Public Library of New South Wales, 1906 **Literary Celebrity, Gender, and Victorian Authorship, 1850-1914** Alexis Easley, 2011-04-29 This study examines literary celebrity in Britain from 1850 to 1914 Through lively analysis of rare cultural materials Easley demonstrates the crucial role of the celebrity author in the formation of British national identity As Victorians toured the homes and haunts of famous writers they developed a sense of shared national heritage At the same time by reading sensational accounts of writers lives they were able to reconsider conventional gender roles and domestic arrangements As women were featured in interviews and profiles they were increasingly associated with the ephemerality of the popular press and were often excluded from emerging narratives of British literary history which defined great literature as having a timeless appeal Nevertheless women writers were able to capitalize on celebrity media as a way of furthering their own careers and retelling history on their own terms Press attention had a more positive effect on men s literary careers since they were expected to assume public identities however in some cases media exposure had the effect of sensationalizing their lives bodies and careers With the development of proto feminist criticism and historiography the life stories of male writers were increasingly used to expose unhealthy domestic relationships and imagine ideal forms of British masculinity The first section of Literary Celebrity explores the practice of literary tourism in Victorian Britain focusing specifically on the homes and haunts of Charles Dickens Christina Rossetti George Eliot Elizabeth Barrett Browning and Harriet Martineau This investigation incorporates analysis of fascinating cultural texts including maps periodicals and tourist guidebooks Easley links the practice of literary tourism to a variety of cultural developments including nationalism urbanization spiritualism the women s movement and the expansion of popular print culture The second section provides fresh insight into the ways that celebrity culture informed the development of Victorian historiography Easley demonstrates how women were able to re tell history from a proto feminist perspective by writing contemporary history participating in architectural reform movements

and becoming active in literary society
