## Rod Of Justice:

The rod of recompence; or, The hand of justice in the punishment of the enemies of church & state John Conset,1660

Picturing Punishment Anuradha Gobin,2021-07-30 Picturing Punishment examines representations of criminal bodies as they moved in through and out of publicly accessible spaces in the city during punishment rituals in the seventeenth century Dutch Republic Once put to death the criminal cadaver did not come to rest Its movement through public spaces indicated the potent afterlife of the deviant body especially its ability to transform civic life Focusing on material culture associated with key sites of punishment Anuradha Gobin argues that the circulation of visual media related to criminal punishments was a particularly effective means of generating discourse and formulating public opinion especially regarding the efficacy of civic authority Certain types of objects related to criminal punishments served a key role in asserting republican ideals and demonstrating the ability of officials to maintain order and control Conversely the circulation of other types of images such as inexpensive paintings and prints had the potential to subvert official messages As Gobin shows visual culture thus facilitated a space in which potentially dissenting positions could be formulated while also bringing together seemingly disparate groups of people in a quest for new knowledge Combining a diverse array of sources including architecture paintings prints anatomical illustrations and preserved body parts Picturing Punishment demonstrates how the criminal corpse was reactivated reanimated and in many ways reintegrated into society

**The Rod of Justice.** Alice Askew,Claude Askew,1914 *Justice, Legitimacy, and Diversity* Emanuela Ceva,Enzo Rossi,2013-09-13 Most contemporary political philosophers take justice rather than legitimacy to be the fundamental virtue of political institutions vis vis the challenges of ethical diversity Justice driven theorists are primarily concerned with finding mutually acceptable terms to arbitrate the claims of conflicting individuals and groups Legitimacy driven theorists instead focus on the conditions under which those exercising political authority on an ethically heterogeneous polity are entitled to do so But what difference would it make to the management of ethical diversity in liberal democratic societies if legitimacy were prior to or independent from justice This question identifies a widely underexplored issue whose theoretical salience shows how the understanding of what constitutes the primary question of political philosophy has a deep impact on how practical political questions are interpreted and addressed What difference would it make for example whether the difficulties concerning the safeguard of human rights were couched in

terms of the justice or of the legitimacy of the documents and treaties sanctioning their implementation How should the issue of the quality of democracies be addressed whether one assigned priority to the justice or legitimacy of democratic institutions Addressing these and other topical questions the book offers a new theoretical angle from which to consider a number of pressing social and political issues This book was previously published as a special issue of the Critical Review of Social and Political Philosophy

*Dante's Fearful Art of Justice* Anthony K. Cassell, 1984-12-15 Dante's Fearful Art of Justice deals primarily with the symbolic significance of the state of souls after death in various episodes of the Inferno the first canticle of Dante's Divina Commedia The fruitlessness of the Auerbach Singleton approach to the poem is demonstrated by Professor Cassell's investigations which are based on the belief that Dante used both the theological system of fourfold allegory and the preconfiguration fulfilment pattern of history found in the Old and New Testaments The author first deals with the history of contrapassum just retribution as it appeared in philosophy and theology and describes Dante's use of historical and artistic figuration both classical and Christian It is central to Cassell's aim to show how Dante believed that his portrayal of the damned revealed the justice of God Critics have believed that the relation of sin to the suffering of the shades in Hell was tenuous or even arbitrary in many cases Cassell shows through a close examination of Dante's assimilation of the Classics and their medieval interpretations or patristics and of traditional iconography that there is an intimate metaphorical and artistic aptness in the poet's representation Cassell relies at some points on art history and thirty four illustrations of frescoes statuary and illuminations from paleo Christian times to the fourteenth century are therefore included This volume will be of particular interest to medieval specialists historians of the Renaissance and Reformation periods and those concerned with European literature

*Upshur Hard Justice* Otis Morphew, 2015-01-15 Bill Upshur and his friend Rodney Taylor Had been gone for more than thirty days on Marshal Taylor's last assignment his very last assignment Because he had already made the decision to resign once the assignment was over As it turned out it was a far from routine last job as they were taking escaped condemned convicts back to Judge Isaac Parker to be hanged Before it was over they were forced to fight for their lives because there were others who wanted to free them again But you have already read the accounts of this last mission It was time for a long rest now and they both longed to be home again to see their family But that was not to be the happy reunion they were hoping for Upshur's adopted father had been shot by a wanted gunslinger a killer that also stole the aging man's pet horse As was his way and the rules he lived by Upshur could not let this senseless deed go unpunished He vowed to track this killer down and would find him whatever it took trailing him for more than a hundred miles But there he was shot for his trouble almost killed by the very gunman he was hunting But it would not end there not for Upshur Near death at first he recovered enough to go after the young gunman again Only now Rodney Taylor had come into the picture and together would once again try and complete another assignment one even more deadly than the previous one Because Upshur would be facing a killer that some believed was as fast with a gun as he was or faster Every one in Paris Texas was

up in arms because the Killer had shot the Town's most loved citizen Doc Bailey. Helped to build the town of Paris was there when it was surveyed, delivered the babies that would make Paris the city it had become. He had touched every man, woman, and child in town in so many ways. They all were waiting for Upshur to take their revenge on this man as they were all his family too.

**The Justice of the Peace**, 1906      **Weightier Matters--The Relationship Between Tithes and Justice** Dr. Lanston M. Sylvester, 2023-03-23

Religion is big business. Blessings mentioned in the Bible have been turned into monetary opportunities.

If God blesses you then it must be in terms of money Churches now stage blessings to people by giving them money Ministers show the blessings of God by asking people to give them money for jets and mansions Unfortunately many have fallen into this fraudulent belief system Weightier Matters addresses the foundational giving structure for most churches and its true meaning The Tithe What is the tithe Why was the tithe originally established Is the tithe just money or does it represent something greater Dr Lanston M Sylvester invites you to walk with him to rediscover what really matters Clothes houses jets may attract many and tap into their base desires but people matter Justice and righteousness must be the basis of the money that is collected in the church The poor the homeless the foster kids the widows and the immigrants should be the beneficiaries of communities churches that pool their monetary resources together If churches spend more on feeding themselves than relieving suffering that church has yet to understand what the tithe is Woe to you scribes and Pharisees hypocrites For you pay tithe of mint and anise and cummin but have neglected the weightier matter of the law justice mercy and faith These you ought to have done without leaving the others undone Matthew 23:23 NKJV
