## Rock And Pop Superstars:

**Rock and Pop Superstars** Ted Smart, David Gibbon, 1983 *The Cambridge Companion to Pop and Rock* Simon Frith, Will Straw, John Street, 2001-08-16 This Companion maps the world of pop and rock pinpointing the most significant moments in its history and presenting the key issues involved in understanding popular culture's most vital art form. Expert writers chart the changing patterns in the production and consumption of popular music: the emergence of a vast industry with a turnover of billions and the rise of global stars from Elvis to Public Enemy, Nirvana to the Spice Girls. They trace the way new technologies from the amplifier to the internet have changed the sounds and practices of pop and they analyse the way maverick entrepreneurs have given way to multimedia corporations. In particular they focus on the controversial issues concerning race and ethnicity, politics, gender and globalisation. Contains full profiles of a selection of figures from the pop and rock world.

**Der große ROCK & POP Musikzeitschriften Preiskatalog 2006** Fabian Leibfried, 2006

**Queer Tracks: Subversive Strategies in Rock and Pop Music** Doris Leibetseder, 2016-05-23 Queer Tracks describes motifs in popular music that deviate from heterosexual orientation, the binary gender system and fixed identities. This exciting cutting-edge work deals with the key concepts of current gender politics and queer theory in rock and pop music, including irony, parody, camp, mask, masquerade, mimesis, mimicry, cyborg, transsexuality and dildo. Based on a constructivist concept of gender, Leibetseder asks: Which queer feminist strategies are used in rock and pop music? How do they function? Where do they occur? Leibetseder's methodological process is to discover subversive strategies in queer theory which are also used in rock and pop music without assuming that these tactics were first invented in theory. Furthermore, this book explains where exactly the subversiveness is situated in those strategies and in popular music. With the help of a new kind of knowledge transfer, the author combines sociological and cultural theories with practical examples of rock and pop music. The subversive character of these queer motifs is shown in the work of contemporary popular musicians and is at the same time related to classical discourses of the humanities. Queer Tracks is a revised translation of *Queere Tracks: Subversive Strategien in Rock und Popmusik* originally published in German.

**The History of Alternative Rock** Stuart A. Kallen, 2012-05-09 This volume discusses the history of alternative rock and the ethos of alt rockers as rebels who value independence experimentation and truth telling Rather than making music for broad commercial appeal these musicians drew from a variety of styles that were considered unfriendly for consumers Over the years alternative rock has spawned mash ups of garage rock punk new wave rap thrash and hardcore This group of indie rockers not only created a new sound but also put forth a different attitude as they outwardly rejected the musical standards and sales practices set by major record companies

**Lit-Rock** Ryan Hibbett, 2022-08-11 Just as soon as it had got rolling rock music had a problem it wanted to be art A mere four years separate the Beatles as mere kiddy culture from the artful geniuses of Sergeant Pepper s meaning the very same band who represents the mass consumed mindless music of adolescents simultaneously enjoys status as among the best that Western culture has to offer The story of rock music it turns out is less that of a contagious popular form situated in opposition to high art but rather a story of high and low in dialogue messy and contentious to be sure but also mutually obligated to account for if not appropriate one another The chapters in this book track the uses of literature specifically within this relation helping to showcase collectively its fundamental role in the emergence of the pop omnivore

**The Complete-ish History of Pop: A Very Quick Ride Through Music's Biggest Hits** Joy Anderson, From doo wop to disco Britpop to boy bands and synth pop to streaming The Complete ish History of Pop takes you on a fast paced fun and sometimes outrageous journey through the evolution of pop music This isn t just a history lesson it s a backstage pass to the songs scandals and seismic shifts that shaped the soundtrack of our lives Tracing the highs lows and unexpected detours of pop this book unpacks the biggest moments from Elvis shaking up the 50s to Beatlemania Madonna s rule over the 80s and the rise of streaming superstars Packed with trivia behind the scenes stories and a few guilty pleasures The Complete ish History of Pop is the ultimate guide for music lovers who want to know how we got from vinyl to viral Warning May cause spontaneous singalongs
