Marcos Legacy Revisited Erick San Juan Dr,2016-07-05 Issues surrounding the much talked about Marcos Gold for several decades now Author s Notes A compromise among the concerned parties will successfully fast track the much awaited distribution of the Marcos earthly possessions It is high time for the government to consider setting up a Gold Commission and appropriately declassifying the members of the late President s FM Umbrella Foundation Then and only then can we ascertain if there indeed is an iota of truth to this fabulous fortune or if it is simply just another grand sting operation of such great magnitude So many stones have circulated about the so called fabled Marcos gold hoard A good number of con artists carpetbaggers and operators have all provided conflicting data and information about those treasures either to make a fast buck or to aggravate the mounting confusion so that in the end no one would eventually believe that this hoard did exist after all Our leaders should carefully consider how to deal with the other country claimants and the banking Mafia big bankers who keep these fabled war loots We do not have to fight them we just need to get what s due us and what s rightfully ours This will be the great big challenge to the administration President Ramos has started it and has led us to our exit from the International Monetary Fund in March 1998 If President Estrada does it right coupled with his undoubtedly close relationship with the Marcoses his administration is bound to achieve more Let us start getting our act together And may the good God usher our new leaders toward this end Marcos Legacy Revisited Erick San Juan,1998 **Japanese and U.S. World War II Plunder and Intrigue** Rodney Stich,2010 **Conspiracies and Controversies** Erick San Juan,2002 **Asian Leaders** Herbert E.
