A Rag Called Happiness Nirmal Verma, 1993 **A Rag Called Happiness** Nirmala Varmā, 2014 *The Politics of Modern Indian Language Literature* MK Raghavendra, 2024-04-16 Indian literature is produced in a wealth of languages but there is an asymmetry in the exposure the writing gets which owes partly to the politics of translation into English This book represents the first comprehensive political scrutiny of the concerns and attitudes of Indian language literature after 1947 to cover such a wide range including voices from the cultural margins of the nation like Kashmiri and Manipuri that of women alongside those of minority and marginalised communities In examining the politics of the writing especially in relation to concerns like nationhood caste tradition and modernity postcoloniality gender issues and religious conflict the book goes beyond the declared ideology of each writer to get at covert significations pointing to widely shared but often unacknowledged biases The book is deeply analytical but lucid and jargon free and to those unfamiliar with the writers it introduces a new keenness into Indian literary criticism to make its objects exciting **Krishna Sobti's Views on Literature and the Poetics of Writing** Rosine-Alice Vuille, 2022-10-03 How does a writer discuss her creative process and her views on a writer's role in society How do her comments on writing relate to her works The Hindi writer Krishna Sobti 1925-2019 is known primarily as a novelist However she also extensively wrote about her views on the creative process the figure of the writer historical writing and the position of writers within the public sphere This study is the first to examine in detail the relationship between Sobti's views on poetics as exposed in her non-fictional texts and her own literary practice The writer's self-representation is analysed through her use of metaphors to explain her creative process Sobti's construction of the figure of the writer is then put in parallel with her idiosyncratic use of language as a representation of the heterogeneous voices of her characters and with her conception of literature as a space where time and memory can be held At the same time by delving into Sobti's position in the debate around women's writing especially through the creation of a male double the failed writer Hashmat and into her views on literature and politics this book also reflects on the literary debates of the post-Independence Hindi literary sphere **This My Body Is Kiklos** Kuldeep Singh, 2024-08-14 First a word about Kiklos A variant spelling of Greek word Kyklos meaning cycle or circle it is in the present context to quote Nevil Coghill President The Poetry Society which first published the Gavin Bantock poem in question namely Ichor the circle city of person itself This My Body Is Kiklos a quote from Ichor retraces Parminder Singh's journey into the dim and distant past another inwards In the course of his journey he encounters the girl he broke faith with the wife he couldn't quite convince of his love the aged parents he let down violent death meted out to his cousins in the aftermath of the assassination of the Prime Minister by two Sikh bodyguards Parminder's is a journey in quest of the songbird where it nests in a stilled heart The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from

Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e g Virgil s Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators **Why Be Happy When**
