Planets of the Known Galaxy Kevin J. E. Walsh, 2024-11-15 This book offers a tour of the known galaxy here defined as the region of interstellar space closest to Earth The phrase the known galaxy has a particular resonance in science fiction as it refers to the part of the Milky Way that from the perspective of a point in time centuries from now may have been explored and settled by human beings In the known galaxy there are gloomy ocean worlds illuminated by the light of exploding stars There are worlds where precious gems could be as common as pebbles There are planets eternally wandering between the stars like the Flying Dutchman There are lava worlds steam worlds hot Jupiters cold Jupiters and maybe even worlds like our Earth The purpose of the book is to begin to give this region a sense of place in the same way that Mars is now starting to be appreciated as a location rather than just a planet In doing so the book merges our current scientific knowledge of the known galaxy with speculative fiction and with older legends and myths A sense of place is the feeling that some locations have a special meaning This emotional connection arises from a combination of cultural and environmental factors that make individuals care about a particular place It is challenging to create a sense of place for distant locations that no human has visited and for which our current knowledge is limited This book attempts to take a step in this direction by dividing the known galaxy into a number of clearly described distinct regions by providing scientific descriptions of the likely environmental conditions on the known planets of these regions and by linking these planets to their literary and mythological context The book is aimed at fans of both science fact and science fiction It combines a tour of real planets outside of our solar system with tales of their fictional counterparts The combination of solid scientific facts and analysis with speculation and imagination will be appealing to readers who want to gain a feeling for these planets as places with a back story rather than just as names somewhere out there in the sky

Gender and Modernity in Central Europe Agata Schwartz, 2010 At the end of the nineteenth century Austro Hungarian society was undergoing a significant re evaluation of gender roles and identities Debates on these issues revealed deep anxieties within the multi ethnic empire that did not resolve themselves with its dissolution in 1918 The concepts of gender and modernity were modified by the various regimes that ruled the empire s successor states in the twentieth century and have been redefined again in the post Communist

period but the Habsburg Monarchy's influence on gender and modernity in Central Europe is still palpable

The Rise of the Ghost Rachel Lawson, 2024-03-13 A love story Between a ghost reincarnated in a magician and the magician himself and a hybrid of Magician and grey alien They love yet don't know who the other is even if they are friends They love yet can't see the other hiding in plain sight Who will she end up loving What are you doing said Stella I'm coming to the masked ball in style said the Ghost In style what are you going to do rob it said Stella Rob it said the Ghost offended Why are you dressed as the Ghost asked Stella I was hoping to see Rogue Star said the Ghost Rogue Star was Stella's secret name as a local superhero No one knew who she was Why asked Stella frowning Do I need a reason said the Ghost Nice outfit Aureus said a voice behind them Hi am I that obvious said the Ghost Actually yes said Stella Well I had to try I wanted to meet Rogue Star said Aureus Face it she's out of your league said the person behind them I am not the Masked Chicken now said Aureus Who had been a fool for most of his life He had been known as such he had been known as the Masked Chicken He had indeed changed the man who woke up to be Aureus the Ghost His sleeping soul awakening turned the hopeless helpless fool into a normal person but his reputation stuck We know it said Stella but you are no Ghost he is charming and amazing you are just you Aureus looked sad that even the girl who loved the Ghost wasn't mildly impressed by the outfit
