A History of Sri Lanka K M de Silva, 2005-08-25 Sri Lanka is an ancient civilization shaped and thrust into the modern globalizing world by its colonial experience With its own unique problems many of them historical legacies it is a nation trying to maintain a democratic pluralistic state structure while struggling to come to terms with separatist aspirations This is a complex story and there is perhaps no better person to present it in reasoned scholarly terms than K M de Silva Sri Lanka's most distinguished and prolific historian A History of Sri Lanka first published in 1981 has established itself as the standard work on the subject This fully revised edition in light of the most recent research brings the story right up to the early years of the twenty first century The book provides comprehensive coverage of all aspects of Sri Lanka's development from a classical Buddhist society and irrigation economy to its emergence as a tropical colony producing some of the world's most important cash crops such as cinnamon tea rubber and coconut and finally as an Asian democracy It is a study of the political vicissitudes of Sri Lanka's ancient civilization and the successive phases of Portuguese Dutch and British colonial rule The unfortunate consequences of becoming a centre of ethnic tension and Sri Lanka's long standing relationship with India are also discussed Exhaustively researched and analytical this book is an invaluable reference source for students of ancient colonial and post colonial societies ethnic conflict and democratic transitions as well as for all those who simply want to get a feel of the rich and varied

Code of Federal Regulations , 1980 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries **International Perspectives on Shōjo and Shōjo Manga** Masami Toku, 2015-06-05 This collaborative book explores the artistic and aesthetic development of shōjo or girl manga and discusses the significance of both shōjo manga and the concept of shōjo or girl culture. It features contributions from manga critics, educators, and researchers from both manga's home country of Japan and abroad, looking at shōjo and shōjo manga's influence both locally and globally. Finally, it presents original interviews of shōjo manga artists who discuss their work and their views on this distinct type of popular visual culture. *Eating Together* Jean Duruz, Gaik Cheng Khoo, 2014-12-18 Accepting the challenge of rethinking connections of food, space, and identity within everyday spaces of public eating in Malaysia and Singapore, the authors enter street stalls, hawker centers, markets, cafes, restaurants, food streets, and ethnic neighborhoods to offer a broader picture of the meaning of eating in public places. The book creates a strong sense of the ways different people live, eat, work, and relax together and traces negotiations and accommodations in these dynamics. The motif of rojak (Malay meaning mixture) together with Ien Ang's evocative *Together in Difference* enables the analysis to move beyond the immediacy of street eating with its moments of exchange and remembering. Ultimately, the book traces the political tensions of different people living together and the search for home and identity in a world on the move. Each of the chapters designates a different space for exploring these cultures of mixedness and their contradictions, whether these involve old and new forms of sociality, struggles over meanings of place, or frissons of pleasure and risk in eating differently. Simply put, *Eating Together* is about understanding complex forms of multiculturalism in Malaysia and Singapore through the mind, tongue, nose, and eyes. **Regulation and Transportation Safety** Richard Lawson, 1968 Queer Ministers' Voices from the Global South Lisa Isherwood, Hugo Córdova Quero, 2023-10-13 This book brings together the narratives of diverse ministers from the Global South in order to show that queer theologies are impacting many parts of the world and queer lives are molding and enriching Christian ministry. Across Asia, Africa, and Latin America, we are witnessing the emergence of queer faith-based communities in very different contexts and with very different histories. The perspectives included in the book

form a tapestry that honors diversity among the Global South's queer communities and ministries. They demonstrate the various ways in which queer ministry challenges and changes theological understanding as well as religious practice. Each chapter highlights issues pertaining to liturgy, sacraments, pastoral rites, and the personal faith journey that each minister underwent to foster pastoral queer theologies. Contributors focus on their understanding of the relationship between faith and sexuality, how rituals relate to the daily lives of queer believers, and the struggles they face within the political structures of religious institutions. The narratives highlight some of the challenges and mechanisms deployed to cope with ingrained LGBTIQ phobia. They also evidence how communities enact interreligious and multi-religious dialog and rituals while honoring faith and activism, and how prophetic ministries counter oppressive discourses and colonial performativities. This is a valuable resource for academics and religious leaders interested in the study of queer theologies, Asian, African, and Latin American Christianity, as well as ecclesiastical and liturgical issues.

Rojak Sedap Azim Taiping, 2014-08-08. Setiap jiwa ingin kembali kepada penciptanya. Bahkan dalam keadaan redha dan meredhai. Reclaiming Adat Gaik Cheng Khoo, 2011-11-01. In the early 1990s, the animist and Hindu traces in adat or Malay custom became contentious for resurgent Islam in Malaysia. *Reclaiming Adat* focuses on the filmmakers, intellectuals, and writers who reclaimed adat to counter the homogenizing aspects of both Islamic discourse and globalization in this period. They practised their project of recuperation with an emphasis on sexuality and a return to archaic forms such as magic and traditional healing. Using close textual readings of literature and film, Khoo Gaik Cheng reveals the tensions between gender, modernity, and nation. Khoo weaves a wealth of cultural theory into a rare analysis of Malay cinema and the work of new Malaysian anglophone writers. *Reclaiming Adat* makes an essential contribution to our knowledge of the complexities embedded in modern Malaysian culture, politics, and identity. The book will be a useful source for students interested in postcolonial film and literature, Asian culture, and gender studies, as well as the general reader keen to learn about contemporary Malaysia.
