Your Natural Medicine Pharmacy by Prof. Dr. Mohammad Mojibul Haque, Dear readers as I have told you in my previous book my passion for health and wellness was born from my own struggle to regain it. In 2009 I was diagnosed with rheumatoid arthritis a turning point that transformed my approach to health and healing. Conventional treatments including biologic drugs and steroids provided temporary relief but came with long term complications. In search of alternatives I dove into integrative holistic medicine a journey that transformed my life. By addressing the root causes of my disease through natural remedies, nutritional adjustments and lifestyle changes I regained my health and discovered the profound healing power of nature. This revelation ignited my passion for deeper learning leading me to pursue advanced studies in Nutrition in Health and Wellness at Harvard University and to continue my training at Harvard Medical School. These experiences reinforced my belief that true wellness lies in understanding and harnessing the gifts of nature. This book is a continuation of that journey. Here I have carefully curated a selection of ancient remedies, simple yet powerful solutions that can be prepared in the comfort of your own home. My goal is to provide you with practical knowledge helping you reconnect with the wisdom of natural healing. By embracing these ancient traditions you will gain the tools necessary to foster your well being and enhance your understanding of how nature can work in harmony with your body. May this book serve as a guide and inspire you to explore, learn and incorporate these remedies into your daily life to achieve lasting health and vitality.
