Rockefeller "Internationalist" Emanuel M. Josephson, 2018-12-01 In *Rockefeller Internationalist The Man Who Misrules the World* which was first published in 1952 author Emanuel M Josephson purports to expose the global conspiracy between the Rockefeller family and the Axis powers Alleging that the Rockefeller Institute of Pacific Relations controlled the spy ring responsible for the attack on Pearl Harbor the author goes to great lengths to describe the links between the Rockefellers and companies such as IG Farben which supported Hitler's concentration camps as well as links between the Rockefeller family and Stalin in an effort to establish a global society An interesting and important historical document

Rockefeller of New York to be Vice President of the United States* United States. Congress. Senate. Committee on Rules and Administration, 1974 Right-Wing Populism in America Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are

the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America

Williams, 2019-11-05 In *Killing the Planet* How A Financial Cartel Doomed Mankind best selling authors Rodney Howard Browne and Paul L Williams investigate the true motives and consequences of the Pilgrim Society Early members of the Society included J P Morgan Andrew Carnegie Andrew Mellon Cornelius Vanderbilt Paul Warburg Mortimer I Schiff Otto Kahn and John D Rockefeller Although the Pilgrim Society and the powerful men involved are often praised for their philanthropic actions Howard Browne and Williams show that the Society was self serving and subjected the American people to a brutal system of economic tyranny one which is still in place today As a sequel to *The Killing of Uncle Sam* *Killing the Planet* is a thoroughly documented and impeccably researched book with over 1 500 footnotes It shows how mankind has become enslaved within the Luciferian world system that is managed and controlled by the world's wealthiest families The book is not full of conspiracy theories but instead unfortunately for all of humanity full of gut wrenching facts **Defender Magazine** , 1953 *Conspiracies of Conspiracies* Thomas Milan Konda, 2019-03-15 The most comprehensive intellectual history of American conspiracy theories yet produced The American Historical Review It's tempting to think we live in an

unprecedentedly fertile age for conspiracy theories with seemingly each churn of the news cycle bringing fresh manifestations of large scale paranoia But the sad fact is that these narratives of suspicion and the delusional psychologies that fuel them have been a constant presence in American life for nearly as long as there s been an America In this sweeping book Thomas Milan Konda traces the country s obsession with conspiratorial thought from the early days of the republic to our own anxious moment Conspiracies of Conspiracies details centuries of sinister speculations from antisemitism and anti Catholicism to UFOs and reptilian humanoids and their often incendiary outcomes Rather than simply rehashing the surface eccentricities of such theories Konda draws from his extraordinary assemblage of conspiratorial writing to crack open the mindsets that lead people toward these self sealing worlds of denial What is distinctively American about these theories he argues is not simply our country s homegrown obsession with them but their ongoing prevalence and virulence Konda proves that conspiracy theories are no harmless sideshow They are instead the dark and secret heart of American political history one that is poisoning the bloodstream of an increasingly sick body politic Meticulous scholarship essential context for understanding our present mess Survival Global Politics and Strategy Incisive and engaging Konda s assessment of the new dynamics of conspiracy theories in contemporary US politics is a significant contribution Written with a clarity of expression rare in academic writing the book is accessible to a wide readership Choice
