also questions the nature of the label exploitation as applied to the film by examining Columbia Pictures role as a resource provider for Katzman s film comparing *Rock around the Clock* to contemporaneous films with a youth focus that were produced in different industrial contexts and investigating its relationship to adaptation by asking whether the film is an example of a postliterary adaptation Rich on archival research and industrial and textual analysis *Rock around the Clock* will interest both film studies and youth cultures scholars

*William S. Burroughs and the Cult of Rock 'n' Roll* Casey

Rae,2019-06-11 A history of the writer's impact on some of the biggest names in rock music from the Beatles to Bowie and his role as a secret architect in the genre William S Burroughs's fiction and essays are legendary but his influence on music's counterculture has been less well documented until now Examining how one of America's most controversial literary figures altered the destinies of many notable and varied musicians William S Burroughs and the Cult of Rock n Roll reveals the transformations in music history that can be traced to Burroughs A heroin addict and a gay man Burroughs rose to notoriety outside the conventional literary world his masterpiece Naked Lunch was banned on the grounds of obscenity but its nonlinear structure was just as daring as its content Casey Rae brings to life Burroughs's parallel rise to fame among daring musicians of the 1960s 70s and 80s when it became a rite of passage to hang out with the author or to experiment with his cut up techniques for producing revolutionary lyrics as the Beatles and Radiohead did Whether they tell of him exploring the occult with David Bowie providing Lou Reed with gritty depictions of street life or counseling Patti Smith about coping with fame the stories of Burroughs's backstage impact will transform the way you see America's cultural revolution and the way you hear its music Rae writes with the passion of a teenager discovering new sounds and the control and self assuredness of a seasoned academic William S Burroughs and the Cult of Rock n Roll celebrates not only the gifted mind and bizarre life of a writer who changed literature forever with his magic and ideas it also finally gives him the place he deserves in the pantheon of rock and roll NPR William S Burroughs was as much a quiet rock star as he was an artist or a writer His inroads into audio spoken word and music created paths that we still follow Casey Rae's book is a labor of love that offers a map to understanding Burroughs's complex relationship to music and other art forms Chris Stein co founder of Blondie A fascinating new book Rae is an engaging storyteller and often an enlightening one I'm grateful for Rae's study and recommend it highly not only to those still interested in Burroughs and rock music but to anyone curious about the possibilities for creative synergy between the arts Journal of Popular Music Studies      **Aesthetics: A Very Short Introduction** Bence

Nanay,2019-10-24 Aesthetics is a branch of philosophy that explores the nature of art beauty and taste It doesn't just consider traditional artistic experiences such as artworks in a museum or an opera performance but also everyday experiences such as autumn leaves in the park or even just the light of the setting sun falling on the kitchen table It is also about your experience when you choose the shirt you're going to wear today or when you wonder whether you should put more pepper in the soup Aesthetics is everywhere It is one of the most important aspects of our life In this Very Short Introduction Bence Nanay introduces the field of aesthetics considering both Western and non Western aesthetic traditions and exploring why it is sometimes misunderstood or considered to be too elitist by artists musicians and even philosophers As Nanay shows so called high art has no more claims on aesthetics than sitcoms tattoos or punk rock In fact the scope of aesthetics extends far wider than that of art high or low including much of what we care about in life It is not the job of aesthetics to tell you which artworks are good and which ones are bad It is not the job of aesthetics to tell you what

experiences are worth having If an experience is worth having for you it thereby becomes the subject of aesthetics This realisation is important because thinking about aesthetics in this inclusive way opens up new ways of understanding old questions about the social aspect of our aesthetic engagements and the importance of aesthetic values for our own self
