Rabbit Medicine Molly Varga Smith, 2013-08-19 The Textbook of Rabbit Medicine second edition is the completely revised and updated new edition of Frances Harcourt Brown's acclaimed text covering all aspects of rabbit medicine. While the authoritative and evidence-based approach that made the original book so successful has been retained in this new second edition, well-known rabbit expert Molly Varga adds a stronger clinical focus that makes the Textbook invaluable as a point of care resource as well as a respected reference. With many additional features introduced for this update, the Textbook of Rabbit Medicine second edition remains the definitive and comprehensive reference of choice for all veterinary practitioners seeking information on the pet rabbit. Comprehensive in depth and authoritative coverage of the health and diseases of the domestic rabbit. Detailed and explicit line artwork provides a clear understanding of physiological processes. A practical evidence-based resource for the effective treatment of pet rabbits. New to the second edition: A new expert author revises and reframes the original classic text for today's practitioners and students. Content is thoroughly updated to include the latest drugs, anaesthetics, and techniques. A new full-colour design is used to improve access and navigability. Many new colour illustrations and diagrams throughout help emphasize and clarify key content. The book's additional clinical emphasis makes this edition more practical than ever before.
