Railroads In The Heartland Steam And Traction In The Golden Age Of Postcards:

Railroads in the Heartland H. Roger Grant, 1997 Historians of midwestern railroading during the early part of the twentieth century have generally focused on the production of railroad company histories while ignoring the regional view Fortunately for railway historians and buffs coincidentally with the zenith of the Railway Age the national fad for producing and mailing postcards was at its height Millions of cards including real photo images were produced between 1905 and 1915 Roger Grant has selected more than a hundred representative picture postcards to visualize the principal themes and characteristics that gave this dynamic industry its distinctive regional features By the turn of the century the railroad map of the Midwest was unequalled Anyone who examined it carefully sensed that this was the vital center of America s massive network of steel rails Depots erected in the western prairie environment were spartan with only minor decoration but those in the Midwest usually mirrored more ornate New England styles These features are often reflected in the images in this heavily illustrated book which depicts the spare but strong pioneering spirit of the enterprise **Iowa Railroads** H. Roger Grant, 2000-05-01 What began as a study of the Minneapolis Chicago Burlington Chicago Milwaukee St Paul and Chicago Rock Island Great Northern and Union Pacific and Wabash Moreover he contributed an issue on Iowa s principal interurbans most of which survived into the 1950s as electric powered freight only short lines In uniting Donovan s articles into a single volume Iowa Railroads provides the most complete history of Iowa s rail heritage **Railroad History** ,1999 **History News** ,1997 **Science, Technology & Society** ,1998 **Science, Technology and Society** ,1996 **Steel Trails of Hawkeyeland** Don L. Hofsommer, 2005-06-29 A fully illustrated survey of Iowa s railroad experience *South Dakota History* ,1999 **Minnesota History** ,1998 **Society for Industrial Archeology Newsletter** ,1999
