Trygve Tholfsen

Radical Artisan William James Linton 1812-97:

Radical Artisan, William James Linton, 1812-97 Francis Barrymore Smith, 1973 **English Education and the Radicals (RLE Edu L)** Harold Silver, 2012-05-16 The radicalism of the period from the 1780s to the mid nineteenth century represented a harnessing of knowledge in protest against injustices and oppression a pooling of effort to transform society In this book the author explores the main strains in working and middle class radicalism over this crucial period with emphasis on the educational ideas and activities of radical movements their spokesmen and ideologies The author stresses some of the central educational interests of radical movements through the radical organizations of the 1780s and 1790s and early nineteenth century political and social movements including the utilitarians Owenites Chartists and Tory radicals He discusses educational ideas and action with regard to infants and adults basic literacy and political understanding examines some of the forms of study self education and propaganda to political action This book is a study in miniature of the processes of political and social change in a period of industrial political and social revolution its theme is education in its widest sense **Prairie Metropolis** Esyllt W. Jones, Gerald Friesen, 2009-09-15 At the turn of the twentieth century Winnipeg was the fastest growing city in North America But its days as a diverse and culturally rich metropolis did not end when the boom collapsed **Prairie Metropolis** brings together some of the best new graduate research on the history of Winnipeg and makes a groundbreaking contribution to the history of the city between 1900 and the 1980s The essays in this collection explore the development of social institutions such as the city's police force juvenile court health care institutions volunteer organizations and cultural centres They offer critical analyses on ethnic gender and class inequality and conflict while placing Winnipeg's experiences in national and international contexts **Beyond the Lines** Joshua Brown, 2023-04-28 In this wonderfully illustrated book Joshua Brown shows that the wood engravings in the illustrated newspapers of Gilded Age America were more than a quaint predecessor to our own sophisticated media As he tells the history and traces the influence of Frank Leslie's Illustrated Newspaper with relevant asides to Harper's Weekly the New York Daily Graphic and others Brown recaptures the complexity and richness of pictorial reporting He finds these images to be significant barometers for gauging how the general public perceived pivotal events and crises the Civil War Reconstruction important labor battles and more This book is the best available source on the pictorial riches of Frank Leslie's newspaper and the only study to situate these images fully within the social context of Gilded Age America **Beyond the Lines** illuminates the role of illustration in nineteenth century America and gives us a new look at how the social milieu shaped the practice of illustrated journalism and was in turn shaped by it In this wonderfully illustrated book Joshua Brown shows that the wood engravings in the illustrated newspapers of Gilded Age America were more than a quaint predecessor to our own sophisticated media As he tells the history and traces the influence of DIV **The Dawn of the Cheap Press in Victorian Britain** Martin Hewitt, 2013-12-05 The Dawn of the Cheap Press provides the first detailed study of the mid Victorian campaign for the repeal of the taxes on

knowledge for over a hundred years Using the recently discovered papers of the Association for the Promotion of the Repeal of the Taxes on Knowledge and taking advantage of new forms of research made possible by the digitisation of nineteenth century newspapers it assesses the impact of the removal of the last surviving legal disabilities on the newspaper industry the nature of journalism and the cultures and practices of newspaper reading The book demonstrates that the campaign against the taxes on knowledge retained broad popular appeal and played an important role in the politics of mid Victorian budgets It not only makes a seminal contribution to the history of the nineteenth century press and print culture but also illuminates the culture and politics of mid Victorian Britain offers an important re reading of the history of extra parliamentary pressure group politics and provides new insights into the origins of Gladstonian Liberalism

The Hidden Text of Mill's Liberty Stewart Justman,1991 This reinterpretation of John Stuart Mill's On Liberty aims to provide a close study of the essay The author examines the uses Mill makes of the republican tradition that give this classic essay its power and depth Justman also includes an examination of the essay's euphemisms suppressions asides and allusions which figure prominently in his analysis of the work He argues that Mill's essay is an unsuccessful attempt to reduce the republican tradition to the single principle of non interference

Internationalism in the labour movement Frits van Holthoorn,Marcel van der Linden,1988 *Working Class Radicalism in Mid-Victorian England* Trygve Tholfsen,2020-03-09 Originally published in 1976 *Working Class Radicalism in Mid Victorian England* examines working class radicalism in the mid Victorian period and suggests that after the fading of Chartist militancy the radical tradition was preserved in a working class subculture that enabled working men to resist the full consolidation of middle class hegemony The book traces the growth of working class radicalism as it developed dialectically in confrontation with middle class liberal ideology in the generation after Waterloo Intellectual forces were of central importance in shaping the character of the working class Left and the Enlightenment in particular as the chief source of ideological weapons that were turned against the established order The Enlightenment also provided the intellectual foundations of the middle class ideology that was directed against the incipient threat of popular radicalism The book notes that the same intellectual forces that entered into the first half of the nineteenth century also shaped the value system that provided the foundations of mid Victorian urban culture These forces also contributed to the rapprochement between working class liberalism bringing latent affinities to the surface It is also emphasised however that inherited ideas and traditions exercised their influence in interaction with the structure of power and status

Bread, Knowledge and Freedom David Vincent,2023-09-29 First published in 1981 *Bread Knowledge and Freedom* is a study of 142 working class autobiographies all of which cover some part of the period between 1790 and 1850 It is a full scale examination of a form of source material that is significantly extensive The book illustrates many aspects of ordinary working class family life as well as the working class pursuit of knowledge and literacy and the attempts of the middle class educators to impose their notion of useful knowledge Dr Vincent concludes with an assessment of the

contribution of autobiography to nineteenth century working class history This book will be of interest to students of history sociology and literature The British Peace Movement 1870-1914 Paul Laity, 2002-01-03 This is the first detailed scholarly study of the late Victorian and Edwardian peace movement the campaigns of which made a significant impact on political debate especially during the Franco Prussian War 1870 1 the Bulgarian Atrocities campaign 1876 8 Britain s conflict in Egypt 1882 the South African War 1899 1902 and the intensifying international crisis before 1914 The movement s activists included Richard Cobden Herbert Spencer Keir Hardie J A Hobson and Norman Angell Among the first to benefit from the opening of the Peace Society Archive the book focuses on the specialized associations at the heart of the peace movement Paul Laity identifies the existence of different programmes for the achievement of a just permanent peace and offers a new interpretation of the reaction of peace campaigners to war in 1914 At the same time his book makes an important and original contribution to the history of popular politics and political ideas in Britain
