Rock Wagram:

Rock Wagram William Saroyan, 1953 *Rock Wagram* William Saroyan, 2014-12-02 All his life a man fights death and then at last loses the fight always having known he would Loneliness is every man's portion and failure The man who seeks to escape from loneliness is a lunatic The man who does not know that all is failure is a fool The man who does not laugh at these things is a bore Arak Vagramian a handsome son of Armenian immigrants contended with his small town bar tending job in Fresno is one day spotted by a Hollywood filmmaker Although at first he refuses to leave his hometown job family and friends soon the splendour of Hollywood lifestyle lures him Shortly after he becomes Rock Wagram a Hollywood heart throb and celebrity But at the peak of his career he decides to enter the army and serve his country during the war When in 1950 he attempts to resume his acting career he battles with the many challenges which the fast changing industry throws at him Rock Wagram first published in 1951 is an inspiring tale about one's search for the true identity in the unstable world of commercial success where family ties and loyalties often have to be compromised **Rock Wagram, Etc** William Saroyan, 1952 **William Saroyan** Leo Hamalian, 1987 An illustrated compilation of critical essays intimate recollections biographical notes and interviews which sheds new light on the life and work of Pulitzer Prize winner William Saroyan 1913-81 Reflections by his son and daughter and a candid interview with Garig Basmadjian reveal the intimate side of the talented celebrity trying to cope with his human weakness **Saroyan** Lawrence Lee, Barry Gifford, 1998-01-01 A biography of William Saroyan an American author working mainly in the middle of the twentieth century **Rock Wagram** Brenda Jackson, Penguin Books Staff, Ronald L McDonald, 1960-01-01 **Fifties Ethnicities** Tracy Floreani, 2013-09-23 Fifties Ethnicities brings together a variety of texts to explore what it meant to be American in the middle of America's Century In a series of comparative readings that draws on novels television programs movie magazines and films Tracy Floreani crosses generic boundaries to show how literature and mass media worked to mold concepts of ethnicity in the 1950s Revisiting well known novels of the period such as Vladimir Nabokov's *Lolita* and Ralph Ellison's *Invisible Man* as well as less studied works such as William Saroyan's *Rock Wagram* and C Y Lee's *The Flower Drum Song* the original source of the more famous Rodgers and Hammerstein musical Floreani investigates how the writing of ethnic identity called into question the ways in which signifiers of Americanness also inherently privileged whiteness By putting these novels into conversation with popular media narratives such as *I Love Lucy* the author offers an in depth examination of the boundaries and possibilities for participating in American culture in an era that greatly influenced national ideas about identity While midcentury mass media presented an undeniably engaging vision of American success national belonging and guidelines for cultural citizenship Floreani argues that minority writers and artists were at the same time engaging that vision and implicitly participating in its construction **The Magical Pine Ring** Margaret Bedrosian, 1991 Margaret Bedrosian's pioneering interdisciplinary study examines the continuing effect of Armenian history on Armenian American writing Using the work of

ten Armenian American poets and fiction and non fiction writers she shows the continuing impact on Armenian Americans of cultural symbols myths and attitudes carried over from the Old World and explores the ways in which two cultures meet conflict and become integrated in the imagination Through analysis of writers actual or fictionalized experience The Magical Pine Ring provides an understanding of the Armenians specific concerns as Armenians and as immigrants the effect of their self awareness as Armenians on their adaptation to America the typical and stereotypical situations and personalities that emerged with time and the key values and beliefs that endured even as names were changed and assimilation blurred physical and social demeanor Bedrosian also explores the directions Armenian American writers have taken in portraying group history and the nature of their self discovery as Armenian Americans For the most part this literature is not a direct outgrowth of the mainstream of Armenian literature The relationship of the writer discussed here is one of spirit of ancestral sympathies burdens and responsibilities These writers register the pain of exile and alienation as they weave images of yearning and loss celebration and futuristic vision into their writing Through their crossroads identity in America these writers add to our understanding of the Armenian diaspora **Rock Wagram ,1994 What's Wrong with Morality?** Charles Daniel Batson,2016 Most works on moral psychology consider morality an unalloyed good Drawing primarily on social psychological theory and research this book looks at morality as a problem The problem is that we often fail live up to our own moral standards Why **Guidebook to Film** Ronald Gottesman,Harry M. Geduld,1972 **Overseas Information Programs of the United States** United States. Congress. Senate. Committee on Foreign Relations. Subcommittee Under Senate Resolution 74 on Overseas Information Programs of the United States,1953 **What's Wrong With Morality?** C. Daniel Batson,2015-10-19 Most works on moral psychology direct our attention to the positive role morality plays for us as individuals as a society even as a species In What s Wrong with Morality C Daniel Batson takes a different approach he looks at morality as a problem The problem is not that it is wrong to be moral but that our morality often fails to produce these intended results Why Some experts believe the answer lies in lack of character Others say we are victims of poor judgment If we could but discern what is morally right whether through logical analysis and discourse through tuned intuition and a keen moral sense or through feeling and sentiment we would act accordingly Implicit in these different views is the assumption that if we grow up properly if we can think and feel as we should and if we can keep a firm hand on the tiller through the storms of circumstance all will be well We can realize our moral potential Many of our best writers of fiction are less optimistic Astute observers of the human condition like Austen Balzac Dickens Dostoyevsky Eliot Tolstoy and Twain suggest our moral psychology is more complex These writers encourage us to look more closely at our motives emotions and values at what we really care about in the moral domain In this volume Batson examines this issue from a social psychological perspective Drawing on research suggesting our moral life is fertile ground for rationalization and deception including self deception Batson offers a hard nosed analysis of morality and its limitations in this expertly written book Historical

Dictionary of Armenia Rouben Paul Adalian, 2010-05-13 There are two Armenias the current Republic of Armenia and historic Armenia The modern state dates from the early 20th century Historic Armenia was part of the ancient world and expired in the Middle Ages Its people however survived and from its residue recreated a new country The history of the Armenians is the story of how an ancient people endured into modern times and how its culture evolved from one conceived under the influence of Mesopotamia to one redefined by the civilization of Europe The second edition of the Historical Dictionary of Armenia relates the turbulent past of this persistent country through a chronology an introductory essay a bibliography and over 200 cross referenced dictionary entries on significant persons events places organizations and other aspects of Armenian history from the earliest times to the present *Recognition as Key for Reconciliation: Israel, Palestine, and Beyond*, 2017-10-23 In these times of growing insecurity widening inequities and deepening crisis for civilized governance Recognition as Key for Reconciliation offers meaningful and provocative thoughts on how to advance towards a more just and peaceful future From the intractable Israeli Palestinian conflict we learn of thin and thick recipes for solutions Beyond the Middle East region we learn from studies around the globe South Africa Northern Ireland and Armenia show the challenges to genuine recognition of our very human connection to each other and that this recognition is essential for any sustainable positive security for all of us Contributors are Deina Abdelkader Gregory Aftandilian Dale Eickelman Amal Jamal Maya Kahanoff Herbert Kelman Yoram Meital Victoria Montgomery Paula M Rayman Albie Sachs and Nira Yuval Davis **The World of William Saroyan** Nona Balakian, 1998 In this work the author tells how Saroyan transformed the short story by personalizing it and by loosening the structure of the novella form He went on to bring new life to the theater and to the telling of autobiography Better than that of any recent drama critic Balakian's chapters on the theater place Saroyan's plays in the larger framework of the American theater of his time and achieve the creation of a total picture of the state of the American theater of the 1930s **Representing the Contemporary North American Family** Sophie Chapuis, Marie Moreau, 2021-08-06 The rise in individualism and the growing liberalism of family law may be seen as potential threats to the family as a unit Currently defenders of traditional family models are being forced to accept a more fluid definition of family as an intrinsic heterogeneous unit Central to this book is the idea that the family as a social unit around which society is structured still plays a pivotal role in North America States courts and political parties have had to address the major mutations of the family landscape in the last decades The family is instrumental in reorganizing communities in migration contexts and is a key component of political strategies The way family is staged in the press on social media and in TV shows reflects the fast changing patterns and new realities of North American families and offers alternatives to hegemonic representations of normative families It also ranks high among current literary obsessions since it is the privileged receptacle for contemporary anxieties and operates both as an ideal retreat or an alienating space The proliferation of family narratives in their ever shifting forms reveals that family has boundless potential for fiction and continues to run deep in the North

American imaginary This book gathers together approaches that range from field study sociology politics media studies and literature The contributions here show the centrality of the family both as an individual unit and as social political legal and fictional constructs **Overseas Information Programs of the United States** United States. Congress. Senate.
