Sign of the Cross Daniel Rancour-Laferriere, 2017-09-08 This book presents a unique effort to create a new understanding of the Christian sign of the cross At its core it traces the conscious and unconscious influence of this visual symbol through time What began as the crucifixion of a Jewish troublemaker in Roman occupied Judea in the first century eventually gave rise to a broad spectrum of readings of the instrument used to accomplish such a punishment a cross The author argues that Jesus was a provocative grandiose masochist whose suffering and death initially signified redemption for believers This idea gradually morphed into a Christian sense of freedom to persecute and wage war against non believers however as can be seen in the Crusades wars of the cross Many believers even construed the murder of their savior as a crime perpetrated by the Jews and this paranoid notion culminated in the mass murder of European Jews under the sign of the Nazi hooked cross Hakenkreuz Rancour Laferriere s book is expertly written and argued it will be readable to a large audience because it touches on many areas of controversy interest and scholarship The work is critical but not unfair it employs psychoanalysis art history the study of the symbol of the cross in works of art religion and religious texts and world history generally The interweaving of these various themes is what gives this work its ability to draw in readers and will ultimately be what keeps the reader interested through the conclusion

The Sign of the Cross Andreas Andreopoulos, 2011-01-01 This book is a little masterpiece it informs and it explores it recounts history and it provokes a religious quest It is a personal book yet it explores the great questions of theology it is full of learning but not ponderous it is written from the perspective of faith but is not off putting to the inquirer Thomas O Loughlin Professor of Historical Theology University of Wales Lampeter Andreopoulos explains the gesture and meaning and history of why Christianity has needed symbols and signs through the ages Throughout his writing is as inspiring as a restorative benediction ALA Booklist The book succeeds at translating the significance of the sign of the Cross into something personal and immediate Publishers Weekly The Christian of today grows quickly from the innocent child into adulthood and demands understanding of any simple behavior Why to sign with the cross Where did this practice begin When and how Andreas Andreopoulos with his book helps to answer these questions He immerses us into the illuminating obscurity of the Holy Tradition Protopresbyter Kyrillos Leret Aldir Orthodox Christian Comment

People of the Book David Lyle Jeffrey, 1996 The author examines the cultural and literary identity among Western Christians which the centrality of the Book has helped to create and the Christian use of the phrase People of the book Preface

A Philosophical Anthropology of the Cross Brian Gregor, 2013-03-18 What does the cross both as a historical event and a symbol of religious discourse tell us about human beings In this provocative book Brian Gregor draws together a hermeneutics of the self through Heidegger Gadamer Ricoeur and Taylor and a theology of the cross through Luther Kierkegaard Bonhoeffer and Jungel to envision a phenomenology of the cruciform self The result is a bold and original view of what philosophical anthropology could look like if it took the scandal of the cross seriously instead of reducing it into general philosophical concepts

The Defeat of Satan Declan Kelly, 2022-01-27 This book offers an innovative critical and

constructive exploration of Barth's theology one which demonstrates the radicality of his thought and which underscores the continued contribution he might make to theological reflection on a central element of the Christian tradition Declan Kelly uncovers the promise of viewing Barth's account of salvation as a three agent drama a drama involving God humanity and anti God powers Kelly demonstrates and examines Barth's cosmological portrayal of God's saving event as a defeat of the lordship of Satan in the cosmos and bound up with this as an ending of God's left handed activity and as the bringing into existence of a new creation under the rule of God's right hand Barth's doctrines of election the atonement and the resurrection receive a fresh reading as the book explores his apocalyptic grasp of God's eschatological deed of salvation and as it puts forward the claim with and against Barth that the climax of this deed of salvation is best located in the event of God's raising of Christ from the dead

The Cathedral Age ,1925 **A Complete Body of Divinity** Stackhouse,1729 A Compleat Body of Speculative and Practical Divinity ... The Fourth Edition, Etc Thomas STACKHOUSE (Vicar of Beenham.),1760 Fire of Mercy, Heart of the Word, Vol 1 Erasmo Leiva-Merikakis,1996-01-01 To the unstudied eye Matthew's gospel can seem a terse narrative almost a historical document and not the tremendously spiritual and doctrinal storehouse that it is Erasmo Leiva here acts as our guide showing Matthew's prose to be not terse so much as economical astoundingly so given its depth The lay reader can derive great profit from reading this Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent Leiva's work is scholarly but eminently approachable by the non technical reader The tone is very much gustate et videte quoniam suavis est Dominus taste and see how good the Lord is as it is friend come up higher The goal of the book is to help the reader experience the heat of the divine heart the light of the divine Word Leiva points to Matthew's gospel as being deeply ecclesial because it is first Christological He comments on the Greek text demonstrating to the reader nuances in the text that defy translation into English without serious revision of the text Leiva uses linguistic analysis to aid the non Greek reader with the literal meaning of the text numerous quotes from the Fathers and the liturgy of the church demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus

With the Beatification of Monse or Oscar Romero our current Pope Francis has asked theologians to consider how we might allow for an expanded definition for martyrdom in the 21st century *Remembering Oscar Romero and the Martyrs of El Salvador* responds to that challenge How do we name Oscar Romero Rutilio Grande the U S churchwomen and the Jesuits and two laywomen killed at the UCA as martyrs Is it a new category with a new definition Or is it simply an amplification of what we have long considered Christian witness While there is a long history of martyrdom in Latin America this book elaborates on four case studies for martyrdom focusing on the reality in El Salvador Rutilio Grande S J killed in 1977 Archbishop Oscar Romero killed in 1980 the U S churchwomen killed in 1980 and the six members of the UCA Jesuit community and their two female collaborators killed in 1989 Insights from the work of Jon Sobrino illuminate these case studies First his Christological insights from Jesus the Liberator and Christ the Liberator are used to analyze the reality of martyrdom particularly in reference to the terms martyr crucified people and martyred people Second his more recent articles challenge a strict interpretation of the traditional definition of martyrdom especially focusing on his terms Jesuanic martyr a martyr for justice and even a more polemic suggestion of an anonymous Christian martyr Finally the book concludes by combining Sobrino s insights and the reality of martyrdom today updated with the recent scholarship in Romero s beatification process which attempts to show Romero as a martyr In the end the book hopes to offer some suggestions for an expanded definition of martyrdom in the 21st century By responding to the call of Pope Francis for an expanded definition the reality of martyrdom in Latin America might be better understood and applied to the universal church Domestic Divinity; or, a copious collection of Sermons, selected from the ... divines of the present century [F.
