Rossetti, 2017      **Maude** Christina Georgina Rossetti, 2017      *Maude: Prose and Verse by Christina Rossetti; 1850* Christina Georgina Rossetti,      **Maude** Christina Georgina Rossetti, 2008-06 Showalter's thoughtful detailed introductory essay is a comprehensive analysis between Rossetti's novella and Craik's essays the biographical portrait of Christina Rossetti's conflicts makes her a vivid example of the psychological and social barriers to the development of the female poets her description of Dinah Mulock Craik stressed this woman's common sense approach to ameliorating the position of the working class woman in society useful to students of feminist theory and of Victorian literature Academic Library Book Review Cristina Rossetti was nineteen years old when she wrote *Maude Prose and Verse* in 1850 Clearly autobiographical the novel examines the heroine's endeavor to resist the notion that modesty virtue and domesticity constitute the sole duties of womanhood For the precocious young poet the work was only one of several projects of her teens Growing up in London as the youngest child in a gifted and unusual family of artists and writers Rossetti had early developed a poetic vocation But by the time she wrote *Maude* the lively passionate and adventurous little girl who had hated needlework delighted in fiercely competitive games of chess and explored the country with her brothers became a painfully constrained sickly and over scrupulous teenager *Maude* makes clear that at least some of Rossetti's affliction came from anxieties about poetic achievement her wishes both to be admired for her genius and to renounce it as unfeminine Often overshadowed by her brother Dante Gabriel Rossetti Christina struggled to express her own independent authorial voice and to resist a life bound by the constraints and demands of the traditional female role Other late Victorian attitudes towards Anglican women's communities are brought out in *On Sisterhoods* by Dinah Mulock Craik which appeared in Longman's magazine in 1883 Craik herself worked on the literary border between feminine gentility and feminist rebellion In 1850 when Christina Rossetti was writing *Maude* within the confines of her family Dinah Mulock was supporting herself and her two

younger brothers by her pen On Sisterhoods confronts head on the woman question Asserting that women s role is to find beauty in their lives through altruism and good works to be more or less good women Craik provides a radical solution to the woman question by advocating the encouragement of Anglican sisterhoods effectively women s co operatives For her the strongest argument for such a sisterhood is the alternative life it offers to single women with no outlets for their maternal emotions The third text presented here Craik s *A Woman s Thoughts About Women* was a widely circulated manual of advice on female self sufficiency for unmarried women based on her own experience in a family left destitute by an eccentric father when she was nineteen It addressed a pressing contemporary problem the large number of urban single women who were well educated and qualified but for whom traditional employment offered no place Craik understood that independence would come hard to middle class women yet she was optimistic about the ways women might re educate themselves abandoning false pride and learning to manage small businesses or conduct trades Throughout her career Craik masked her private feminist views with disdain for women s rights and criticism of women s public activism Unmarried and self supporting until the age of forty she wrote about the problems of single and working women in over fifty popular novels children s stories and collections of essays

**Annual List of New and Important Books Added to the Public Library of the City of Boston** Boston Public Library, 1899 *The Achievement of Christina Rossetti* David A. Kent, 2019-05-15 Bringing to bear a variety of perspectives on the poetry prose and letters of a writer whose work is just now beginning to emerge from critical neglect this collection edited by David A Kent should play an important role in the re evaluation of Christina Rossetti It consists of fifteen essays by gifted Victorian scholars who represent a wide range of methodologies and critical concerns and it offers alternatives to the autobiographical approach that has limited appreciation of Rossetti the writer *Land of Sunshine*, 1897 Includes reports etc of the Southwest Society of the Archaeological Institutes of America *University Record* University of Chicago, 1898 *Maude's visit to Sandy beach* Mrs. Waller, 1865

*Christina Rossetti* Diane D'amico, 1999-12 Since Arthur Symonds s declaration in 1895 in the *Saturday Review* that Christina Rossetti was among the great poets of the nineteenth century Rossetti s image among critics has undergone permutations as divergent as Victorian culture is from postmodern Now Diane D Amico redeems Rossetti from the various one dimensional castings assigned her across the generations those of a saint writing poetry for God of a sexually repressed neurotic woman of minor talent and most recently of a subversive feminist questioning the patriarchy and renders a fuller

more intricate understanding of the poet than any to date With flawless logic balance and clarity D Amico seals her case that Rossetti's faith her gender and the times in which she lived should all be considered to appreciate her poetic voice According to D Amico the image of Rossetti that can best serve as a guide to her more than one thousand poems reflects the centrality of her faith not as evidence of sexual repression nor necessarily as absolute truth but as absolute truth for Rossetti It will then become apparent how Rossetti's commitment to her Christian faith her experience as a Victorian woman and her poetic vocation are inextricably interwoven

McClurg & Co, 1903      *Christina Rossetti and the Bible* Elizabeth Ludlow, 2014-10-23 Through theologically engaged close readings of her poetry and devotional prose this book explores how Christina Rossetti draws on the Bible and encourages her Victorian readers to respond to its radical message of grace Structured chronologically each chapter investigates her participation in the formation of Tractarian theology and details how her interpretative strategies changed over the course of her lifetime Revealing how her encounter with the biblical text is informed by devotional classics Christina Rossetti and the Bible highlights the influence of Thomas a Kempis John Bunyan George Herbert and John Donne and describes how Rossetti adapted the teaching of the Ancient and Patristic Fathers and medieval mystics It also considers the interfaces that are established between her devotional poems and the anthology and periodical pieces alongside which they were published throughout the second half of the nineteenth century
