Radical Christianity Christopher Rowland,1988 **Radical Christianity** Christopher Rowland,1988-01-01 **Radical Christian Voices and Practice** Zoë Bennett,David B. Gowler,2012-01-26 Sixteen new essays by a team of leading international scholars on the theme of the Bible and its reception and appropriation in the context of radical practices and an exposition of the imaginative possibilities of radical engagement with the Bible in inclusive social contexts **Caught Reading Again** R.S. Sugirtharajah,2013-02-12 Contributors to this collection have been asked to re read the book that inspired them the most at the outset of their career or earlier and then describe what that book offers them now and how the book and the reader have changed be it theologically culturally politically personally or professionally since that first inspiring read Each chapter reads differently the tone changing from author to author depending on their various social and political locations their gender and ethnic differences Contributors represent different disciplines Systematic Theology Biblical Studies Cultural and English Studies The selection also reflects male and female centre and margin Black and White representations Each is a very well established figure in their field and more crucially they are at the stage in their career to undertake the type of exercise envisioned in this exciting and unusual project Autobiographical criticism is a growing tool in most academic fields and here for the first time a group of eminent theologians ask themselves about the relationship between the reader and the book Each scholars addresses the book s original context and the present context their theological and hermeneutical journey how the theological landscape has changed over the years for them the memories these re readings bring their prejudices theological likes and dislikes and how these have shaped their theological thinking today Contributions from dynamic thinkers from around the globe include Stephen Moore Elisabeth Schussler Fiorenza Regina Schwartz Fernando Segovia Laura Donaldson Kwok Pui Lan Alice Bach Roland Boer Archie Lee Elsa Tamez Christopher Rowland Yvonne Sherwood Sharon Ringe Tina Phippan Randall Bailey and more In the Midst of Much-Doing Charles R. Ringma,2023-05-31 How are we to sustain activism and compassion amidst the never ending crises of the twenty first century While the concern for social justice is deeply biblical cynicism burnout and despair are all too common side effects when action is divorced from contemplation To effectively serve as the hands and feet of Jesus the church must attend to the revitalization of its inner life through the spiritual practices which feed support and sustain the work of the kingdom Rather than the fragmentation and dualism that have led denominations to choose between prayer and service evangelization and justice the church must integrate heart mind and body in order to fulfil its calling to transform the world from within Drawing from Scripture and a wide range of Christian traditions from the monastic to the evangelical this book inspires its readers to integrate spiritual renewal and prophetic witness for the glory of God and the good of his creation Disavowing Constantine Nigel G. Wright,2007-01-01 Disavowing Constantine draws upon the work of two highly influential modern theologians Jürgen Moltmann and John Howard Yoder to develop an independent and constructive understanding of the

relation of the church to the state Its aim is to restate for modern understanding the insights of the Believers Church tradition and to work out their implications for Christian participation in the civil order In this complex realm positive insights are located in traditions usually regarded as incompatible but the thesis of the book concerns disavowing Constantine renouncing the reliance of the church upon coercive power to further its mission in order to rediscover how a faithful church might nonetheless participate as a witness within the power structures of human society God, Order, and Chaos Stephen Finamore, 2009-04-01 The ideas of Rene Girard are having a profound effect on Christian theology This book offers a critical introduction to his thought and then uses it to interpret the Book of Revelation The result is a reading of extraordinary relevance for the contemporary world Readers of the Apocalypse are often disturbed by the images of destruction in the book and are unsure why these are unleashed after the exaltation of Jesus This study examines past approaches to these texts and uses Girard s theories to revive some old ideas and propose some new ones Seen in this light the Apocalypse becomes the story of the ultimate vindication of the victim a source of hope and a resource that can be used both to encourage resistance to the destructive forces within culture and to help the church and the poor to engage constructively with the issues of our day Leaning into the Future Poul F Gutesen, 2011-05-26 Leaning into the Future seeks to explore what it may mean to believe in the Kingship of God and wait for his Kingdom by considering the fundamental role the Kingdom of God plays in the theology of Jurgen Moltmann and in the book of Revelation Part one is devoted to how Moltmann understands The Kingdom of God as the fundamental symbol of hope for humanity and how he sees the presence of God s reign and kingdom in history as hidden and paradoxical Part two turns to the way the Book of Revelation uses royal and other political language in its portrait of the future and God s presence in history In this second part the book also seeks to explore how Moltmann and the Apocalypse may mutually inform each other how Moltmann may help us read this biblical book today and how it in turn may overcome some of the weaknesses in Moltmann s proposal The Social Ethos of the Corinthian Correspondence David G. Horrell, 1996-01-01 An exemplary study focussing on the Corinthian correspondence of the social ethos of early Christian teaching and its development **Like Parchment in the Fire** Prasanta Chakravarty, 2006-04-10 This book examines the literary religious and political aspects of the radical movements and various sects of the English Civil War Featuring a chapter on John Milton this book also addresses the legal problems that engaged the early modern radical reformers the issue of radical religion as a negotiating tool and the limits of radical liberal thought
