

OPERATION SUDDEN FIRE

by Drews Pod 9

In the midst of the Interpolar War, the Norlight—landed Vigilance entered Republican territory and opened fire on Aquitaine with heavy artillery. When the shelling let up in the morning of the 40th, Northern forces moved into the city and heavy street fighting occurred. When the assault was broken off, most of Aquitaine was destroyed. After the destruction of the city-state, the Southern MILICIA and the SRA launched a series of punitive strikes against the Northern-based forces deployed in the region. Patched battles erupted across the Badlands, causing chaos and destruction. **HEAVY GEAR** TACTICAL SUPPLEMENT
