

The Role of the Church

- New France was a commercial colony but in the eyes of the church it was also a religious outpost
- The Catholic Church made it their goal to convert aboriginal people to the Roman Catholic faith
- Missionaries were some of the first to migrate to New France

Role Of The Church In New France

Oxford University Press

Role Of The Church In New France:

The Role of the Church in New France Cornelius J. Jaenen, 1985 **Mystic in the New World: Marie de l'Incarnation (1599-1672)** Anya Mali, 2021-11-01 As one of the first female missionaries to the New World and the author of a classic mystical autobiography Marie de l'Incarnation has long been seen as an exemplary type reflecting the mood and aims of the Catholic Reformation In contrast to studies which portray her against the backdrop of religious trends in Catholic Reformation France this book argues that the New France wilderness was the crucial context for the formation of her spiritual identity Marie de l'Incarnation brought her traditional notions to bear on her encounter with the Amerindians but was soon compelled to adjust her views on the natives and the nature of religious experience A close textual analysis of her writings makes it clear that her mysticism was informed by the images of her tradition but also gave new meaning to old concepts Beyond its relevance for those interested in this mystic the book addresses the broader issue of shifting attitudes and boundaries in early modern religious life and demonstrates the need for more variegated typologies of mystical experience in studies on spiritual literature **The Possession of Barbe Hallay** Mairi Cowan, 2022-10-15 When strange signs appeared in the sky over Qu bec during the autumn of 1660 people began to worry about evil forces in their midst They feared that witches and magicians had arrived in the colony and a teenaged servant named Barbe Hallay started to act as if she were possessed The community tried to make sense of what was happening and why Priests and nuns performed rituals to drive the demons away while the bishop and the governor argued about how to investigate their suspicions of witchcraft A local miller named Daniel Vuil accused of using his knowledge of the dark arts to torment Hallay was imprisoned and then executed Stories of the demonic infestation circulated through the small settlement on the St Lawrence River for several years In The Possession of Barbe Hallay Mairi Cowan revisits these stories to understand the everyday experiences and deep anxieties of people in New France Her findings offer insight into beliefs about demonology and witchcraft the limits of acceptable adolescent behaviour the dissonance between a Catholic colony in theory and the church s wavering influence in practice the contested authority accorded to women as healers and the insecurities of the colonial project As the people living through the events knew at the time and as this study reveals New France was in a precarious position The Possession of Barbe Hallay is both a fascinating account of a case of demonic possession and an accessible introduction to social and religious history in early modern North America **A Short History of Quebec** John A. Dickinson, Brian Young, 2002-10-30 In a new chapter on contemporary Quebec the book examines the 1995 referendum discusses the ideological shifts and societal changes in Quebec under the Bouchard government and considers Quebec s place in North America in the wake of NAFTA A Short History of Quebec offers a concise yet comprehensive overview of the province from the pre contact native period to the death of Pierre Trudeau in 2001 The authors provide an insightful perspective on the history of Quebec focusing on the social economic and political development of the region and its peoples Engagingly written this expanded and updated

third edition is an ideal starting place to learn about Quebec

The Canadian Frontier, 1534-1760 William John Eccles, 1983 This acclaimed general history of New France recounts the French era in Canada

The Congr gation de Notre-Dame, Superiors, and the Paradox of Power, 1693-1796 Colleen Gray, 2007-10-25 Nuns have often been portrayed as nascent feminists wielding an exceptional amount of power In this formative study of the Congr gation de Notre Dame a religious community of uncloistered women established in Montreal in 1657 Colleen Gray presents a more nuanced view of the foundations and exercise of power within the convent

Quebec and Its Historians Serge Gagnon, 1998-03-24 Priest ridden and church dominated OCo that is what most Canadians thought about Quebec social and intellectual life until recently For a century historical scholarship did not escape clerical influence nor that nationalism which emanated from a people conscious that their nation had been defeated and colonized by the British Bring on the Jesuits and their devotion to the Church French civilization and the conversion of the Amerindians That era has now passed as Universit r du Qu bec historian Serge Gagnon reveals in this searching study of Quebec historiography during the past quarter century In the persons of Louise Dech ne and Fernand Ouellet Quebec has produced two of the most innovative and imaginative practitioners of the new social history Not only are the questions asked of the past much more intriguing but these two historians have assiduously mined new primary sources in order to provide fresh approaches that clarify our understanding of QuebecOCO's evolution Gagnon is best at providing a penetrating evaluation and critique of the work of these two major historians His book is a series of particular studies rather than a comprehensive synthesis The author is relatively unconvincing in his attempt to draw associations between the OC Quiet RevolutionOCO of the 1960s and the historical craft His chapter on changing views of the Canadian sixteenth century fails to pull together the earlier historians that he discusses with more recent ones Sometimes he falls into the common vice of the historiographer by lapsing into bibliography GagnonOCO's fine analyses of the work of Dech ne and Ouellet make this a valuable study for anyone interested in the interpretation of history What the book so clearly shows is that what each generation considers as history is deeply rooted within intellectual traditions and contemporary concerns The translation is commendable but does anyone know what OC economismOCO is

A Short History of Quebec John Alexander Dickinson, 2008 Written by two of Quebec's most respected historians A Short History of Quebec offers a concise yet comprehensive overview of the province from the pre contact native period to the present day John A Dickinson and Brian Young bring a refreshing perspective to the history of Quebec focusing on the social and economic development of the region as well as the identity issues of its diverse peoples This revised fourth edition covers Quebec's recent political history and includes an updated bibliography and chronology and new illustrations A Canadian classic A Short History of Quebec now takes into account such issues as the 1995 referendum recent ideological shifts and societal changes considers Quebec's place in North America in the light of NAFTA and offers reflections on the Grard Bouchard Charles Taylor Commission on Accommodation and Cultural Differences in 2008

Engagingly written this expanded and updated fourth edition is an ideal place to learn about the dynamic history of Quebec

Canada J. M. S. Careless, 2012-01-26 An account of the emergence of the Canadian nation's efforts to build a community in the North American continent separate from the United States In the Days of Our Grandmothers Mary-Ellen Kelm, Lorna Townsend, 2006-01-01 From Ellen Gabriel to Tantoo Cardinal many of the faces of Aboriginal people in the media today are women In the Days of Our Grandmothers is a collection of essays detailing how Aboriginal women have found their voice in Canadian society over the past three centuries Collected in one volume for the first time these essays critically situate Aboriginal women in the fur trade missions labour and the economy the law sexuality and the politics of representation Leading scholars in their fields demonstrate important methodologies and interpretations that have advanced the fields of Aboriginal history women's history and Canadian history A scholarly introduction lays the groundwork for understanding how Aboriginal women's history has been researched and written and a comprehensive bibliography leads readers in new directions In the Days of our Grandmothers is essential reading for students and anyone interested in Aboriginal history in Canada **Revolution, Religion, and National Identity** Peter M. Doll, 2000-07 Starting from a discussion of the constitutional and theological basis of the establishment of the Church of England Peter Doll relates how in response to the events of this period a colonial Anglican church establishment changed from a merely theoretical ideal to a cornerstone of post Revolutionary colonial policy in British North America **BOOK JACKET** *Cultivating a Landscape of Peace* Matthew Dennis, 2018-10-18 This book examines the peculiar new worlds of the Five Nations of the Iroquois the Dutch and the French who shared cultural frontiers in seventeenth century America Viewing early America from the different perspectives of the diverse peoples who coexisted uneasily during the colonial encounter between Europeans and Indians he explains a long standing paradox the apparent belligerence of the Five Nations a people who saw themselves as promoters of universal peace In a radically new interpretation of the Iroquois Dennis argues that the Five Nations sought to incorporate their new European neighbors as kinspeople into their Longhouse the physical symbolic embodiment of Iroquois domesticity and peace He offers a close original reading of the fundamental political myth of the Five Nations the Deganawidah Epic and situates it historically and ideologically in Iroquois life Detailing the particular nature of Iroquois peace he describes the Five Nations diligent efforts to establish peace on their own terms and the frustrations and hostilities that stemmed from the fundamental contrast between Iroquois and European goals expectations and perceptions of human relationships French Atlantic World: Oxford Bibliographies Online Research Guide Oxford University Press, 2010-06-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to

make it clear how the cited sources are interrelated This ebook is just one of many articles from Oxford Bibliographies Online Atlantic History a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of Atlantic History the study of the transnational interconnections between Europe North America South America and Africa particularly in the early modern and colonial period Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

In Search of Empire James Pritchard,2004-01-22 Elusive Empire is the first full account of how during 1670 and 1730 French settlers came to the Americas It examines how they and thousands of African slaves together with Amerindians constructed settlements and produced and traded commodities for export Bringing together much new evidence the author explores how the newly constructed societies and new economies without precedent in France interacted with the growing international violence in the Atlantic world in order to present a fresh perspective of the multifarious French colonizing experience in the Americas

Chasing Empire across the Sea Kenneth J. Banks,2002-11-21 Banks defines and applies the concept of communications in a far broader context than previous historical studies of communication encompassing a range of human activity from sailing routes to mapping to presses to building roads and bridges He employs a comparative analysis of early modern French imperialism integrating three types of overseas possessions usually considered separately the settlement colony New France the tropical monoculture colony the French Windward Islands and the early Enlightenment planned colony Louisiana offering a work of synthesis that unites the historiographies and insights from three formerly separate historical literatures Banks challenges the very notion that a concrete empire emerged by the first half of the eighteenth century in fact French colonies remained largely isolated arenas of action and development Only with the contraction and concentration of overseas possessions after 1763 on the Plantation Complex did a more cohesive if fleeting French empire first emerge

A Concise History of the Catholic Church (Revised Edition) Thomas Bokenkotter,2007-12-18 Expanded and updated for the new millennium Covering the life of Christ the election of Pope Benedict XVI and everything in between A Concise History of the Catholic Church has been one of the bestselling religious histories of the past two decades and a mainstay for scholars students and others looking for a definitive accessible history of Catholicism With a clarity that will appeal to any reader Thomas Bokenkotter divides his study into five parts that correspond to the major historical and epochal developments in Catholicism His authoritative thorough approach takes readers from the Church s triumph over paganism through the sound and fury of renewal to a new section devoted to such topics as dissent and current developments in the ecumenical movement Informative illustrations throughout the book new to this edition enrich the reader s experience and the addition of a wide ranging bibliography increases its value as a sourcebook

The Oxford History of British and Irish Catholicism, Volume III James Edward Kelly,Liam Chambers,John David McCafferty,2023 The third volume of The Oxford History of British and Irish Catholicism examines the

period from the defeat of the Jacobite army at the battle of Culloden in 1746 to the enactment of Catholic emancipation in 1829 The first part of the volume offers a chronological overview tracing the decline of Jacobitism the easing of penal legislation which targeted Catholics the complex impact of the French Revolution the debates about the place of Catholics in the post Union state and following the mass mobilisation of Irish Catholics the passage of emancipation The second part of the volume shows that this political history can only be properly understood with reference to the broader transformations that occurred in the later eighteenth and early nineteenth centuries The period witnessed the expansion of Catholic infrastructure pastoral structures chapel building elementary education and finances and changes in Catholic practice for example in liturgy and devotion The growing infrastructure and more public profession of Catholicism occurred in a society where anti Catholicism remained a force but the volume also addresses the accommodations and interactions with non Catholics that attended daily life Crucially the transformations of this period were international as well as national The volume examines the British and Irish convents colleges friaries and monasteries on the continent especially during the events of the 1790s when many institutions closed and successor or new ones emerged at home The international dimensions of British and Irish Catholicism extended beyond Europe too as the British Empire expanded globally and attention is given to the involvement of British and Irish Catholics in imperial expansion This volume addresses the literary intellectual and cultural expressions of Catholicism in Britain and Ireland Catholics produced a rich literature in English Irish Scots Gaelic and Welsh although the volume shows the disparities in provision They also engaged with and participated in the Catholic Enlightenment particularly as they grappled with the challenges of accommodation to a Protestant constitution This also had consequences for the public expression of Catholicism and the volume concludes by exploring the shifting expression of belief through music and material culture

Social Policy and Practice in Canada Alvin Finkel, 2012-05-09 Social Policy and Practice in Canada A History traces the history of social policy in Canada from the period of First Nations control to the present day exploring the various ways in which residents of the area known today as Canada have organized themselves to deal with or to ignore the needs of the ill the poor the elderly and the young This book is the first synthesis on social policy in Canada to provide a critical perspective on the evolution of social policy in the country While earlier work has treated each new social program as a major advance and reacted with shock to neoliberalism's attack on social programs Alvin Finkel demonstrates that right wing and left wing forces have always battled to shape social policy in Canada He argues that the notion of a welfare state consensus in the period after 1945 is misleading and that the social programs developed before the neoliberal counteroffensive were far less radical than they are sometimes depicted Social Policy and Practice in Canada A History begins by exploring the non state mechanisms employed by First Nations to insure the well being of their members It then deals with the role of the Church in New France and of voluntary organizations in British North America in helping the unfortunate After examining why voluntary organizations gradually gave way to state controlled programs the book assesses

the evolution of social policy in Canada in a variety of areas including health care treatment of the elderly child care housing and poverty The Peripatetic Journey of Teacher Preparation in Canada Rosa Bruno-Jofré, Joseph Stafford, 2020-10-12 This book situates teacher training preparation and education in Canada within national and global histories The authors lead the reader through an exploration of the objectives of schooling the contextual role of teachers and the political undercurrents sustaining various educational conceptions and policies *History of Canadian Catholics* Terence J. Fay, 2002-05-09 In A History of Canadian Catholics Terence Fay relates the long story of the Catholic Church and its followers beginning with how the church and its adherents came to Canada how the church established itself and how Catholic spirituality played a part in shaping Canadian society He also describes how recent social forces have influenced the church Using an abundance of sources Fay discusses Gallicanism French spirituality Romanism Roman spirituality and Canadianism the indigenisation of Catholic spirituality in the Canadian lifestyle Fay begins with a detailed look at the struggle of French Catholics to settle a new land including their encounters with the Amerindians He analyses the conflict caused by the arrival of the Scottish and Irish Catholics which threatened Gallican church control Under Bishops Bourget and Lynch the church promoted a romantic vision of Catholic unity in Canada By the end of the century however German Ukrainian Polish and Hungarian immigrants had begun to challenge the French and Irish dominance of Catholic life and provide the foundation of a multicultural church With the creation of the Canadian Catholic Conference in the postwar period these disparate groups were finally drawn into a more unified Canadian church A History of Canadian Catholics is especially timely for students of religion and history and will also be of interest to the general reader who would like an understanding the development of Catholic roots in Canadian soil
