The Poetry of Emily Dickinson Victoria N. Morgan, 2023-08-24 Taking readers through the various stages of criticism of Emily Dickinson's poetry this guide identifies both the essential critical texts and the key debates within them The texts chosen for discussion represent the canonical readings which have typically shaped the area of Dickinson studies throughout the twentieth and twenty first century and provide a lens through which to view current critical trends Chapters focus on style and meaning gender and sexuality history and race religion and hymn culture and performance and popular culture In all this guide serves as a user friendly

reference tool to the vast body of criticism on Dickinson to date by suggesting formative starting points and underlining essential critical highlights It provides students and scholars of Dickinson with a sense of where these critical texts can be placed in relation to one another as well as an understanding of pivotal moments within the history of reception of Dickinson from late nineteenth century reviews up to some of the definitive critical interventions of the twenty first century The Irish Civil War and Society G. Foster,2015-02-18 The Irish Civil War and Society sheds new light on the social currents shaping the Irish Civil War from the politics of respectability behind animosities and discourses to the intersection of social conflicts with political violence to the social dimensions of the war s messy aftermath **American Literature and the Long Downturn** Dan Sinykin,2020-02-20 Apocalypse shapes the experience of millions of Americans Not because they face imminent cataclysm however true this is but because apocalypse is a story they tell themselves It offers a way out of an otherwise irredeemably unjust world Adherence to it obscures that it is a story rather than a description of reality And it is old Since its origins among Jewish writers in the first centuries BCE apocalypse has recurred as a tempting and available form through which to express a sense of hopelessness Why has it appeared with such force in the US now What does it mean This book argues that to find the meaning of our apocalyptic times we need to look at the economics of the last five decades from the end of the postwar boom After historian Robert Brenner this volume calls this period the long downturn Though it might seem abstract the economics of the long downturn worked its way into the most intimate experiences of everyday life including the fear that there would be no tomorrow and this fear takes the form of neoliberal apocalypse The varieties of neoliberal apocalypse horror at the nation s commitment to a racist exclusionary economic system resentment about threats to white supremacy apprehension that the nation has unleashed a violence that will consume it claustrophobia within the limited scripts of neoliberalism suffocation under the weight of debt together form the discordant chord that hums under American life in the twenty first century For many of us for different reasons it feels like the end is coming soon and this book explores how we came to this and what it has meant for literature *Monuments of Diverse Heritage in Early America* Barry L. Stiefel,2025-10-01 Monuments of Diverse Heritage in Early America Placemaking and Preservation by Black Indigenous and Jewish Peoples explores a more inclusive history of preserving public historic sites At a time when some Americans have embraced white nationalism in response to unfolding demographic changes and others celebrate individual identities over all else an inclusive tolerant and unifying historical vision is sorely needed While past preservation efforts sometimes resulted in exclusionary forms of historical inspiration that need not be the case in the future Bringing greater attention to the diverse heritage of the United States will not only help dismantle the lingering remnants of exclusionary and elitist narratives but also celebrate a pluralistic and diverse past and present An inclusive empowering history can provide social cohesion while allowing room for individual groups to have authority over their pasts and representation in public side by side with one another Jean-Charles Houzeau's Escape from Texas Christiaan

Sterken, Amy Abercrombie King, 2020-06-29 Translated from the original French and annotated with figures historical maps and commentary from the translators this work is Jean Charles Houzeau s account of his escape from Texas during the American Civil War Houzeau was a Belgian astronomer who worked a couple of years as assistant astronomer at the Brussels Observatory but eventually moved to the United States He was living as a frontiersman in Texas when the Civil War broke out and because he took an abolitionist stance and helped slaves escape he was forced to flee to Mexico from where he sailed to New Orleans on board of a US military vessel Originally titled *La terreur blanche au Texas et mon evasion* Houzeau captured the details of his escape in 1862 The editors an astronomer and a French language teacher have added supplementary material to give the readers more depth and historical context to the story **United States Demographics - Part A ,**

Program of the ... Annual Meeting Organization of American Historians. Meeting, 2007 **Warped Narratives** Melissa Kate Merry, 2020-01-06 The politics of gun policy in the United States are dramatic Against the backdrop of daily gun violence which claims more than 33 000 lives per year gun control groups push for stronger regulations while gun rights groups resist infringements upon their Second Amendment rights To illuminate the dynamics of this polarized debate *Warped Narratives* examines how and why interest groups frame the gun violence problem in particular ways exploring the implication of groups framing choices for policymaking and politics Melissa K Merry argues that the gun policy arena is warped and that both gun control and gun rights organizations contribute to the distortion of the issue by focusing on atypical characters and settings in their policy narratives Gun control groups emphasize white victims child victims and mass shootings in suburban locales while gun rights groups focus on self defense shootings highlighting threats to law abiding gun owners In reality most gun deaths are the result of suicide Homicides occur disproportionately in urban areas mainly affecting racial minorities While warping makes political sense in the short term it may lead to negative long term consequences including constraints on groups ability to build broad based coalitions and to reduce prospects for compromise To demonstrate warping Merry analyzes nearly 67 000 communications by 15 national gun policy groups between 2000 and 2017 collected from blogs emails Facebook posts and press releases This book is the first to systematically assess the role of race in gun policy groups framing and offers the most comprehensive examination to date of interest groups presentation of this issue
