Bloomsbury modernism the other to African custom How does Douglas Livingstone attach the Third World to the First World in both science and poetry What has a born free novelist Kopano Matlwa got to do with the Bard of Avon In a time of theorisation is it permissible for Lewis Nkosi to embody literary criticism in an autobiographical journey How to read the rupturing event the statue of Rhodes must fall through a literary sensibility Alert to the influence of critique the study is equally alert to the limits of critique Reflecting on several writers works and events that do not feature in current publications On Literary Attachment in South Africa releases literature to speak to us today within the contours of its originating energy

Southern African Literatures Michael J. F. Chapman, 2003 Southern African Literatures is a major study of the work of writers from South Africa Zimbabwe Zambia Malawi Angola Mozambique and Namibia written at a time of crucial change in the subcontinent It covers a wide range of work from the storytelling of stone age Bushmen to modern writing by renowned figures such as Es'kia Mphahlele Nadine Gordimer and Andr   Brink encompassing traditional popular and elite writing literature in translation and case studies based on topical issues Michael Chapman argues that literary history in the southern African region is best based on a comparative method which while respecting differences of language race and social circumstance seeks cultural interchange including translations of experience across linguistic and ethnic borders Instead of perpetuating division the study examines points of common reference as it asks what makes a literary culture Who are to be regarded as major and minor authors What are the strengths and limitations of local and international perspectives Should literature in today's southern Africa be confined to the art forms of poems plays and fiction The author seeks to answer these questions vital to all literary discussion in the volatile context of recent southern African history in a style accessible to the general reader The study is republished with a revised Preface in which the author considers the sometimes heated debates that accompanied the book's initial appearance Southern African Literatures in 2000 was awarded the premier Bill Venter Prize for academic literature in South Africa
