Dead Air William Elliott Hazelgrove, 2024-11-19 A granular history Wall Street Journal of the greatest hoax in radio history and the panic that followed which Publishers Weekly calls a rollicking portrait of a director on the cusp of greatness and Booklist in a starred review says Hazelgrove's feverishly focused retelling of the broadcast as well as the fallout makes for a propulsive read as a study of both a cultural moment of mass hysteria and the singular voice at its root On a warm Halloween Eve October 30 1938 during a broadcast of H G Wells War of the Worlds a twenty three year old Orson Welles held his hands up

for radio silence in the CBS studio in New York City while millions of people ran out into the night screaming grabbed shotguns drove off in cars and hid in basements attics or anywhere they could find to get away from Martians intent on exterminating the human race As Welles held up his hands to his fellow actors musicians and sound technicians he turned six seconds of radio silence dead air into absolute horror changing the way the world would view media forever and making himself one of the most famous men in America In *Dead Air The Night that Orson Welles Terrified America* Willliam Elliot Hazelgrove illustrates for the first time how Orson Welles broadcast caused massive panic in the United States convincing listeners across the nation that the end of the World had arrived and even leading military and government officials to become involved Using newspaper accounts of the broadcast Hazelgrove shows the true staggering effect that Welles opera of panic had on the nation Beginning with Welles incredible rise from a young man who lost his parents early to a child prodigy of the stage *Dead Air* introduces a Welles who threw his Hail Mary with *War of the Worlds* knowing full well that obscurity and fame are two sides of the same coin Hazelgrove demonstrates that Welles knew he had one shot to grab the limelight before it forever passed him by and he made it count
