Smoketown Mark Whitaker, 2018-01-30 A brilliant lively account of the Black Renaissance that burst forth in Pittsburgh from the 1920s through the 1950s Smoketown will appeal to anybody interested in black history and anybody who loves a good story terrific eminently readable fascinating The Washington Post Today black Pittsburgh is known as the setting for August Wilson's famed plays about noble but doomed working class citizens But this community once had an impact on American history that rivaled the far larger black worlds of Harlem and Chicago It published the most widely read black newspaper in the country urging black voters to switch from the Republican to the Democratic Party and then rallying black support for World War II It fielded two of the greatest baseball teams of the Negro Leagues and introduced Jackie Robinson to the Brooklyn Dodgers Pittsburgh was the childhood home of jazz pioneers Billy Strayhorn Billy Eckstine Earl Hines Mary Lou Williams and Erroll Garner Hall of Fame slugger Josh Gibson and August Wilson himself Some of the most glittering figures of the era were changed forever by the time they spent in the city from Joe Louis and Satchel Paige to Duke Ellington and Lena Horne Mark Whitaker's Smoketown is a rewarding trip to a forgotten special place and time Pittsburgh Post Gazette It depicts how ambitious Southern migrants were drawn to a steel making city on a strategic river junction how they were shaped by its schools and a spirit of commerce with roots in the Gilded Age and how their world was eventually destroyed by industrial decline and urban renewal Smoketown brilliantly offers us a chance to see this other Black Renaissance and spend time with the many luminaries who sparked it It's thanks to such a gifted storyteller as Whitaker that this forgotten chapter of American history can finally be told in all its vibrancy and glory The New York Times Book Review

Stardust Melodies Will Friedwald, 2009-07-01 In Stardust Melodies Will Friedwald takes each of these legendary songs apart and puts it together again with a staggering wealth of detail and unprecedented understanding Each chapter gives us an extended history of one song the circumstances under which it was written and first performed and then explores its musical and lyric content Drawing on his vast knowledge of records and the careers of performing artists Friedwald tells us who was responsible for making these songs famous and discusses in depth the performers who have left their unique marks on them He writes about variations in performance style about both classic and obscure versions of the songs about brilliantly original interpretations and ghastly travesties And then there's the completely unexpected like Stan Freberg's politically correct Elderly Man River This is a book for all lovers of American song to explore argue with and savor

Groovin' High Alyn Shipton, 2001-07-19 Dizzy Gillespie was one of the most important and best loved musicians in jazz history With his horn rimmed glasses goatee jive talk and upraised trumpet bell he was the hipster who most personified bebop The musical heir to Louis Armstrong he created the modern jazz trumpet playing style and dazzled aficionados and popular audiences alike for over 50 years In this first full biography Alyn Shipton covers all aspects

of Dizzy's remarkable life and career taking us through his days as a flashy trumpet player in the swing bands of the 1930s his innovative bebop work in the 1940s the worldwide fame and adoration he earned through his big band tours in the 1950s and the many recordings and performances which defined a career that extended into the early 1990s Along the way Shipton convincingly argues that Gillespie rather than Charlie Parker as is widely believed had the greatest role in creating bebop playing in key jazz groups teaching the music to others and helping to develop the first original bebop repertoire Shipton also explores the dark side of Dizzy's mostly sunny personal life his womanizing the illegitimate daughter he fathered and supported now a respected jazz singer in her own right and his sometimes needless cruelty to others For anyone interested in jazz and one of its most innovative and appealing figures Groovin High is essential reading [NEA Jazz Masters](#) ,2008 CD contains over 40 Jazz Moments originally aired on XM Satellite Radio which include interviews musical samples historical information and first person anecdotes **Music in the 20th Century (3 Vol Set)** Dave DiMartino,2016-04-15 This is an examination of the crucial formative period of Chinese attitudes toward nuclear weapons the immediate post Hiroshima Nagasaki period and the Korean War It also provides an account of US actions and attitudes during this period and China's response [Swing to Bop : An Oral History of the Transition in Jazz in the 1940s](#) Ira Gitler Jazz historian,1985-11-07 This book will serve as the basic work on the rise and development of bop in jazz Engendered by Charlie Parker and Dizzy Gillespie bebop now known as bop quickly became the most powerful musical force in modern jazz Today it is still the main musical language of jazz musicians Over a ten year period Ira Gitler interviewed more than 50 of the seminal figures in jazz history to preserve for posterity their recollections of how jazz moved from the big band era in the late 30s and 40s into the modern jazz period The musicians interviewed recreate not only their own experiences but also evoke the legendary figures of bop who were so influential in its development but were never recorded people like Clyde Hart and Freddie Webster [Swing to Bop](#) shows how the music first established itself in jam sessions in Harlem and then spread to New York's famed 52nd Street and beyond Separate chapters describe how young musicians in major cities such as Los Angeles Chicago and Detroit became swept up in the movement Along with the music and the personalities who made it the book vividly recreates the atmosphere of the country in the 30s and 40s traveling on the ballroom theater circuit racial attitudes and interaction extra musical pastimes the relationship to World War II and the influence of drugs Thus [Swing to Bop](#) reveals not only how the music evolved but the environment in which it flourished and what effect in turn the music had on that environment and the music to follow About the Author Ira Gitler is the author of [Jazz Masters of the 40s](#) and [The Encyclopedia of Jazz in the Seventies](#) He was previously Professor of Jazz History at City College of New York and Associate Editor of [Downbeat](#) **The Soundies** Mark Cantor,2023-04-19 The 1940s saw a brief audacious experiment in mass entertainment a jukebox with a screen Patrons could insert a dime then listen to and watch such popular entertainers as Nat King Cole Gene Krupa Cab Calloway or Les Paul A number of companies offered these tuneful delights but the most successful was the Mills Novelty
