huge impact globally going forward **Japan's Siberian Intervention,**

1918-1922 Paul E. Dunscomb, 2011-01-01 The first complete narrative of Japan's Siberian Intervention in either Japanese or English placing the intervention in the context of the evolution of Japanese imperialism and of its domestic politics It represents a missing link in the larger narrative of Japan's quest for modernity through empire and the ambivalent relationship of the Japanese with their imperial mission The History of Modern Japanese Education Benjamin Duke, 2008-12-30 The History of Modern Japanese Education is the first account in English of the construction of a national school system in Japan as outlined in the 1872 document the Gakusei Divided into three parts tracing decades of change the book begins by exploring the feudal background for the Gakusei during the Tokugawa era which produced the initial leaders of modern Japan Next Benjamin Duke traces the Ministry of Education's investigations of the 1870s to determine the best western model for Japan including the decision to adopt American teaching methods He then goes on to cover the eventual reverse course sparked by the Imperial Household protest that the western model overshadowed cherished Japanese traditions Ultimately the 1890 Imperial Rescript on Education integrated Confucian teachings of loyalty and filial piety with Imperial ideology laying the moral basis for a western style academic curriculum in the nation's schools Japanese Studies, 2010 Papers presented at the three day International Conference on Changing Global Profile of Japanese Studies Trends and Prospects held at New Delhi during 6-8 March 2009 Japan Report, 1979 Norms, Interests, and Power in Japanese Foreign Policy Y. Sato, 2008-10-13 This edited volume puts forth a theoretically and empirically rigorous analysis of Japanese foreign policy Nine case studies on Japan's security economic and environmental policies in this volume examine how norms do or do not guide Japanese foreign policy and how they interact with interests and power The Japan Daily Mail, 1904

Japan William Elliot Griffis,1923 *Japan's Contested Constitution* Glenn D. Hook,Gavan McCormack,2004-08-02 Japan's Contested Constitution is essential reading for anyone with an interest in Japanese domestic politics and the international role of Japan Subjects covered include the no war pacifist clause tension between the constitution and the US Japan security treaty the political import of the constitution for Japanese political parties the significance of the constitution for the Japanese people The Far East and Australasia 2003 Europa Publications,2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume

Japan's Environmental Politics and Governance Yasuo Takao,2016-11-03 Environmental issues stretch across scales of geographic space and require action at multiple levels of jurisdiction including the individual level community level national level and global level Much of the scholarly work surrounding new approaches to environmental governance tends to overlook the role of sub national governments but this study examines the potential of sub national participation to make policy choices which are congruent with global strategies and national mandates This book investigates the emerging actors and new channels of Japan's environmental governance which has been taking shape within an increasingly globalized international system By analysing this important new phenomenon it sheds light on the changing nature of Japan's environmental policy and politics and shows how the links between global strategies national mandates and local action serve as an influential factor in Japan's changing structures of environmental governance Further it demonstrates that decision making competencies are shared between actors operating at different levels and in new spheres of authority resulting from collaboration between state and non state actors It highlights a number of the problems challenges and critiques of the actors in environmental governance as well as raising new empirical and theoretical puzzles for the future study of governance over environmental and global issues Finally it concludes that changes in the tiers and new spheres of authority are leading the nation towards an environmentally stable future positioned within socio economic and political constraints Demonstrating that bridging policy gaps between local action national policy and global strategies is potentially a way of reinventing environmental policy this book will be of interest to students and scholars of Environmental Studies

Environmental Politics and Japanese Politics *Examining Japan's Lost Decades* Yoichi Funabashi,Barak Kushner,2015-04-10 This book examines five features of Japan's Lost Decades the speed of the economic decline in Japan compared to Japan's earlier global prowess a rapidly declining population considerable political instability and failed reform attempts shifting balances of power in the region and changing relations with Asian neighbouring nations and the lingering legacy of World War Two Addressing the question of why the decades were lost this book offers 15 new perspectives ranging from economics to ideology and beyond Investigating problems such as the risk averse behaviour of Japan's bureaucracy and the absence of strong political leadership the authors analyse how the delay of loss cutting policies led to the 1997 financial crisis and a state of political gridlock where policymakers could not decide on firm strategies that would benefit national

interests To discuss the rebuilding of Japan the authors argue that it is first essential to critically examine Japan's Lost Decades and this book offers a comprehensive overview of Japan's recent 20 years of crisis The book reveals that the Lost Decades is not an issue unique to the Japanese context but has global relevance and its study can provide important insights into challenges being faced in other mature economies With chapters written by some of the world's leading Japan specialists and chapters focusing on a variety of disciplines this book will be of interest to students and scholars in the areas of Japan studies Politics International Relations Security Studies Government Policy and History **The Japanese-us Alliance**

Tatsuo Akaneya,1998 **Sino-Japanese Relations in a Trilateral Context** Yun Zhang,2016-11-24 This book explains the increasingly turbulent Sino Japanese relations since the 2000s by innovatively investigating the formation mechanism of mutual misperception deeply rooted in China Japan U S trilateral structural dynamics The political and security relationship has been increasingly deteriorating against the high interdependency between the world's second and third largest economies More ironically both sides have also shown the intent and made efforts to improve bilateral ties The author systematically conducts a focused comparison of the evolution of the Sino Japanese mutual perceptions and policies toward one another during the past decade and a half Empirically Yun Zhang closely examines five case studies that provide insights to IR students and scholars and policy makers on how misperception and mistrust have formed replicated and intensified

Japan's Foreign Policy Since 1945 Kevin J. Cooney,2015-03-26 This student friendly text provides a detailed and up to date assessment of Japan's foreign policy since 1945 including policy options and choices that Japan faces in the twenty first century Using information based on interviews with policymakers in Japan the author provides new insight into Japan's foreign policy options and analyzes the nation's evolving role in international affairs The book begins with a brief overview of major issues related to Japan's foreign policy since the mid nineteenth century and then focuses on the direction of Japanese foreign policy from 1945 to the present It examines issues such as Article Nine of the Japanese Constitution national security needs the way Japan views the world around it the role of nationalism in setting policy and the influence of big industry It also includes material on Japan's response to 9 11 and the war in Iraq Designed for both undergraduate and graduate level courses the text includes Discussion Questions maps a detailed bibliography with suggestions for further reading and an Appendix with the Japanese Constitution for easy reference **A Companion to Japanese History** William M.

Tsutsui,2009-07-20 *A Companion to Japanese History* provides an authoritative overview of current debates and approaches within the study of Japan's history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies **The Statesman's Year-Book** M.

Epstein,2016-12-23 The classic reference work that provides annually updated information on the countries of the world

The Japanese Market United States. Congress. Joint Economic Committee,1990 **The Japan Magazine** ,1910

Japanese (re)militarization and Asia Rajesh Kapoor, 2011 Notwithstanding the ongoing friction between pacifists and supporters of militarization Japan has managed to build up its defence capabilities This book explores how this process affects the rest of Asia

Uncover the mysteries within Crafted by is enigmatic creation, Embark on a Mystery with **New Japan** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
