New Loftspace Design:

The Lofts of SoHo Aaron Shkuda, 2024-06-19 A groundbreaking look at the transformation of SoHo American cities entered a new phase when beginning in the 1950s artists and developers looked upon a decaying industrial zone in Lower Manhattan and saw not blight but opportunity cheap rents lax regulation and wide open spaces Thus SoHo was born From 1960 to 1980 residents transformed the industrial neighborhood into an artist district creating the conditions under which it evolved into an upper income gentrified area Introducing the idea still potent in city planning today that art could be harnessed to drive municipal prosperity SoHo was the forerunner of gentrified districts in cities nationwide spawning the notion of the creative class In *The Lofts of SoHo* Aaron Shkuda studies the transition of the district from industrial space to artists enclave to affluent residential area focusing on the legacy of urban renewal in and around SoHo and the growth of artist led redevelopment Shkuda explores conflicts between residents and property owners and analyzes the city's embrace of the once illegal loft conversion as an urban development strategy As Shkuda explains artists eventually lost control of SoHo's development but over several decades they nonetheless forced scholars policymakers and the general public to take them seriously as critical actors in the twentieth century American city *Lofts*, 2004 Lofts by definition are former commercial spaces that have been converted for residential use and living work environments But lofts by design are vast silent expanses soaring arches stalwart steel girders massive beams and all the powerful drama of a curtain time stage set Lofts are a designer's dream The importance of urban loft design for the architectural and design world is highlighted in this collection of the finest most dramatic of these transformed spaces *Lofts New Designs for Urban Living* takes you on an intimate tour of residential lofts in the major cities of the world including New York Los Angeles Sydney London Toronto Paris and Tokyo Projects include work from cutting edge designers Roto Fred Fisher Peter Anders Neil Frankel Briggs Iacucci Peter Tow Kar Ho Moneo Brock Belmont Freeman Lotek Brayton Hughes and more Complete with informative text *Lofts* features full color photographs plans and a valuable resource guide for anyone who has every dreamed of converting a commercial building into a residential loft

Interior Design: Conceptual Basis Anthony Sully, 2024-03-01 This book introduces interior design as a conceptual way of thinking which is about ideas and how they are formulated Now in its second edition the book is enlarged to include topical subjects such as artificial intelligence sustainability and climate change The book prepares designers to focus on each concept independently as much as possible whilst acknowledging relative connections without unwarranted influences unfairly dictating a conceptual bias and is about that part of the design process called conceptual analysis The major themes of this second edition of *Interior Design Conceptual Basis* are the seven concepts of planning circulation 3D construction materials colour and lighting which cover the entire spectrum of a designer's activity It is assumed that the site location building and orientation as well as the client's brief of activities and needs have been digested and analysed to provide the data upon which the design process can begin Designed as a highly visual

illustrative book as the interior design medium demands the hands on creative process of designing is detailed with original drawn illustrations Concentrating on the conceptual process of designing interiors and defining what these concepts are this book helps the designer to organise his her process of designing and to sharpen the links between the various skill bases necessary to do the job This book is stimulating for students and instructors alike and is aimed at any student who maybe majoring in interior design interior architecture architecture design thinking or furniture design It is also useful reference for students of design management and design leadership

New York Magazine ,1982-03-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Remaking London Ben Campkin,2013-08-13 Between the slum clearances of the early twentieth century and debates about the post Olympic city the drive to regenerate London has intensified Yet today with a focus on increasing land values regeneration schemes purporting to foster diverse and creative new neighbourhoods typically displace precisely the qualities activities and communities they claim to support In Remaking London Ben Campkin provides a lucid and stimulating historical account of urban regeneration exploring how decline and renewal have been imagined and realised at different scales Focussing on present day regeneration areas that have been key to the capital s modern identity Campkin explores how these places have been stigmatised through identification with material degradation and spatial and social disorder Drawing on diverse sources including journalism photography cinema theatre architectural design advertising and television he illuminates how ideas of decline drive urban change Richly illustrated and engagingly written Remaking London is both a compelling account of contested sites from the capital s recent history and a powerful critique of the contradictions of contemporary regeneration

Studio Works 5 Harvard University. Graduate School of Design,1998 This text reflects and documents the spirit and character of the design studios at Harvard s Graduate School of Design through student work and texts dialogues and interviews It includes work from each department architecture landscape architecture and urban planning and design

Office Design Sourcebook , The New Country Dean Keyworth,2023-01-04 Your client has decided to move out of the city to a country property But they want to create a stylish urban home in their new rural idyll As a designer it can seem difficult to recreate a metropolitan style while working within the more confined parameters of the country This book shows you how to create a sophisticated scheme while also understanding the practicalities of designing for rural living This practical and attractive design guide including inspirational case studies gives a fresh perspective on designing for country homes explaining how to integrate contemporary style while engaging with current concerns such as how to design for sustainable building and wellbeing Individual chapters cover various key rooms around the house with design ideas and practical tips to make them both

comfortable and workable as well as beautiful spaces The design element of this book explores materials and finishes as well as styling that stand up to country life the importance of using local materials and crafts people where possible and being aware of the architecture of the house and how it fits with the rural context Case studies from a variety of exciting interior designers illustrate how following practical guidelines need not result in an uninspiring interior but can result in an eclectic contemporary finish *Multifamily Trends*, 2005

Programming and Research Rose Mary Botti-Salitsky, 2017-03-09

Programming and Research Skills and Techniques for Interior Designers provides a step by step approach to mastering the process of documenting client and user requirements for any design project Replete with examples and analyses of student and professional work this book guides its readers through the creation of their own program documents Both the National Council for Interior Design Qualification NCIDQ and the Council for Interior Design Accreditation CIDA consider programming a required core of knowledge Programming and Research focuses on how the study of programming for interior designers prepares students for and advances them into the professional realm This second edition is updated with the latest information interior designers must be equipped with including new coverage on evidence based design integrated project delivery IPD building information modeling BIM design across disciplines LEED programming designing on a budget and time management

The Greened House Effect Jeff Wilson, 2013-05-24

With greater public awareness of the need for energy independence the issue of how we can make our existing homes more resource efficient is becoming ever more critical Residential buildings make up a large fraction of our energy needs largely due to heating and air conditioning So it is no longer enough to simply do the small stuff like switching to compact fluorescent bulbs or turning down the thermostat at night In *The Greened House Effect* author Jeff Wilson brings his twenty five years of construction experience and knowledge of home building to bear on making our current houses cleaner greener and healthier Think of a deep energy retrofit DER as a home makeover one that represents a significant investment but that saves money from the get go by capturing the energy you drop on the ground every month every year through inefficiency poor design or simply living in a typical older home Using his own family's DER of their 1942 home as a prime example Wilson weaves a readable narrative at a practical hammer and nail level He presents the solutions to our building and energy problems making them seem possible for average homeowners and small contractors by offering the right set of information skills and materials More technical information is presented in sidebars and graphs and numerous color photos illustrate the process including Testing the energy efficiency of your home and learning where improvements need to be made Issues of local building codes and regulations Financing and paying for a DER Major components of the DER such as roofs exterior walls basements and home systems Wilson's building experience along with his lifelong passion for energy issues all come together to form an inspirational can do approach to making our neighborhood our community our nation and our world a better place one home at a time

Developments in Information & Knowledge Management for Business Applications Natalia Kryvinska, Aneta Poniszewska-Marańda, 2021-06-28

Encyclopedia of Interior Design Joanna Banham,1997-05 First published in 1997 Routledge is an imprint of Taylor Francis an informa company **New York Magazine** ,1985-02-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Resources in Education** ,1970 **Research in Education** ,1970

Architectural Engineering: New Concepts, New Methods, New Materials, New Applications Architectural Record (New York, N.Y.),1925 *Lewis.Tsurumaki.Lewis* Paul Lewis,Marc Tsurumaki,David J. Lewis,2008 What if the constraints and limitations of architecture became the catalyst for design invention The award winning young architecture firm Lewis Tsurumaki Lewis calls their answers to this question opportunistic architecture It is a design philosophy that transforms the typically restrictive conditions of architectural practice small budgets awkward spaces strict zoning into generators of architectural innovation Lewis Tsurumaki Lewis presents a diverse selection of built and speculative projects ranging from small installations to larger institutional buildings Built projects are accompanied by thought provoking texts beautiful drawings and photographs An appendix distills their design philosophy into five tactics a readymade code for students and practitioners looking for design ideas for the real world Lewis Tsurumaki Lewis is an architecture partnership established in New York City in 1997 by Marc Tsurumaki Paul Lewis and David J Lewis Paul Lewis is Assistant Professor at Princeton University Marc Tsurumaki is Adjunct Professor at Columbia University David J Lewis is Associate Professor at Parsons The New School for Design **Building Regulations Explained** London District Surveyors Association,John Stephenson,2013-08-06 Almost all buildings erected or altered in England and Wales must satisfy the requirements of the building regulations This essential reference has been revised in line with new legislation up to January 2004 including important revisions to Parts B E H J L1 L2 and M and an outline of the proposed Part P Each chapter explains in clear terms the appropriate regulation and any other legislation before explaining the approved document The Appeals and

Determinations have been repositioned at the end of each chapter Publications lists and relevant sources of information are also included together with annexes devoted to legislation relevant to the construction industry determinations made by the Secretary of State and sample check lists This highly illustrated and practical approach to the subject makes this the indispensable one stop reference guide for professionals and students Retrouvius Maria Speake, 2025-09-16 London based design studio Retrouvius has carved a unique and important niche in the interior design and architecture spheres by blending architectural salvage with innovative design Every project is a reinvention of the past and a promise made to our shared future In a world increasingly defined by the fleeting and the disposable Retrouvius stands as a beacon of sustainability creativity and enduring beauty in interior design Each space transformed by the studio is imbued with a history and a character uniquely its own and a deep respect and sensitivity for original historic designs and materials As interior designers and architects increasingly adopt sustainable practices to reduce their environmental footprint Retrouvius has been discovering new life in the old and patinaed new purpose in the centuries overlooked Its work is a testament to the belief that sustainability can be synonymous with sophistication and that the past can beautifully and intelligently inform the present This important volume is an invitation to explore the world of Retrouvius through the design studio s most significant projects Through stunning photography and insightful texts this book journeys into the heart of spaces that are as functional as they are artful as timeless as they are tailored to contemporary living
