Ice & Mixed Climbing Will Gadd, 2003-10-01 Will Gadd is an ESPN X Games and Ice World Cup winner. Color photos throughout illustrate the climbing techniques. Part of The Mountaineers Outdoor Expert series. Mixed climbing is my favorite discipline. It's the most fun because it has the fewest rules, sort of like professional wrestling compared to boxing. So says Will Gadd, as profiled in the book *Fifty Favorite Climbs*. Here, the champion ice climber presents the same techniques and veteran wisdom he imparts to those who attend his annual clinics. These include step-by-step instructions for the swing ice axe, the kick footwork, and putting it all together, tracking how to read ice to select your line and follow it safely, and drytool techniques for mixed climbing. Training exercises and inspirational stories complete this seminal guide. Will Gadd won every major ice competition in the world in 1998 and 1999, as well as the 2000 Ice World Cup. A resident of Canmore, Alberta, he has written for *Climbing* and *Rock Ice* among other publications.

Gilbertson, Matthew Gilbertson, 2023-08-22 Can we stop for another breather I yelled up to Matthew I was exhausted after wading through deep snow for the last three hours while making seemingly no progress up the steep slope We were each hauling about 60 pounds of gear to cache higher up on the mountain and it was tough work We split the gear up between backpacks and sleds but had to strike a balance too much gear on our backs made us sink deeper into the snow but too much in the sleds pulled us back down the slope Yeah but now it's your turn to break trail Matthew shouted back It was Day 8 of our expedition on Mt Logan and we had just ridden out a three day storm at King Col at 13 500 ft We were taking advantage of a brief clearing to try to haul some gear up and over the headwall the steepest part of the King Trench route But the storm had dumped a lot of fresh snow and progress was painfully slow Excerpt from Mt Logan Report Long drives short hikes long hikes bushwhacks mountain bikes kayaks month long expeditions acclimation helicopters commercial flights bus rides bush planes ski planes float planes boats pack rafts glacier travel near the North Pole snow storms snow shoes skis sleds extreme cold a 20 30 pitch rock climb and thousands of miles driving This book documents the journeys of Eric and Matthew Gilbertson to summit all 12 diverse and challenging highpoints of Canada's provinces and territories While this is a short list of peaks it is still extremely difficult Several of the mountains require serious mountaineering and expedition skills Up to 2023 Eric is the fifth person to climb all 12 peaks and Matthew is near finishing Eric and Matthew Gilbertson were born in Berea Kentucky USA in 1986 and started hiking with their Dad in the nearby hills and hollers of Kentucky as soon as they could walk Before that their parents Keith and Mary Kay carried them on their backs on hikes They have climbed the highest point in 140 countries as of June 2023 Please visit our website for more info <http://www.countryhighpoints.com>
