

Rockabilly SLAP BASS

For more than 20 years, Lee Rocker has been one of the most successful and acclaimed proponents of Americana/rockabilly music. As a founding member of the Stray Cats, Lee's unique image and upright bass helped propel the Cats to sales of more than seven million records. In 1992, the Stray Cats were nominated for a Grammy and featured on the cover of Rolling Stone. Since then, Lee has performed or recorded with such legends as Carl Perkins, Dave Edmunds, George Harrison, Ringo Starr, Jeff Beck, John Fogerty, Robert Plant, Scotty Moore and Willie Nelson. In 2003 he released his CD, Bulletproof, and he continues to tour throughout the U.S. and abroad.

"Lee Rocker & Big Blue are a fire-breathing hillbilly n' blues hybrid hot enough to melt a Sun session 45!"

- Guitar World Magazine

Since the 1950s, when the Memphis-based rockabilly sound first swept the world, the acoustic upright bass has remained its showpiece and rhythmic mainstay. Lee Rocker, one of the masters of the "new wave" of rockabilly musicians, has made an informative and entertaining DVD that teaches the intricacies of the exciting slap bass style to players of all levels.

Slap bass combines the plucking of the bottom notes with the percussive hits that the palm makes when it slaps the strings against the fingerboard. By adding these right-hand techniques to blues bass lines and arpeggios, you'll create spectacular multi-rhythmic slapping that will stop any show! This DVD also provides valuable tips on amplification, bass set-up and other methods of getting the best possible sound.

Big Blue's hot performances illustrate how rockabilly slap bass techniques sound in the context of a live band performance.

Rockabilly Slap Bab:

Algeria Martin Evans, John Phillips, 2007-01-01 After liberating itself from French colonial rule in one of the twentieth century's most brutal wars of independence Algeria became a standard bearer for the non-aligned movement. By the 1990s however its revolutionary political model had collapsed degenerating into a savage conflict between the military and Islamist guerillas that killed some 200 000 citizens. In this lucid and gripping account Martin Evans and John Phillips explore Algeria's recent and very bloody history demonstrating how the high hopes of independence turned into anger as young Algerians grew increasingly alienated. Unemployed frustrated by the corrupt military regime and excluded by the West the post independence generation needed new heroes and some found them in Osama bin Laden and the rising Islamist movement. Evans and Phillips trace the complex roots of this alienation arguing that Algeria's predicament political instability pressing economic and social problems bad governance a disenfranchised youth is emblematic of an arc of insecurity stretching from Morocco to Indonesia. Looking back at the pre colonial and colonial periods they place Algeria's complex present into historical context demonstrating how successive governments have manipulated the past for their own ends. The result is a fractured society with a complicated and bitter relationship with the Western powers and an increasing tendency to export terrorism to France America and beyond.

Popular Politics in the Making of the Modern Middle East John Chalcraft, 2016-03-22 The waves of protest ignited by the self-immolation of Muhammad Bouazizi in Tunisia in late 2010 highlighted for an international audience the importance of contentious politics in the Middle East and North Africa. John Chalcraft's ground-breaking account of popular protest emphasizes the revolutionary modern history of the entire region. Challenging top-down views of Middle Eastern politics he looks at how commoners subjects and citizens have long mobilised in defiance of authorities. Chalcraft takes examples from a wide variety of protest movements from Morocco to Iran. He forges a new narrative of change over time creating a truly comparative framework rooted in the dynamics of hegemonic contestation. Beginning with movements under the Ottomans which challenged corruption and oppression under the banners of religion justice rights and custom this book goes on to discuss the impact of constitutional movements armed struggles nationalism and independence revolution and Islamism. A work of unprecedented range and depth this volume will be welcomed by undergraduates and graduates studying protest in the region and beyond.
