Radical Christianity Christopher Rowland, 2004-12-09 At different times and places Christian ideas have had a radical critical role and have served as a basis for programs of social change This concise and clearly written book documents the history of radical Christianity by discussing some of the most important developments and figures from the millenarian movements of early Christianity to the liberation theology of today Christopher Rowland begins by discussing the character and transformation of early Christian ideas and the ongoing patterns of protest against the status quo Subsequent chapters deal with the legacy of the Apocalypse and with the work of Thomas Muenzer and Gerrard Winstanley A final chapter on liberation theology examines the role of religion in Latin America today where basic Christian communities have emerged as power houses of social and political reform Radical Christianity is a reading of recovery which shows that social criticism and hope for a better world are integral features of the Christian tradition The book will be of great interest to students of religion and to anyone concerned with the role of religious ideas in past and present day societies

Radical Christianity Daniel M. Keeran, 2006 Was the taking of interest on loans considered to be sinful in the Bible What is greed in the New Testament What is the place of rich and poor in the kingdom of God Does Jesus teach pacifism for his followers The volume is divided into three parts the first addressing the radical principles of personal finance the second pertaining to the non violent way of the cross and the third looking briefly at specific ideas created to live out the meaning of the crucified life The second part includes a chapter on practical approaches for peacemaking in relationships as well as a concordance of words in scripture related to pacifism intended to assist the reader in further study of the biblical text In the application of radical Christianity there are different dangers and pitfalls addressed by the author The teaching of Jesus is intended to encourage a radical personal way of life Jesus did not come to

establish a political or economic system but to transform the person as he said the kingdom of God is within you and my kingdom is not of this world **Historical Dictionary of Radical Christianity** William H. Kuruvilla, 2013-03-27 Christianity arose from the lands of biblical Palestine and regardless of its twentieth century associations with the Arab Israeli conflict to Christians around the world it remains first and foremost the birthplace of Christianity Nevertheless the size of the Christian population among Palestinians today living in Israel and the Palestinian territories is now relatively insignificant In Radical Christianity in the Middle East Samuel J Kuruvilla argues that Christian Palestinians often employ politically astute as well as theologically radical means in their efforts to prove relevant as a minority community within Israeli and Palestinian societies Examining the political background of the gradual collapse of secular Arab Nationalism to be replaced by Islamic liberation movements he reveals a trend within the Christian Palestinian Church which saw increasing politicisation in the 1980s and 1990s In the face of often restrictive Israeli policies such as land confiscation along with the First Intifada there was a drive towards setting up inter Church and faith activism with the goal of Palestinian liberation Kuruvilla charts the development of a theology of Christian liberation in particular through the work of Palestinian Anglican cleric Naim Stifan Ateek and Palestinian Lutheran Pastor Mitri Raheb From its roots in 1960s Latin America liberation theology has been adapted and contextualised within the specific situation within Israel and Palestine to produce a framework that emphasises peace and reconciliation while recognising the importance of resistance and national unity Theology has impacted Christian perceptions of Palestinians struggle with Israel the idea of a land promised to the sons of Abraham and the moral responsibilities that come with this are pitted against Israeli oppression of both Christian and Muslim inhabitants of the Holy Land and their desire for independence and justice Through this comprehensive study of the often overlooked theological political and practical position of Christians in

Palestine Kuruvilla provides a new and insightful perspective on one of the most written about conflicts Radical Christianity Riaan Engelbrecht, 2023-10-27 If we truly want to lead a supernatural life with a faith believing in the impossible then we need to become radical for God We need to be red hot Christians who are on fire for Jesus It means following Him no matter the cost It means doing as He says in His Word and never compromising For the radical Christian it is all about Christ and nothing else God is calling for a people who will no longer submit to the normal Are we just going through the motions of serving Christ Has our spiritual life become bland dull and dreary Our lives must always be connected to the Spirit of God We must be infused into God so that He truly abides in us and we abide in us The normal the spiritual deadness the dryness and the staleness are to be found in the traditions and the rituals of religion God is calling for a people who will step outside the normal We are not called to follow a religion or any other manmade rules or ideas but God and God alone Jesus came to show us how to lead a vibrant life infused with divine holy power For God has spoken then it is time for a people to arise who will no longer be satisfied to walk in the staleness deadness and dustiness of a religion that has no power It is time to seek God beyond the veil and to be the new wineskin to carry the glorious wine of the Holy Spirit in fulfilling the Great Commission

Adrian Alker, 2016-03-25 Mainstream Christian denominations are facing critical decline in the United Kingdom Church leaders call for new strategies for growth but will these be effective In this book Adrian Alker calls for an honest look at the life of Jesus and the faith of the Church and suggests a radical and more honest reshaping of the churches to enable them to face the challenges of the present day The author has been ordained as an Anglican priest for over thirty years and recognises the important contributions which church congregations can and do make to their communities and the wider world He passionately believes that the Church must become more Jesus shaped and less concerned with its own structures and beliefs in order to attract new members **Radical Christian Communities**
