Jeyaraj,2022-01-31 1 2 Kings provide a history of the kings of Judah and Israel They detail the engagements between priests and prophets prophets and kings and royal court and military commanders on issues such as justice power and seeking divine and human guidance in times of war and peace The narratives in these books tell of God s activities in the history of the Israelites fulfilling his promises and prophecies At the same time they draw our attention to the need to obey God s laws and commandments This commentary challenges us to understand the need for healthy interactions and dialogues between religion and politics as well as offering key insights on leadership governance worship and helping those in need The Asia Bible Commentary Series empowers Christian believers in Asia to read the Bible from within their respective contexts Holistic in its approach to the text each exposition of the biblical books combines exegesis and application The ultimate goal is to strengthen the Body of Christ in Asia by providing pastoral and contextual exposition of every book of the Bible

Migration and Christian Faith M. Daniel Carroll R.,Vincent E. Bacote,2021-12-29 Human history is the history of migration Never before however have the numbers of people on the move been so large nor the movement as global as it is today How should Christians respond biblically theologically and missiologically to the myriad of daunting challenges triggered by this new worldwide reality This volume brings together significant scholars from a variety of fields to offer fresh insights into how to engage migration What makes this book especially unique is that the authors come from across Christian traditions and from different backgrounds and experiences each of whom makes an important contribution to current debates How has the Christian church responded to migration in the past How might the Bible orient our thinking What new insights about God and faith surface with migration and what new demands are placed now upon God s people in a world in so much need Global Migration and Christian Faith points in the right direction to grapple with those questions and move forward in constructive ways

Theoderic and the Roman Imperial Restoration Jonathan J. Arnold,2014-02-24 This book provides a new interpretation of the fall of the Roman Empire and the barbarian kingdom known conventionally as Ostrogothic Italy Relying primarily on Italian textual and material evidence and in particular the works of Cassiodorus and Ennodius Jonathan J Arnold argues that contemporary Italo Romans viewed the Ostrogothic kingdom as the Western Roman Empire and its barbarian king Theoderic r 489 93 526 as its emperor Investigating conceptions of Romanness Arnold explains how the Roman past both immediate and distant allowed Theoderic and his Goths to find acceptance in Italy as Romans with roles essential to the Empire s perceived recovery Theoderic and the Roman Imperial Restoration demonstrates

how Theoderic's careful attention to imperial traditions, good governance, and reconquest followed by the re-Romanization of lost imperial territories contributed to contemporary sentiments of imperial resurgence and a golden age. There was no need for Justinian to restore the Western Empire; Theoderic had already done so. *View of the State of Europe During the Middle Ages* Henry Hallam, 1824
